About Spire Claremont Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained professionals aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Claremont Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- 35 beds on wards of which 20 are in private bedrooms
- 11 consulting rooms
- JAG accredited Endoscopy Suite
- Free on-site car parking with electric vehicle chargers
- Imaging department, including an MRI Unit approved by Bupa, together with CT scans, ultrasounds and X-rays
- One Minor Operations Suite with eight recovery bays
- Three operating theatres
- Pharmacy
- Physiotherapy department

Emergency admissions

Call **0114 263 0330** ext **7552401** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Claremont we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained professionals aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0114 263 2114.**

1. Use Spire Connect to upload the referral letter. Call **0114 263 2114** if you have any queries.
2. Our team will contact your patient to discuss consultants, dates, times and pricing.
3. We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0114 263 2114** to arrange a convenient appointment.

1. Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
2. Our team will contact your patient to discuss consultants, times and dates.
3. Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
4. We'll update you on your patients' progress.

NHS referrals

Spire Claremont Hospital provides a range of elective surgical services on behalf of the NHS, including gynaecology, ophthalmology, orthopaedics and urology. You may refer patients to Spire Claremont Hospital under the NHS choice regulations. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system.

Referral letters

Referral letters can be:

- Submitted online at https://spireconnect.spirehealthcare.com/
- Emailed with encryption to claremontprivatepatients@spirehealthcare.com

Self-pay team

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **0114 263 2114**
Email: **claremontprivatepatients@spirehealthcare.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Orthopaedic surgery
- Gynaecology
- Urology
- Spinal surgery
- ENT
- Pain management
- General surgery
- Cosmetic surgery
- Varicose vein treatment

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals for self-funding and PMI patients. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit https://spireconnect.spirehealthcare.com or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Nikki Keeley on
Mobile: **07562 694 031**
or at spireprimarycare-eastmidshub@spirehealthcare.com

Primary care professional education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally delivered online or live at the hospital to provide flexibility to you.

How to find out about our events

Call our Primary Healthcare Relationship Manager Nikki Keeley on
Mobile: **07562 694 031**
Email: **spireprimarycare-eastmidshub@spirehealthcare.com**

Book your ticket here:

Primary care professional support

Spire Claremont's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Managers

Our Primary Healthcare Relationship Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Claremont Hospital.

The team can be contacted on:
Mobile: **07562 694 031**
Email: spireprimarycare-eastmidshub@spirehealthcare.com

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **0114 263 2114**
Email: claremontprivatepatients@spirehealthcare.com

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Physiotherapy

Our specialist physiotherapists assess and diagnose a range of conditions, providing suitable treatments and getting you back to the things that matter.

A referral is not required to see our physiotherapists, and our physiotherapists are also able to refer patients to a consultant, or to our diagnostic department including X-ray, CT or MRI scanning.

Physiotherapy services include:

- Acupuncture
- Extracorporeal shock wave therapy
- Hand therapy
- Joint manipulation treatment
- Musculoskeletal physiotherapy
- Post-surgery rehabilitation

Appointments: **0114 263 2110**

Endoscopy

Our Endoscopy Unit has JAG (Joint Advisory Group) Accreditation Status. This prestigious accreditation is only awarded to endoscopy units who provide a high quality service for patients and provide clear evidence that they have met all of the JAG standards. This is a consultant led service, you will need to see a consultant first in order to establish if an endoscopy is required.

Endoscopy services include:

- Colonoscopy
- Cystoscopy
- Flexible sigmoidoscopy
- Gastroscopy

Appointments: **0114 263 2114**

Imaging

We offer a comprehensive diagnostic imaging service. Our fully-equipped on-site imaging department is always on hand to ensure we can scan any area of the body as required. We offer state-of-the-art MRI scanning in our BUPA approved MRI unit along with CT, ultrasound and X-ray.

Appointments usually within 48 hours of a referral. Reports usually within 48 hours.

CT imaging services include:

- General and musculoskeletal
- Interventional (injections)
- Neurological imaging
- Vascular
- MRI imaging services include:

All MRI including biliary and small bowel

- Cardiac MRI
- General surgical imaging
- Gynaecology
- mpMRI (Multiparametric Prostate Imaging)
- MSK imaging
- Neurological imaging
- Urology

Ultrasound imaging services include:

- Echocardiograms
- General and musculoskeletal
- Interventional including injections/aspirations and biopsies

Appointments: **0114 263 2110 or** claremontimagingbookings@spirehealthcare.com

Spire
Claremont Hospital

Are your patients with medical insurance using it?

Nearly 1 in 8 of the British population has a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

Looking after you.

Directory listings

B

Breast care

Miss Iman Azmy
Aesthetic and reconstructive breast surgery, cosmetic breast surgery (augmentation, reduction, mastopexy, correction of breast asymmetry, correction of nipple inversion) family history and breast risk assessment.

C

Cardiology

Dr Paul Sheridan
General cardiology, cardiac Rhythm Management (including investigation of palpitations, atrial fibrillation, cardioversion, cardiac resynchronization, pacemaker implantation, implantable defibrillators), coronary heart disease (investigation of chest pain) and heart failure.

Clinical neurophysiology

Dr Dasaprasah Rao
Nerve conduction and EMG studies.

