About Spire St Anthony's Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

Our consultants

Every consultant working at Spire St Anthony's Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure that they are looked after by the same consultant, from the first appointment and throughout all treatment and follow up care.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Spire Purpose

"Making a positive difference to people's lives through outstanding personalised care"

Hospital facilities include:

- 56 inpatient rooms with en-suite, TV, radio and free Wi-Fi access
- An Outpatient Department with 19 rooms including an ENT Examination Room, an Ophthalmology Suite, a Dressings Room, a Phlebotomy Room and a Minor Operations Room
- An Imaging Department with Ultrasound, X-ray, MRI and CT scanners
- Six operating theatres all with integrated High Definition OR-1 Systems – three of which also have Laminar Air Flow Systems
- A nine bed Post-Anaesthetic Care Unit including a dedicated Paediatric Recovery Area
- Cardiac RMO and 24 hour ward RMO and ITU RMO
- A Cath Lab and a fully integrated Siemens Hybrid Theatre for Interventional Cardiology and Interventional Radiology
- Two Echo Rooms and a Stress Test Room which can also be used for cardiac health screening (EET tests)
- A Pacing Clinic Device Room
- A Physiotherapy Department with a fully equipped gym and hydrotherapy pool
- An on-site pharmacy
- A Sterile Services Department
- Comprehensive, multidisciplinary pathology services offering on-site clinical biochemistry, haematology, coagulation and blood transfusion
- A HDU with facilities for eight beds catering for level 3 and level 2 patients
- Complimentary hot beverages
- A restaurant providing refreshments, snacks and hot meals
- Free parking

How to refer your patients

At Spire St Anthony's we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is preferable. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **020 8335 4646**.

- 1 Use Spire Connect to upload the referral letter. Call **07702 883 774** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **020 8335 4678** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS patients

Spire St Anthony's Hospital provides a range of elective surgical services to NHS patients – full details of the services can be found in our NHS Directory of Services.

Please submit referrals via the NHS e-Referral Service <https://www.ebs.ncrs.nhs.uk/>. Our aim is to make the referral process as quick and easy as possible.

Please use the NHS e-Referral system to refer your patients to us. We are no longer able to accept referral letters from primary care by any other means (eg fax or email).

For queries, please contact the NHS team on **020 8335 4542** or by email spire.stanhs@nhs.net.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to spirestanhonyoutpatientbookings@spirehealthcare.com

Self-pay patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **020 8335 4646**

Email: **Customer.ServiceStAnthonys@spirehealthcare.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments and procedures that can be self-funded:

- Back pain treatment
- Cardiology treatments
- Cardiac surgery
- Cataract surgery
- Cosmetic surgery
- CT, MRI, ultrasound scans and X-rays
- Endoscopy procedures
- Hernia repair
- Hysterectomy
- Kidney stones
- Knee, hip, and shoulder surgery
- Prostatectomy
- Varicose vein treatment
- Weight loss surgery

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You can refer patients to Spire St Anthony's Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service (<https://www.ebs.ncrs.nhs.uk/>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants, both virtually and face to face. We can also bring a consultant to your practice for education sessions.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

How to find out about our events

For any queries regarding events, please contact spiregpeducation@spirehealthcare.com

GP support

Spire St Anthony's's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Manager

Our Primary Healthcare Relationship Manager, Karen Watts, is responsible for liaising with GP practices and other primary care professionals. Her role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire St Anthony's Hospital.

Karen can be contacted on:

Phone: **07702 883 774**

Email: karen.watts@spirehealthcare.com
or karen.watts14@nhs.net

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **020 8335 4646**

Email: Customer.ServiceStAnthonys@spirehealthcare.com

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Cardiology

Spire St Anthony's Hospital provides a full range of treatments for heart conditions, including diagnostic investigations and interventional cardiac procedures.

