## About The Montefiore Hospital

We are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

### It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

### Our consultants

Every consultant working at The Montefiore Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure that they are looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

### Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

### All the facilities you'd expect and more

- Our 20 private rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- An enhanced recovery unit
- Eight consulting rooms
- Three laminar flow operating theatres
- An endoscopy suite (JAG accredited)
- Two outpatient procedure rooms
- On-site CSSD – decontamination and sterilisation department
- Pharmacy
- CPA accredited pathology service
- CQC registered outstanding
- Chemotherapy suite (MQEM awarded)

# How to refer your patients

## Self-pay patients

Self-pay patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package\* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01273 828 148**.

- 1 Use Spire Connect to upload the referral letter. Call the GP Hotline on **07513 727 004** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

## Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01273 828 030** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

## NHS patients

The Montefiore Hospital provides elective surgical services to NHS patients for select specialties. Our aim is to make the referral process as quick and easy as possible. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system (<https://www.ebs.ncrs.nhs.uk/>).

## Referral letters

Referral letters for private patients can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to [spire.montefiorebookings@nhs.net](mailto:spire.montefiorebookings@nhs.net)

# Self-pay queries

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01273 828 148**

Email: **montefioreinfo@spirehealthcare.com**

Our fixed price packages\* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Weight loss surgery

\*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

## Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

**The hospital does not have an accident and emergency facility.**

## GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

### GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

### Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

### NHS referrals

You may refer patients to The Montefiore Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service (<https://www.ebs.ncrs.nhs.uk/>).

### Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

### Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

---

For more information on Spire Connect, contact Thomas Collins on **07513 727 004** or at [thomas.collins@spirehealthcare.com](mailto:thomas.collins@spirehealthcare.com)

# GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

How to find out about our events

Search **'The Montefiore Hospital GP Education'**

Call our Primary Healthcare Relationship Managers on **07513 727 004**

Email us at **thomas.collins@spirehealthcare.com**

# GP support

The Montefiore Hospital's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

## Primary Healthcare Relationship Managers

Our Primary Healthcare Relationship Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at The Montefiore Hospital.

The team can be contacted on:

Phone: **07513 727 004**

Email: **thomas.collins@spirehealthcare.com**

## Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price\*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, physiotherapy and one follow up appointment
- Treatment of complications\*

Patients can contact the team on:

Phone: **01273 828 148**

Email: **montefioreinfo@spirehealthcare.com**

\*Spire Healthcare patient terms and conditions apply.

# Clinics and services

## Chemotherapy

We have a dedicated patient suite where we offer chemotherapy treatment for many types of cancer, supported by our team of consultant oncologists, surgeons, and a dedicated specialist nurse team.

The unit was developed with the help of patients to ensure individual treatment can be delivered as comfortably as possible with privacy in mind.

The unit has access to 'The Quiet Room' – a light and sound installation created by Brian Eno – which some patients find a nice area to relax in before or after their treatment. Alternatively, patients can enjoy some fresh air in our courtyard area.

We are proud to have been awarded the Macmillan Quality Environment Mark (MQEM) which recognises we have an environment sensitive to the needs of people being treated for cancer, providing comfortable surroundings which offers privacy and dignity.

---

Phone: **01273 828 142**

## Imaging

We have a wide range of on-site imaging facilities including MRI, CT, Ultrasound, X-ray and mammography.

Patients will be contacted upon receipt of referral form or letter. Imaging reports are usually sent to the referrer within 48 hours of scanning.

We are able to accept direct referrals from GPs for most scans.

Please note, we can only accept CT and mammography referrals from a consultant specialist.

Opening times

Monday to Thursday **8am – 8pm**

Friday **8am – 7pm**

Saturday **9am – 5pm**

CT scanning services include:

- Abdomen and pelvis
- Angiography
- Cardiac
- Colonography
- Chest
- Neurological
- Spinal

Fluroscopy services include:

- Barium studies
- Cystography
- Hysterosalpingogram (HSG)
- Image guided injections for pain relief and diagnosis

MRI scanning services include:

- Abdominal
- Angiography
- Breast
- Cardiac
- Enterography
- Musculoskeletal imaging (including arthrography)
- Neurological
- Pelvic

Mammography services include:

- Digital mammography

Ultrasound services include:

- Abdominal
- Biopsies
- Breast
- Doppler vascular
- Drainage
- Echocardiography
- Fine needle aspiration
- Gynaecological
- Image guided injections for pain relief
- Musculoskeletal
- Pelvic
- Testicular

X-ray services include:

- Abdomen and chest
- Hip and pelvis
- Spine
- Upper and lower limb
- Whole spine/leg digitally stitched images for specialist referrals

---

Phone: **01273 828 088**

## Pathology

We have an on-site phlebotomy service and pathology lab. We are happy to accept direct referrals from GPs for a range of blood tests. Results are sent back to the referring specialist.

Opening times

Monday to Friday **8am – 6pm**

Pathology services include:

- Biochemistry
- Blood transfusion
- Endocrinology
- Haematology
- Histopathology
- Immunology
- Microbiology
- Mycology
- Tumour assays

---

Phone: **01273 828 138**

THE MONTEFIORE  
HOSPITAL

Part of Spire Healthcare

# Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it\*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?