Colorectal surgery

Mr Shwan Amin
General and colorectal surgery, laparoscopic surgery, colonoscopy, surgery for haemorrhoids (HALO, open and laparoscopic), hernia repair, benign skin lesions, sigmoidoscopy, upper GI endoscopy, inflammatory bowel disease, change in bowel habit, management of colorectal cancer, anal fistulas and fissures.

Prof Steven Brown
General surgery (hernia treatment) endoscopy (colonoscopy) and colorectal surgery (haemorrhoids, fissures and pilonidal sinus treatments, laparoscopic surgery and treatment of constipation and faecal incontinence).

Mr Jeff Garner
Colorectal surgery (haemorrhoids, fissure, fistula, pilonidal disease, stoma), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), laparoscopic general surgery (colorectal, gallbladder, hernia)'open hernia surgery (inguinal, femoral and incisional).

Mr Arun Loganathan
Anorectal conditions (haemorrhoids, abscess, fissures, fistula), colorectal surgery (laparoscopic surgery for colorectal cancer, inflammatory bowel disease, diverticular disease), faecal incontinence, endoscopy (sigmoidoscopy, colonoscopy), general and laparoscopic surgery (hernias, lumps, skin lesions).

Mr Harjeet Narula
General surgery (laparoscopic and open, hernia repairs, Cholecystectomy), colorectal surgery (haemorrhoids, fistula, IBD, cancer etc) (laparoscopic and open), upper and lower GI endoscopy.

Cosmetic surgery

Miss Iman Azmy
Assessment and diagnosis of breast problems, family history and breast risk assessment, reconstructive and aesthetic breast surgery, cosmetic breast surgery (augmentation, reduction, mastopexy, correction of breast asymmetry, correction of nipple inversion).

Mr David Dujon
Breast reduction, augmentation asymmetry correction lipo filling, facelift, neck lift, MACS lift, upper and lower blepharoplasty, transconjunctival lower lid blepharoplasty, rhinoplasty, septorhinoplasty, body contouring abdominoplasty mini-abdominoplasty, fleur-de-lys abdominoplasty, liposuction, brachioplasty, laser resurfacing laser mole ablation. revision plastic surgery.

Mr David Lam
Abdominoplasty, blepharoplasty both upper and lower, body contouring post weight loss, cosmetic and revision breast surgery, facelift, skin lesion and skin cancer removal.otoplasty(prominent ear correction), thigh reduction, skin cancer excision and scar revision.

Mr Andrew Morritt
Arm reduction/lift, body contouring surgery: tummy tuck (mini, standard and fleur-de-lys), cosmetic breast surgery (breast asymmetry correction, breast enlargement, breast implant removal, breast reduction, breast uplift, nipple inversion correction, revision breast surgery), liposuction, surgical excision (mole, lump, cyst, and skin tag removal), thigh lift, upper eyelid surgery (blepharoplasty).

Mr David Ralston
Aesthetic breast surgery (augmentation, reduction, uplift and revision), body contouring (mini, standard and Fleur de Lys abdominoplasty), arm reduction and liposuction, surgical management of skin lesions (benign and malignant), scar revision.

Mr Sachin Salvi
Cataract surgery (extended depth of focus, multifocal and toric lenses), cosmetic eyelid surgery (upper and lower blepharoplasty), oculoplastic surgery (ptosis, entropion/ectropion repair, eyelid infections, periocular lumps and bumps, eyelid cancers, dry eyes, blepharitis), lacrimal surgery for watery eyes.

D

Dermatology

Dr Graham Colver
All aspects of medical and surgical dermatology, diagnosis and management of inflammatory skin disease, management of skin cancer including surgical approaches, cryosurgery and topical therapy.

Dr Sophie Gaikwad
General dermatology, skin, skin lesions, skin surgery, Botox for hyperhidrosis, cryotherapy, intralesional steroid injection, hair loss, eczema, psoriasis, acne, rosacea, contact allergy, skin cancer, patch testing, pigmentation problems, mole checks.

Dr Anna Muncaster
General dermatology, skin lesions, mole checks, skin cancers, skin surgery for benign lesions and skin cancers, Botox injections for axillary hyperhidrosis.

E

Endocrinology

Prof Saba Balasubramanian
Adrenal disease, endocrine surgery (parathyroid and thyroid surgery), neck lumps.

Dr Chinnadorai Rajeswaran
Diabetes (Type1 diabetes, Type2 diabetes, prediabetes), endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity (weight management, weight management medications, weight regain) osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems.

Endoscopy

Mr Shwan Amin
General and colorectal surgery, laparoscopic surgery, colonoscopy, surgery for haemorrhoids (HALO, open and laparoscopic), hernia repair, benign skin lesions, sigmoidoscopy, upper GI endoscopy, inflammatory bowel disease, change in bowel habit, management of colorectal cancer, anal fistulas and fissures.

Dr Yasser El-Sherif
General gastroenterology (bowel disorder test), endoscopy(colonoscopy, flexible sigmoidoscopy and gastroscopy) and liver disease.

Mr Jeff Garner
Change of bowel habit, colorectal surgery (haemorrhoids, fissure, fistula, pilonidal disease, stoma), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), laparoscopic general surgery (colorectal, gallbladder, hernia), rectal bleeding. Open hernia surgery (inguinal, femoral and incisional).

Mr Clive Kelty
General surgery (appendicectomy, hernia repair, skin lesion removal, gastroscopy), laparoscopic surgery (anti-reflux surgery, cholecystectomy, fundoplication, hernia repair) upper GI surgery (acid reflux, Barrett's oesophagus, hiatus hernia, gallstones, oesophageal cancer, paraoesophageal hernia, stomach cancer).