Non-invasive cardiology services include:

- Ambulatory heart rate monitoring – Halter and Zio patch (24 hour, 48 hour, 72 hour, 1 week, 2 week)
- Ambulatory blood pressure monitoring
- Cardiac MRI
- DC cardioversions
- Exercise tolerance testing
- Implantable device checks (internal loop recorders, pacemakers, defibrillators and biventricular devices – both in clinic and remotely)
- Transthoracic echo, stress echo, contrast echo, bubble echo, CRT optimisation

Invasive cardiology services include:

- Angioplasties (including fractional flow reserve, intravascular ultrasound and rotablation)
- Diagnostic angiograms
- Electrophysiology (diagnostic and ablation procedures using RF ablation, cryotherapy and 3D mapping)
- Implantable devices (internal loop recorders, pacemakers, defibrillators, and biventricular devices)
- Intra-aortic balloon pump insertion
- Right heart catheterisation
- TAVI (Transcatheter Aortic Valve Implantation)
- Temporary pacing wire insertion
- TOE (Transoesophageal Echocardiogram) with 3D imaging

Cardiothoracic surgery:

- ASD closures
- CABG off pump (OPCABG) as well as on bypass
- Minimally invasive MVR repair
- Mitral procedures, both replacements and repairs
- Myomectomy (for treatment of HOCM)
- Pulmonary vein isolation (PVI) and cryoablation surgery for the treatment of AF, this is also associated with left atrial appendagectomy
- Repair of coarctation of the aorta
- Replacement of ascending aorta for aneurysm
- Tricuspid valve repair (TVR)
- Valve sparing aortic root replacements

Appointments: **020 8337 6691 ext 2093**

Endoscopy

Endoscopy services include:

- Bravo (PH monitoring)
- Bronchoscopy
- Colonoscopy
- Flexible sigmoidoscopy
- Gastric balloon insertion/removal
- Gastroscopy

Appointments: **020 8337 6691 ext 2346**

Imaging

We provide rapid access to a range of imaging services, including advanced therapeutic procedures in the imaging department and hybrid operating theatre.

Appointments usually within 24 hours of a referral.
Reports usually within 48 hours.

- All aspects of general radiology

CT imaging services include:

- Cardiac
- Colonography
- General and Musculoskeletal
- Interventional (biopsies, injections)
- Neurological imaging
- Vascular

MRI imaging services include:

- All MRI (including biliary and small bowel)
- Cardiac MR
- MPMRI (Multiparametric Prostate Imaging)
- Neurological imaging
- Whole body diffusion weighted imaging

Ultrasound imaging services include:

- General and Musculoskeletal
- Interventional including injections/aspirations and biopsies
- OCT (Optical Coherence Tomography)
- Range of liver studies including elastography (Fibroscans)
- Vascular ultrasound (arterial and venous doppler)

Interventional procedures include:

- Fibroid embolisation and varicocele
- Peripheral artery angioplasty
- Prostate embolisation
- Sialography

Appointments: **020 8335 4546**

Physiotherapy

Physiotherapy services include:

- Acupuncture
- Anti-gravity treadmill
- Hydrotherapy – including aqua classes, 1:1 physio led self-management sessions and inpatient sessions
- Balance rehabilitation
- Hand therapy and splinting
- High tech gym equipment for strengthening and conditioning
- Musculoskeletal assessment and rehabilitation
- Musculoskeletal paediatrics (above six years old)
- Pilates
- Post-operative orthopaedic rehabilitation
- Shockwave therapy
- Sports injury assessment and treatment
- Women's health service – including pre and post-natal, uro/gynaecology/colorectal and post-surgery

Phone: **020 8337 6691 ext 2265**

Directory listings

A

Andrology

Professor Nicholas Watkin

General urology, reconstructive urology, urethral strictures, andrology, stone disease, endourology, penile cancer, Peyronie's disease, penile disorders, male urinary incontinence, revision circumcision, vasectomy reversal.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Epsom and St Helier University Hospitals NHS Trust

Audiology

Mr Piotr Swiatek

Hearing assessments for adults and children, hearing aids, hearing aid repairs, Tinnitus assessment and management, ear defenders, swim moulds, musician ear plugs.

NHS trust base: Croydon Health Care Services NHS Trust

B

Breast

Mr Dibyesh Banerjee

Oncoplastic surgery for breast cancer and non-cancer related/cosmetic breast operations – including breast augmentation, reduction and breast lift (mastopexy) and male breast problems.

NHS trust base: St George's University Hospitals NHS Foundation Trust

C

Cardiac surgery

Mr Venkatachalam Chandrasekaran

Adult cardiac surgery, including off-pump bypass surgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Habib Khan

Heart valve disease, arterial revascularisation, coronary artery bypass graft surgery, aortic valve replacement, aortic root replacement, mitral valve surgery, ascending aorta replacement, surgery for atrial fibrillation, surgery for cardiac tumours, acute aortic dissections, minimally invasive valve surgery.