Mr Arun Loganathan
Anorectal conditions (haemorrhoids, abscess, fissures, fistula), endoscopy (gastroscopy, colonoscopy), laparoscopic colorectal surgery (colorectal cancer, inflammatory bowel disease, diverticular disease), faecal incontinence, hernia surgery (laparoscopic and open), lumps and bumps.

Mr Ali Majeed
Benign liver surgery, gallbladder and gallstone surgery, hernia surgery, surgery for Gilmore's Groin, upper GI endoscopy.

Mr Harjeet Narula
General surgery (laparoscopic and open, hernia repairs, Cholecystectomy), colorectal surgery (haemorrhoids, fistula, IBD, cancer etc) (laparoscopic and open), upper and lower GI endoscopy.

Mr Krish Ravi
General surgery, hernia surgery, laparoscopic surgery (gall bladder), upper gastrointestinal endoscopy (diagnostic and therapeutic).

Prof Reena Sidhu
Gastroscopy, colonoscopy, flexible sigmoidoscopy.

Mr Anand Tamhankar
General surgery (hernia, lumps and bumps surgery), upper GI surgery (gallstones, laparoscopic cholecystectomy, gastro-oesophageal reflux disease, gastroscopy, Barrett's oesophagus, anti-reflux surgery / laparoscopic fundoplication, oesophageal and gastric cancer surgery and hiatal hernia surgery).

Mr Andrew Parker
Deafness, dizziness and balance problems, ear disease, general ENT, nasal and sinus diseases, sore throat and swallowing problems, tinnitus, voice problems.

Mr M S Thevasagayam
Grommets, FESS and other sinus surgery, septal correction, tonsillectomy and myringoplasty.

G

Gastroenterology

Dr Amer Aljoudeh
Managing liver diseases (fatty liver, abnormal liver tests, liver tumors, viral hepatitis, bile duct stones), gastrointestinal diseases (reflux, diarrhea, abdominal pain and bloating), endoscopy (gastroscopy and colonoscopy).

Dr Yasser El-Sherif
General gastroenterology (bowel disorder test), endoscopy(colonoscopy, flexible sigmoidoscopy and gastroscopy) and liver disease.

Prof Reena Sidhu
General gastroenterology, inflammatory bowel disease, irritable bowel syndrome, bloating and SIBO, Coeliac disease, gastro-oesophageal reflux disease, anaemia and obscure bleeding, small bowel enteroscopy and capsule endoscopy, endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy).

General medicine

Dr Amer Al-Joudeh
Managing liver diseases (fatty liver, abnormal liver tests, liver tumors, viral hepatitis, bile duct stones), gastrointestinal diseases (reflux, diarrhea, abdominal pain and bloating), endoscopy (gastroscopy and colonoscopy).

Dr Pravin Jha
Complex Geriatric Care, memory and dementia assessment, parkinson's disease management, stroke and TIA, osteoporosis, dizziness and vertigo, falls and poor mobility.

Dr Alex Worthington
Comprehensive general medical practice and ongoing care for men and women for both physical and mental health. Full investigation including comprehensive blood testing and scanning. Subsequent management or onward referral. General health screening.

General surgery

Mr Roger Ackroyd
Laparoscopic gastrointestinal surgery (anti-reflux surgery, gallbladder surgery, hernia surgery).

Mr Shwan Amin
General and colorectal surgery, laparoscopic surgery, colonoscopy, surgery for haemorrhoids (HALO, open and laparoscopic), hernia repair, benign skin lesions, sigmoidoscopy, upper GI endoscopy, inflammatory bowel disease, change in bowel habit, management of colorectal cancer, anal fistulas and fissures.

Prof Saba Balasubramanian
Adrenal disease, endocrine surgery (parathyroid and thyroid surgery), neck lumps.

Prof Steven Brown
General surgery (hernia treatment) endoscopy (colonoscopy) and colorectal surgery (haemorrhoids, fissures and pilonidal sinus treatments, laparoscopic surgery and treatment of constipation and faecal incontinence).

Mr Jeff Garner

Change of bowel habit, colorectal surgery (haemorrhoids, fissure, fistula, pilonidal disease, stoma), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), laparoscopic general surgery (colorectal, gallbladder, hernia), rectal bleeding. Open hernia surgery (inguinal, femoral and incisional).

Mr Clive Kelty

General surgery (appendicectomy, hernia repair, skin lesion removal, gastroscopy), laparoscopic surgery (anti-reflux surgery, cholecystectomy, fundoplication, hernia repair) upper GI surgery (acid reflux, Barrett's oesophagus, hiatus hernia, gallstones, oesophageal cancer, paraoesophageal hernia, stomach cancer).

Mr Arun Loganathan

Anorectal conditions (haemorrhoids, abscess, fissures, fistula), endoscopy (gastroscopy, colonoscopy), laparoscopic colorectal surgery (colorectal cancer, inflammatory bowel disease, diverticular disease), faecal incontinence, hernia surgery (laparoscopic and open), lumps and bumps.

Mr Ali Majeed

Benign liver surgery, gallbladder and gallstone surgery, hernia surgery, surgery for Gilmore's Groin, upper GI endoscopy.

Mr Harjeet Narula

General surgery (laparoscopic and open, hernia repairs, Cholecystectomy), colorectal surgery (haemorrhoids, fistula, IBD, cancer etc) (laparoscopic and open), upper and lower GI endoscopy.

Mr Anand Tamhankar

General surgery (hernia, lumps and bumps surgery), upper GI surgery (gallstones, laparoscopic cholecystectomy, gastro-oesophageal reflux disease, gastroscopy, Barrett's oesophagus, anti-reflux surgery / laparoscopic fundoplication, oesophageal and gastric cancer surgery and hiatal hernia surgery).

Mr Andrew Wyman

Anti-reflux surgery, gallbladder/gallstone removal (cholecystectomy), abdominal and groin hernia surgery, laparoscopic surgery, upper gastrointestinal endoscopy, upper GI (gastric and oesophageal) surgery.

Geriatric medicine

Dr Pravin Jha

Complex geriatric care, memory and dementia assessment, Parkinson's disease management, stroke and TIA, osteoporosis, dizziness and vertigo, falls and poor mobility.

GP service

Dr Alex Worthington

Comprehensive general medical practice and ongoing care for men and women for both physical and mental health. Full investigation including comprehensive blood testing and scanning. Subsequent management or onward referral. General health screening.

Gynaecology and obstetrics

Mr Karim Abdallah

Endometriosis (laparoscopic and medical treatment), laparoscopic hysterectomy, medical and surgical treatment of heavy periods, hysteroscopic surgery (Novasure, Polypectomy, endometrial biopsy, coil replacement), ovarian cysts, fibroids, laparoscopic sterilization

Mr Andrew Baxter

Abnormal uterine bleeding (hysteroscopy, postmenopausal bleeding, polyps), endometriosis (laparoscopic treatment, severe endometriosis), heavy periods (Mirena, endometrial ablation, transcervical resection of endometrium, fibroids, Novasure), hysterectomy (laparoscopic, subtotal, open), laparoscopic gynaecological surgery (endometriosis, ovarian cysts, dermoid cyst, subfertility, adhesions).

Dr Niki Baxter

Outpatient hysteroscopy, benign gynaecology (family planning, period problems, pre-menstrual syndrome, post-menopausal bleeding, sexually transmitted infection screening, smear tests), menopause.

Mr Khaled Farag

Laparoscopic surgery (hysterectomy, pelvic floor reconstruction, female genital prolapse, female urinary incontinence, menstrual disorders, screening for early detection of female cancer).

Mr Alan J Gillespie

Private general gynaecology, dysfunctional uterine bleeding, prolapse and pelvic pain, gynaecological oncology, one-stop colposcopy and rapid access clinics, laparoscopic surgery, cancer screening, endometrial ablation, Menopause related issues.

Miss Swati Jha

Urogynaecology (prolapse of the womb, bowel, bladder and urinary incontinence), general gynaecology (period problems), perineal trauma and paediatric gynaecology, vulval and perineal problems (enlarged labia and vaginal laxity), problems of painful sex.

Dr Shehnaaz Jivraj

Antiphospholipid antibodies and lupus anticoagulant tests, HRT, infertility, menopause, progesterone supplementation for miscarriage, recurrent miscarriage, testosterone, thrombophilia (sticky blood/excess blood clot) tests.

Mr Kumar Muthukumarappan

General gynaecology (abdominal hysterectomy +/- removal of tubes and ovaries, colposcopy, hysteroscopy, laparoscopy, Novasure ablation, sterilisation), urogynaecology (anterior repair, posterior repair, vaginal hysterectomy, vaginal refashioning), vulval skin (excision of cysts and growths, labiaplasty, vulvectomy).

Prof Stephen Radley

Urogynaecology (conservative and surgical management for pelvic floor disorders), urodynamic assessment, Botox, bulking injection, cystoscopy, colposuspension and sling surgery for incontinence and repair, hysterectomy and reconstructive surgery for prolapse

Mr Jonathan Skull
Assisted conception and infertility, gynaecological surgery (hysteroscopy, laparoscopy, myomectomy, reversal of female sterilisation), gynaecological ultrasound scanning.

Mr Marios Stamoulas
Diagnostic and operative office hysteroscopy, abdominal surgery including hysterectomy, myomectomy, and cystectomy, minimal access surgery (laparoscopy and hysteroscopy), vaginal procedures (pelvic floor repair and vaginal hysterectomy) for treatment of pelvic organ prolapse.

Ms Vidya Tamhankar
Endometrial ablation surgery, endometrial scratching, female sterilisation, hysteroscopy procedure, laparoscopy investigation and treatment, ovarian cyst removal, endometrial ablation surgery, endometrial scratching, endometriosis, heavy menstrual periods, pelvic pain, polycystic ovarian syndrome, recurrent miscarriage.

Hepatology

Dr Amer Al-Joudeh
Managing liver diseases (fatty liver, abnormal liver tests, liver tumors, viral hepatitis, bile duct stones), gastrointestinal diseases (reflux, diarrhea, abdominal pain and bloating), endoscopy (gastroscopy and colonoscopy).

Dr Yasser El-Sherif
General gastroenterology (bowel disorder test), endoscopy (colonoscopy, flexible sigmoidoscopy and gastroscopy) and liver disease.

M

Metabolic medicine

Dr Chinnadorai Rajeswaran
Endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity, osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems, diabetes (Type1 diabetes, Type2 diabetes, prediabetes), obesity (weight management, weight management medications, weight regain).