NHS trust base: King's College Hospital NHS Foundation Trust

Cardiology

Dr Syed Ahsan

Consultant cardiologist and heart rhythm specialist. Specialist interests: arrhythmia, atrial fibrillation, SVT, POTS, syncope, pacemakers and cardiac resynchronisation, general cardiology and coronary artery disease.

NHS trust base: The Barts Heart Centre at St Bartholomew's Hospital

Dr Abhay Bajpai

Electrophysiologist specialising in performing all types of catheter ablations, implantation of pacemakers, defibrillators, including biventricular pacemakers/ICDs. General cardiology, hypertension, coronary disease, syncope, autonomic dysfunction, arrhythmia, heart failure, cardiovascular risk stratification.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, St George's University Hospitals NHS Foundation Trust

Dr Sujay Chandran

All aspects of adult cardiology with a special interest in complex coronary intervention, intravascular imaging and structural heart disease.

NHS trust base: Kingston and St Thomas' Hospitals NHS Foundation Trusts

Dr Yousef Daryani

Adult cardiology including coronary and valvular heart disease, heart failure, hypertension, echo and cardiac MRI.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, Ashford and St Peter's Hospitals NHS Trust

Dr Matthew Faircloth

Interventional cardiology, hypertension, arrhythmia.

NHS trust base: St George's University Hospitals NHS Foundation Trust and Frimley Health NHS Foundation Trust

Dr Sam Firoozi

General and interventional cardiology, coronary angioplasty and stents, TAVI (Transcatheter Aortic Valve Implantation), pacemakers and arrhythmias, heart failure.

NHS trust base: St George's University Hospitals NHS Foundation Trust and Frimley Health NHS Foundation Trust

Dr John Foran

General cardiology/cardiovascular medicine; heart rate and rhythm disorders (including catheter ablation/conventional pacemaker/conduction system pacing/implantable cardioverter-defibrillator and cardiac resynchronisation device implantation); and coronary artery disease (including simple and complex percutaneous coronary revascularisation, aided by intravascular imaging, including balloon angioplasty and drug-eluting stent implantation); structural heart disease (including left atrial appendage and patent foramen ovale (PFO) closure).

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, Royal Brompton and Harefield NHS Foundation Trust

Professor Mark Gallagher

Ablation, pacing, arrhythmia, atrial fibrillation (electrophysiology).

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Sothinathan Gurunathan

General cardiology, coronary artery disease, heart failure, hypertension, valvular heart disease, cardiovascular risk assessment, stress echocardiography, complex echocardiography, cardiac MRI.

NHS trust base: Royal Surrey County Hospital

Dr Fadi Jouhra

Complex cardiac devices including leadless pacemakers, heart failure, shortness of breath, acute and chronic chest pain, palpitations, arrhythmia, hypertension (high blood pressure), dizziness, angina, heart murmur, heart failure and dilated cardiomyopathy.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Riyaz Kaba

Cardiology, arrhythmia, electrophysiology and cardiac devices.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Ashford and St Peter's Hospitals NHS Trust

Dr Anthony Li

Cardiac electrophysiology – specialist in all aspects of heart rhythm disorders (arrhythmias) including catheter ablation, implantable devices – pacemakers, defibrillators and cardiac resynchronisation therapy. General cardiology – hypertension, chest pain, cardiovascular risk assessment, blackouts.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Nikesh Malik

General and interventional cardiology. Coronary angiography, pressure wire studies, intravascular imaging (IVUS/OCT), coronary angioplasty/stenting, rotational atherectomy, chronic total occlusions (CTOs), implantable loop recorders.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, St George's University Hospitals NHS Foundation Trust

Dr Anna Marciniak

General cardiology, valvular heart disease, heart failure, coronary artery disease, hypertension, echocardiography and cardiac MR.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Maciej Marciniak

Ischaemic heart disease, coronary intervention, chest pain.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Mumin Noor

General cardiology, heart failure, heart rhythm (arrhythmia), atrial fibrillation, coronary artery disease, hypertension, valvular heart disease, cardiovascular risk, cardiac devices Permanent pacemaker (PPM), implantable cardioverter defibrillator (ICD) and cardiac resynchronisation therapy (CRT).

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, Royal Brompton and Harefield NHS Foundation Trust

Dr Antonis Pavlidis

General cardiology, coronary angiography, complex coronary angioplasty, hypercholesterolaemia, hypertension, heart failure, arrhythmias.