Musculoskeletal medicine

Dr Andrew Hogg
Sports medicine, musculoskeletal medicine (non-surgical), non-inflammatory joint pain (back, shoulder, elbow, wrist, hip, groin, knee, foot and ankle), overuse injuries (bone stress, tendinopathy), soft tissue injuries (joint, ligament, muscle, tendon), sports injuries, diagnostic imaging (MRI, ultrasound), joint injections.

N

Neurosurgery

Mr Yahia Al-Tamimi
Spinal surgery (cervical disc prolapse, cervical canal stenosis, lumbar disc prolapse, lumbar canal stenosis), neurosurgery (Chiari malformation, Glioblastoma, Glioma, Hydrocephalus, Meningioma, neuro-oncology, skull base surgery).

Mr Andrew Bacon
Back and neck surgery, neurovascular surgery, trauma, complex spine.

Mr Veejay Bagga
Neurosurgery.

Mr Dev Bhattacharyya
Back and neck surgery, neurosurgery, spinal surgery, back and neck pain, trigeminal neuralgia, epilepsy surgery, degenerative diseases

Mr Kishor Choudhari
Brain and spinal surgery, brain (head injury, various brain tumours such as meningioma, glioma, schwannoma), vascular conditions (aneurysm, AVM, cavernoma, hydrocephalus, trigeminal neuralgia), spine disorders (cervical and lumbar disc prolapse, spinal stenosis, spondylosis, tumours).

Mr Ramez Ibrahim
Complex spine surgery, Gamma Knife radiosurgery, spinal injections for pain relief, spinal decompressions for canal stenosis, microscopic minimal access cervical and lumbar discectomies, spinal stabilisation with and without instrumented fusion (intervertebral body fusions, spinal cord tumours).

Mr Marcel Ivanov
Lumbar microdiscectomy, spinal canal stenosis, lumbar spine decompression and instrumented fusion, spinal steroid injection, anterior cervical decompression and fusion, cervical arthroplasty, posterior cervical foraminotomy, cervical laminectomy, posterior cervical decompression and instrumented fusion, intradural extramedullary spinal tumour, intradural intramedullary spinal tumour.

Mr Geza Mezei
Neurosurgery, acoustic neuroma, arteriovenous malformation, meningioma.

Mr Shungu Ushewokunze
Back and neck surgery, general spine.

Mr Hesham Zaki
Back and neck surgery, spinal surgery, brain tumours, trigeminal neuralgia, stereotactic radiosurgery.

Spire
Claremont Hospital

Expert care every step of the way

The specialists at Spire Claremont Hospital are leading medical experts, who always put your patients safety first. When your patients make an appointment with us, they can be sure that they will receive expert care in a safe environment.

Services include:

- Orthopaedic surgery
- Gynaecology
- Urology
- Spinal surgery
- ENT
- Pain management
- General surgery
- Cosmetics
- Varicose veins

We offer **hundreds of tests and treatments,** some of which you can only have privately.

We offer **rapid access** to MRI scans, X-rays and further tests, if your patients need them.

your patients can be treated by a specialist of your choice **when it's right for you.**

O

Ophthalmology

Mr Nachiketa Acharya
Cataract surgery (multifocal IOL, Toric IOL, premium IOL implants), retina specialist (macular degeneration, diabetic retinopathy, retinal vein occlusion, retinal dystrophy), general ophthalmology (glaucoma, blepharitis).

Mr Yashin Ramkissoon
Cataract surgery (including premium extended depth of focus, multifocal and toric lens implants, complex cataracts), general ophthalmology (blepharitis, chalazion, dry eye, glaucoma, ocular hypertension), intravitreal injections for retinal vascular disease and macular degeneration, laser treatments (laser for retinal tears, YAG laser capsulotomy for posterior capsule opacification), medical retina (diabetic retinopathy, macular degeneration), vitreo-retinal surgery (epiretinal membrane, macular hole, retinal detachment, vitreous haemorrhage, vitreo-macular traction, dislocated lens implants, management of retained lens fragments, submacular haemorrhage, floaters).

Mr Sachin Salvi
Cataract surgery (including premium intraocular lenses such as extended depth of focus, multifocal, toric IOL's), cosmetic eyelid surgery (upper and lower eyelid blepharoplasty), oculoplastic surgery (ptosis, entropion/ectropion repair, eyelid infections like chalazion, periocular lumps and bumps like xanthelasma, eyelid cancers), lacrimal surgery for watery eyes, medical glaucoma.

Mr Kurt Spiteri Cornish
Cataract surgery (including complex cataracts), general ophthalmology (lids, lumps and cysts, dry eyes, blepharitis, medical glaucoma), medical retina (diabetic disease, macular degeneration, retinal vascular diseases), vitreo-retinal surgery (macular hole, epiretinal membrane, diabetic retinopathy, retinal laser, vitreous haemorrhage, floaters).

Oral and maxillifacial surgery

Dr Gregory Flint
Cosmetic dentistry, dental implantology, dental sleep medicine and sleep medicine (home sleep testing, obstructive sleep apnoea, sleep disorders, snoring treatment/ anti-snoring devices, mandibular repositioning devices, mandibular advancement devices), headaches, migraines, orthodontics and temporomandibular joint disorders (TMJD).

Mr Omar Hussain
Simple and complex dental surgery (wisdom teeth, impacted teeth, jaw cysts and tumours), temporomandibular joint (jaw joint) problems and facial pain, skin cancer (lumps and lesions), facial trauma, salivary gland problems and tumours, Orthognathic (facial deformity surgery), medico-legal reporting.

Orthopaedics – elbow and shoulder

Mr Amjid Ali
Shoulder surgery (arthritis, fractures, frozen shoulder, instability, rotator cuff tears, subacromial impingement), elbow surgery (arthritis, fractures, golfer's elbow, instability, stiffness, tennis elbow, ulnar nerve compression).

Mr Simon Booker
Elbow surgery (arthritis surgery, golfers/tennis elbow, ulnar nerve problems), shoulder surgery (arthroscopy, impingement surgery, joint replacement, rotator cuff repair, stabilisation).

Mr Richard Bryant
Cubital tunnel syndrome, degenerative and osteoarthritic conditions of the shoulder, elbow degenerative conditions, elbow pain (sports injuries, tennis and golfer's elbow), joint pain treatment (joint injections), rotator cuff repair, shoulder arthroscopy, shoulder dislocation/stabilisation, shoulder impingement, shoulder replacement, soft tissue injuries.

Mr Kingsley Draviaraj
Carpal tunnel syndrome surgery, rotator cuff repair, shoulder arthroscopy, shoulder replacement surgery, shoulder stabilisation, ACJ reconstruction, arthroscopic ACJ excision, arthroscopic capsular release for frozen shoulder, bankart repair, cubital tunnel decompression, elbow arthroscopy for arthritis, elbow replacement, laterjet procedure, slap repair, surgery for stiff elbow, surgery for tennis elbow and golfers elbow, transposition of ulna nerve.

Mr David Potter
ACL joint surgery for dislocations and arthritis; arthroscopic shoulder procedures (frozen shoulder), rotator cuff repair, stabilization and sub-acromial decompression, biceps tendon repairs, fractures of the clavicle, glenoid, humerus and scapula, shoulder replacement, revision shoulder surgery.

Orthopaedics – foot and ankle

Miss Carolyn Chadwick
Achilles tendon problems, ankle arthritis, ankle arthroscopy, ankle fractures, ankle instability, bunion surgery, foot fractures, foot deformity correction, foot and ankle tendon disorders, forefoot and lesser toe problems, hindfoot arthritis, midfoot arthritis, Morton's neuroma.

Mr Howard Davies
Ankle arthritis, Ankle deformity correction, Ankle arthroscopy (sports injuries), Total ankle replacement, Ankle ligament reconstruction (arthroscopic) Ankle fusion surgery, Hallux Valgus (bunion) surgery, Minimally Invasive (keyhole) bunion surgery, Diabetic foot surgery, Flat foot surgery, Forefoot surgery, Hammer toes, Mortons Neuroma, Trauma (foot and ankle), Achilles Tendinopathy.

Mr Mark Davies
Adult elective and trauma foot and ankle surgery, Achilles tendon surgery, ankle arthritis surgery, ankle fractures, arthroscopic surgery, bunion surgery, foot fractures, foot deformity correction, hindfoot arthritis, midfoot arthritis, Morton's neuroma, neuromuscular conditions.

Mr Nikhil Nanavati
Ankle (arthroscopy, replacement), articular cartilage repair (MACI), bunion (removal, treatment), ganglion removal surgery, ingrown toenail surgery, Morton's neuroma excision, Achilles (pathologies, tendon problems), ankle and big toe arthritis, foot and ankle (arthritis, deformity, surgery, problems, pain, sports and trauma), heel and forefoot pain problems.

Mr Bobby Siddiqui
General Orthopaedic Trauma, complex foot and ankle trauma, elective foot and ankle conditions, arthritic conditions, total ankle replacement.

Orthopaedics – hand and wrist

Mr Tim Halsey
Arthroscopic wrist surgery, climber's hand injuries, surgery for Dupuytren's contracture, treatment of carpal and cubital tunnel syndrome, treatment of hand and wrist arthritis, tendon injury and dysfunction (trigger finger and De-Quervain's tenosynovitis).

Mr Jayanth Paniker
Management of carpal tunnel, Dupuytren's, trigger finger and ganglion, joint replacement (small finger joints, thumb and wrist), arthroscopic surgery (wrist and thumb), ligament injuries of wrist and hand, hand and wrist fractures, delayed sequelae, tendonitis and tendon injuries.

Mr Robert Simpson-White
Hand, wrist and forearm surgery (carpal tunnel syndrome, carpal bone problems including scaphoid non-union, Dupuytren's disease, forearm bone non-union, joint replacement in the hand and wrist, osteoarthritis and rheumatoid arthritis, tendonitis, ulnar nerve problems, wrist arthroscopy).

Mr Joseph Stallard
Hand and wrist surgery.

Mr Philip Storey
Arthroscopic wrist surgery, pain relieving joint injections, surgery for Dupuytren's contracture, treatment of carpal and cubital tunnel syndrome, treatment of hand and wrist arthritis, tendon injury and dysfunction (trigger finger and De-Quervain's tenosynovitis).

Orthopaedics – hip and knee

Mr Alexander Anderson
Arthroscopic knee surgery (ACL reconstruction, meniscal/cartilage repair,multiple knee ligament reconstruction, patella stabilisation,) knee replacement surgery (primary and revision total knee replacement, patel-lofemoral replacement/resurfacing), periarticular knee realignment osteotomies, sports injuries (tendinopathies, acute knee injuries), unicompartmental/partial knee replacement.