NHS trust base: Guy's and St Thomas' NHS Foundation Trust

Dr Nesan Shanmugam

General cardiology, heart failure, cardiac imaging (cardiac MRI and echocardiography), cardiovascular disease prevention.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Rajan Sharma

Coronary artery disease, heart failure, valvular heart disease, cardiomyopathy, hypertension, arrhythmia and complex echocardiography.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Manav Sohal

All aspects of heart rhythm management (investigation and treatment of palpitations and confirmed arrhythmias). Catheter ablation and all cardiac pacing and defibrillator implants. General cardiology.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Mark Williams

General and Interventional cardiology. Coronary angiography, right and left heart catheterisation, pressure wire studies, intravascular imaging (IVUS/OCT), coronary angioplasty and stenting, rotational atherectomy and implantable loop recorders. Ischaemic heart disease, heart failure, hypertension, pulmonary hypertension, investigation and management of chest pain and palpitations.

NHS trust base: Ashford and St Peter's NHS Foundation Trust

Colorectal surgery

Mr Muti Abulafi

Colonoscopy, haemorrhoids removal, gastroscopy, hernia surgery, anal fistula and anal fissure surgery.

NHS trust base: Croydon Health Services NHS Trust

Mr Ashish Gupta

Laparoscopic colorectal surgery for cancer, proctology including HALO for haemorrhoids, fissure, fistula treatment, abdominal pain, hernia treatment and colonoscopy.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr A Shiyam Nizar

Laparoscopic and robotic surgery for colorectal disease. Anorectal disorders; Rafaelo® and HALO procedures for haemorrhoids. Endoscopy and colonoscopy, hernia repair.

NHS trust base: Frimley Health NHS Foundation Trust

Mr Mohammad Raja

Colorectal surgery – fistulas, haemorrhoids, pilonidal sinus, laparoscopic cancer surgery, endoscopies, fissures.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Parvinderpal Sains

Bowel surgery, colostomy and ileostomy, colonoscopy, haemorrhoids removal treatment, rectal prolapse, laparoscopic surgery, anal fistula surgery, anal fissure surgery, anal warts surgery.

NHS trust base: Independent

Mr Arun Shanmuganandan

Colorectal surgery, coloproctology, colonoscopy, upper GI endoscopy (OGD), endoscopic removal of polyps, bowel cancer screening, colon and rectal cancer, laparoscopic surgery for bowel cancer and IBD, diverticular disease, haemorrhoid treatment (inc. HALO/THD/Rafaelo®), anal fistula and fissure, rectal prolapse, rectal bleeding, pilonidal sinus, abdominal pain, weight loss, diarrhoea, constipation, change in bowel habits, loss of appetite, heartburn and reflux, anaemia, FIT test, occult blood in stools, family history of bowel cancer, ulcerative colitis, Crohn's disease.

NHS trust base: Croydon Health Services NHS Trust

D

Dermatology

Dr Tamara Basarab

General adult and paediatric dermatology, acne, eczema, psoriasis, skin rashes, rosacea, moles and skin cancer screening.

NHS trust base: Independent

Dr Emanuela Campalani

General dermatology, eczema, psoriasis, pigmented lesions and skin cancer.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Sunita Gossain

Skin lesions, mole checking, lumps and bumps, surgery, skin cancer, rashes, hair disorders, vulva rashes, allergy, inflammatory skin disease, eczema, psoriasis, acne.

NHS trust base: Frimley Health NHS Foundation Trust

Dr Christopher Harland

General dermatology, pigmented skin lesions, skin cancer surgery and laser specialist.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Dimalee Herath

General dermatology, skin cancer, genital skin problems, eczema, psoriasis, acne, skin infections, rashes, moles and other skin lumps.

NHS trust base: Croydon Health Services NHS Trust

Dr Zainab Laftah

General dermatology, acne, eczema, psoriasis, mole checks, skin cancer, genital rashes, excessive sweating (hyperhidrosis), skin surgery, cosmetic dermatology.

NHS trust base: Guy's and St Thomas' NHS Foundation Trust

Dr Janakan Natkunarajah

Psoriasis, acne, eczema and severe drug reactions.