Mr Jez Brown
ACL reconstruction and meniscal problems, exclusive soft tissue surgery(acute knee injuries and problems), arthroscopy and sports knee surgery.

Mr Simon Buckley
Investigation of issues with previous joint replacements, management of hip and knee pain, primary hip and knee replacements including day case surgery, revision hip and knee replacement.

Mr David Wood
Fractures around the hip, hip and knee replacement surgery, hip and knee pain and arthritis, knee arthroscopy surgery, periprosthetic fractures, primary hip replacement, primary knee replacement, problems with previous joint replacements.

Mr Naren Garneti
Hip injections, hip replacements, knee injections, knee replacements, patello-femoral joint replacements, unicompartmental knee replacements.

Mr Andrew Gordon
Hip and knee replacement surgery.

Mr Matthew Hampton
Anterior knee pain, arthroscopic knee surgery, autologous Chondrocyte implantation, knee and sports knee surgery, (meniscal/cartilage repair), knee ligament reconstruction, knee osteotomy, knee replacement and partial knee replacement surgery, management of young active patients with arthritis, patellofemoral stabilisation (including trochleoplasty), sports injuries (tendinopathies, acute knee injuries), steochondral allografts.

Mr Graeme Hancock
Arthroscopy, cartilage surgery, knee and sports knee surgery, knee preservation and realignment (osteotomy), ligament reconstruction,meniscal surgery, partial and total knee replacement.

Mr Tim Harrison
Arthroplasty of the hip and knee, degenerate hip and knee problems, hip and knee arthritis, hip and knee pain, hip replacement surgery, knee replacement surgery, problems with previous joint replacements, revision hip and knee replacement.

Mr Saif Salih
Hip and knee replacement for arthritis, hip preservation, revision hip surgery including infection, young adult hip surgery for non-arthritic conditions.

Mr Sanjeev Sharma
Hip and knee joint replacement surgery (primary and revision), knee arthroscopic surgery (meniscectomy, loose body removal, chondroplasty, microfracture), hip and knee joint injections and aspirations.

Mr James Shelton
Lower limb arthroplasty (hip and knee replacement), joint replacement surgery, acute major trauma care.

Mr James Stoddard
Knee and sports knee surgery, (anterior cruciate ligament reconstruction, arthroscopy, Autologous Chondrocyte Implantation, multi-ligament reconstruction, partial knee and total knee replacement, management of the young arthritic knee.

Mr Paul Sutton
Knee and sports knee surgery, surgical knee problems (arthritic conditions, knee injuries, knee pain and patellofemoral instability), ligament reconstruction, knee arthroscopy, osteochondral allografts, Autologous Chondrocyte implantation, patellofemoral stabilsation, knee replacement and partial knee replacement surgery.

Mr Ed Holloway
Hip and knee joint replacment surgery.

Spire
Claremont Hospital

Walk away from aches and pains with expert physiotherapy

Our dedicated physiotherapy department use highly experienced chartered physiotherapists providing expert, professional treatment for both inpatients and outpatients. Outpatients may be referred by their consultant or GP or can contact us directly on a self-referral basis.

We can treat a wide variety of conditions including:

- Acute joint and soft tissue injuries
- Back and neck conditions including whiplash
- Chronic pain
- Post-surgery rehabilitation
- Sporting and overuse injuries
- Tendinopathies

Our physiotherapy service provides the following treatments for a range of problems:

- Acupuncture
- Degenerative disease and pain management
- Injury prevention and advice
- Manual therapy
- Shockwave therapy (Radial pulse wave therapy)
- Rehabilitation and exercise prescription
- Soft tissue therapy
- Specialist hand therapy and splinting
- Treatment / consultant rooms
- AlterG – Anti-Gravity treadmill
- Wattbikes
- Gait analysis lab to measure walking/ running patterns
- Specialist movement studio

Looking after you.

Orthopaedics – spine

Mr Michael Athanassacopoulos
Cervical surgery for radicular pain and myelopathy, coccydynia treatment, lumbar injections for radicular leg pain, lumbar surgery for sciatica and stenosis.

Mr Lee M Breakwell
Cervical surgery for radicular pain and myelopathy, coccydynia treatment, lumbar injections for radicular leg pain, lumbar surgery for sciatica and stenosis.

Mr Paul Brewer
All aspect of lumbar, thoracic and cervical spine surgery.

Mr Ashley Cole
Cervical surgery for radicular pain and myelopathy, coccydynia treatment, lumbar injections for radicular leg pain, lumbar surgery for sciatica and stenosis.

Miss Sherya Srinivas
Spinal surgery (Back pain), surgery for neck and arm pain (ACDF), injection and surgery for leg and back pain, surgery for spinal stenosis (lumbar decompression), treatment for coccyx pain.

P

Pain management

Dr Tom Bendinger
Invasive treatment of back pain (epidurals, nerve blocks, facet joint injections, sacroiliac joint injections, radiofrequency ablation), sciatica, neck pain, knee pain (radiofrequency ablation to genicular nerves) and shoulder pain (blocks and radiofrequency ablation to suprascapular nerve) and non-invasive methods of pain treatment including analgesic optimisation.

Dr Adrian Highland
Musculoskeletal radiology (MRI, CT, X-ray and ultrasound imaging of orthopaedic, rheumatology, spinal and sports injuries and conditions), image-guided intervention of joint and musculotendinous conditions and spinal problems, (treatment with percutaneous vertebroplasty).

Physicians

Dr Chinnadorai Rajeswaran
Endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity, osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems, diabetes (Type1 diabetes, Type2 diabetes, prediabetes), obesity (weight management, weight management medications, weight regain).

Psychiatry

Dr Velusamy Sivakumar
Assessment and management of memory disorders, mental health problems in late life, assessment of mental capacity in relation to lasting power of attorney, court of protection and will and testament.

R

Radiology

Dr Shahram Abdi
Gynaecologic and oncologic imaging.

Dr Unni Anoop
General radiology for all areas.

Dr Ruth Batty
Neuroradiology.

Dr Tony Blakeborough
GI radiology.

Dr Rajesh Botchu
MSK radiology.

Dr Annu Chopra
MSK radiology.

Dr Stuart Coley
Neuroradiology, nerve root injections.

Dr Dan Connolly
Neuroradiology, myelograms, nerve root injections.

Dr Robert Cooper
Arthrograms, MSK radiology, steroid injections.

Dr Adrian Highland
MSK radiology, steroid injectrions, vertebroplasties.

Dr Steve Kennish
Abdomen/testes/DVT, cystograms, drainages, urologic radiology, ultrasound.

Dr Nick Kotnis
MSK radiology, steroid injectrions.

Dr Andy Martin
Neuroradiology.

Dr Dave Moore
Fluoroscopic MSK injections, MSK radiology.

Dr Sanjoy Nagaraja
Neuroradiology.

Dr Charles Romanowski
Neuroradiology, MRI ENT including neck but not thyroid.

Dr Ferekh Salim
Chest X-ray, CT chest and abdomen, cystograms, urologic radiology (MRI prostate), ultrasound abdomen/testes/DVT, urethograms.

Dr Sheetjit Shekhar
MSK radiology.

Dr Jonathan Smith
Urologic radiology, ultrasound neck/abdomen/inventional

Dr Steve Thomas
Cardiac and vascular radiology.

Dr George Tse
Neuroradiology, nerve root injections.

Respiratory medicine

Dr Rodney Hughes
Respiratory medicine, allergy, asthma, cardiopulmonary exercise testing, chronic obstructive pulmonary disease (COPD), investigation and management of breathlessness, investigation and management of cough, lung blood clots (pulmonary embolism), respiratory and sleep disorders, sleep apnoea (snoring and breathing difficulties during sleep).

Rheumatology

Dr Lisa Dunkley
General rheumatology (gout, inflammatory arthritis (psoriatic arthritis, rheumatoid arthritis, adults with JIA juvenile idiopathic arthritis) polymyalgia rheumatica (PMR), spondyloarthritis (axial spondyloarthritis, AS/AxSpA, enteropathic arthritis and peripheral spondyloarthritis).

S

Sports and exercise medicine

Dr Andrew Hogg
Sports medicine, musculoskeletal medicine (non-surgical), non-inflammatory joint pain (back, shoulder, elbow, wrist, hip, groin, knee, foot and ankle), overuse injuries (bone stress, tendinopathy), soft tissue injuries (joint, ligament, muscle, tendon), sports injuries, diagnostic imaging (MRI, ultrasound), joint injections.

U

Urology

Mr Zahir Abbasi
General urology, prostate clinic, prostate/bladder/kidney cancer or problems, PCA3 (prostate/bladder cancer screening), laparoscopic surgery, TRUS biopsies, BPH, urinary tract symptoms, well man checks, vasectomy, vasectomy reversal, oncology, PSA testing.

Mr Marcus Cumberbatch
Bladder outflow surgery (endoscopic prostate surgery including greenlight laser prostatectomy), bladder cancer resections (endoscopic bladder tumour ablation and removal), laparoscopic and robotic urological cancer surgery (prostate cancer, renal cancer, upper tract urothelial cancer), robotic reconstructive surgery (pyeloplasty), open urological oncology surgery (renal cancer, testicular cancer).

Mr Christopher Hillary
Bladder investigations (cystoscopy), bladder lesion removal, cancer tests, circumcision, hydrocele/epididymal cyst surgery, prostate surgery, urinary incontinence (SUI), urodynamics, vasectomy, ureteroscopy, kidney surgery and laser kidney stone surgery, bladder stone removal, prostate biopsy, male hypogonadism and testosterone replacement.

Mr Aidan Noon
prostate cancer (PSA checks, prostate biopsy, robotic prostate surgery, active surveillance).Bladder cancer (investigating blood in the urine, transurethral resections of bladder tumours), diagnostic flexible cystoscopy, general urology (male voiding problems, endoscopic prostate surgery, urinary tract infections and scrotal / testicular lumps – hydrocoele repair, circumcision).

Mr Nadir Osman
General urology (benign prostatic hyperplasia, bladder pain, blood in urine, erectile dysfunction, foreskin problems, prostatitis, testicular pain, testicular swelling, urinary symptoms, urine infections), Neuro-urology, reconstructive urology (urethral strictures, urinary incontinence).

W

Weight management

Dr Chinnadorai Rajeswaran
Diabetes (Type1 diabetes, Type2 diabetes, prediabetes), endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity (weight management, weight management medications, weight regain) osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems.