NHS trust base: Kingston Hospital NHS Foundation Trust

Dietetics

Mr Rishi Kanabar

Weight management, low body weight and unintentional weight loss, PCOS, IBS, low FODMAP diets, IBD including dietary modification and liquid diets, heartburn/reflux, coeliac disease and the gluten free diet, diet control for non-insulin dependent diabetes, heart disease, hypercholesterolaemia, bile acid malabsorption, pancreatic exocrine insufficiency and chronic pancreatitis, histamine and amine intolerances, oral nutritional support.

NHS trust base: Independent

E

Endocrinology

Dr Steve Hyer

All aspects of endocrinology and general internal medicine, diabetes.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, Royal Marsden NHS Foundation Trust

Dr Mamta Joshi

All areas of endocrinology and diabetes with exception of diabetes technology and antenatal diabetes.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, Guys and St Thomas Hospitals NHS Foundation Trust

Dr Imran Malik

Adrenal, pituitary, thyroid, parathyroid, hypogonadism and electrolyte imbalances including sodium, potassium, calcium and magnesium. Diabetes, general medicine including tiredness, hypertension and increased sweating.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

ENT

Miss Victoria Alexander

General adult and paediatric ENT; tonsillar and sinus surgery. Specialising in ear disease, hearing restoration surgery and pinnaplasty/otoplasty.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Natasha Choudhury

General adult and paediatric ENT, thyroid and parathyroid surgery, rhinology, sleep disorders, breathing issues, head and neck surgery.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Ravi Hehar

General paediatric and adult ENT, otology, balance, diseases of the nose and sinuses.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Professor Dae Kim

General adult and paediatric ENT, voice disorders, thyroid disease, sleep disorders/snoring, sinus surgery, parathyroid disease, paediatric otolaryngology, hearing loss, head and neck surgery, laryngology, allergy.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Kevin Kulendra

Facial plastic surgery, rhinology, general adult and paediatric ENT, benign head and neck surgery, salivary gland surgery, head and neck skin cancer; nose bleeds (epistaxis).

NHS trust base: Chelsea and Westminster Hospital NHS Foundation Trust

Mr Raj Lakhani

General adult and paediatric ENT, specialist interest in rhinology and facial plastic surgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Epsom and St Helier University Hospitals NHS Trust

Miss Sarah Little

General adult and paediatric ENT, rhinology and facial plastic surgery and anterior skull base surgery. Conditions treated – rhinoplasty and septorhinoplasty (cosmetic and functional). Sinus problems, nasal blockage, hearing issues, swallowing issues, thyroid disorders, voice disorders.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Prince Modayil

General adult and paediatric ENT, nose and sinus disorders.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Kiran Varad

General adult and children's ENT/paediatric ENT. Tonsillitis (tonsillectomy), rhinology, sinus and nasal issues (endoscopic sinus surgery/nasal polyp removal/septoplasty), swallowing and voice issues, hearing loss and dizziness, skin cancer, nose bleeds (epistaxis), ear wax removal.

NHS trust base: Ashford and St Peter's, Royal Surrey NHS Foundation Trusts

G

Gastroenterology

Dr Gayatri Chakrabarty

Gastroenterology disorders including Irritable bowel syndrome, abnormal liver test, fatty liver disease, viral hepatitis, dyspepsia, reflux disease, GORD, change of bowel habits, Coeliac disease, inflammatory bowel disease, patients with nutritional needs, autoimmune hepatitis, metabolic liver disease, alcohol related liver disease. Also manages patients in transition period 16 – 17 years of age. Upper and lower GI endoscopies.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Derek Chan

All aspects of gastroenterology, including functional bowel disorders (such as IBS), IBD, coeliac disease, GORD, pancreato-biliary disease, gastro-intestinal cancer, acute and chronic liver disease and upper and lower GI endoscopy.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Vivek Chhaya

Dyspepsia and gastroesophageal reflux disease, diarrhoea, IBS, inflammatory bowel disease, Crohn's, ulcerative colitis, microscopic colitis, coeliac disease and malabsorption, acute and chronic liver disease, pancreatobiliary disease, abdominal pain, constipation, diarrhoea, GI cancers, GI endoscopy, gastroscopy, colonoscopy.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Professor Daniel Forton

General gastroenterology and endoscopy, acute and chronic liver disease.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Jamal Hayat

Expertise in upper and lower GI disease: swallowing difficulties, gastro-oesophageal reflux disease, indigestion, small intestinal bacterial overgrowth. Abdominal pain, bloating, rectal bleeding, diarrhoea, inflammatory bowel disease, irritable bowel syndrome, bowel cancer screening. Endoscopic procedures: gastroscopy, colonoscopy, sigmoidoscopy, polypectomy, wireless PH monitoring.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Asif Mahmood

Inflammatory bowel disease, endoscopy, acid-related disorders, IBS, liver disease, gut motility, nutrition, Bravo® Pill.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Michael Mendall

Irritable/inflammatory bowel disease (IBD), indigestion – dyspepsia, acid reflux, swallowing disorder, coeliac disease, Crohn's disease, Ulcerative Colitis, Dysphagia, food intolerance, liver disease/abnormal tests, peptic ulcer, cancer – gastric, throat and pancreas.

NHS trust base: Croydon Health Services NHS Trust

Dr Pritash Patel

All aspects of gastroenterology including diagnostic and therapeutic endoscopy, hepatology and general internal medicine.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Zinu Philipose

Liver diseases, including fatty liver disease, viral hepatitis, abnormal liver lesions and autoimmune liver diseases, gall bladder problems (including bile duct stones), pancreas problems (including pancreatic cysts), constipation, diarrhoea, reflux disease, nausea, vomiting, recurrent abdominal pain, swallowing difficulties, gastrointestinal polyps, coeliac disease. Endoscopy, colonoscopy, ERCP and endoscopic ultrasound.

NHS trust base: Croydon Health Services NHS Trust

Spire

St Anthony's Hospital

World-class experts in diagnostics

At Spire St Anthony's Hospital patients can see leading diagnostic experts in as little as **48 hours** – so they can get better, faster.

Our experienced and highly qualified staff produce quick, accurate results in the comfort of a private hospital.

Fast, flexible access to diagnosis and treatment

Patients can access our services when they need them, with appointment times available Monday to Friday to suit.*

Advanced technology

We use the latest, most advanced technology and equipment to help patients take the first step towards reclaiming their health.

Comprehensive range of diagnostic services

- CT scanning
- MRI scanning
- Cardiac echo
- Ultrasound
- X-ray services

*Timings given are indicative, actual timings may vary based on consultant and tests required.
*A referral from your GP or Consultant is required prior to arranging an appointment

Looking after you.

Dr Prayman Sattianayagam

All luminal, hepatobiliary and pancreatic conditions, including abdominal pain, gastro-oesophageal reflux disease, altered bowel habit, rectal bleeding, IBS, inflammatory bowel disease, deranged liver function tests and all forms of liver disease including viral hepatitis. Diagnostic and therapeutic endoscopy including gastroscopy, colonoscopy, stricture dilatation, endoscopic mucosal resection of pre-cancerous lesions and percutaneous endoscopic gastrostomy.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Nowlan Selvaplatt

General gastroenterology including an interest in chronic liver disease, viral hepatitis, fatty liver disease and general hepatology.

NHS trust base: Imperial College Healthcare NHS Trust

Dr Sameer Zar

Therapeutic endoscopy and colonoscopy, ERCP, EUS, upper and lower GI cancer, liver, biliary and pancreatic diseases, dyspepsia, IBS, colitis, gastrointestinal motor disorders, jaundice, food allergy.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust and Royal Marsden NHS Foundation Trust

General medicine

Dr Tarek Antonios

All aspects of hypertension including hypertension in young patients, elderly patients, in pregnancy, secondary and severe hypertension, resistant hypertension, low blood pressure, non-drug treatment of hypertension.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Adrian Draper

General (internal) medicine, respiratory medicine.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Akinwale David Makanjuola

Microscopic haematuria, hypertension, vasculitis, renal stones.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

General surgery

Mr Muti Abulafi

Colonoscopy, haemorrhoids removal, gastroscopy, hernia surgery, anal fistula and anal fissure surgery.

NHS trust base: Croydon Health Services NHS Trust

Mr Ashish Gupta

Laparoscopic colorectal surgery for cancer, proctology including HALO for haemorrhoids, fissure, fistula treatment, abdominal pain, hernia treatment and colonoscopy.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Zaynab Jawad

General surgery including hernias and lumps and bumps.

NHS trust base: London North West University Healthcare NHS Trust

Professor Omar Khan

Cholecystectomy, laparoscopic surgery, bariatric surgery, anti-reflux surgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Trystan Lewis

Laparoscopic and gastrointestinal surgery including laparoscopic cholecystectomy, laparoscopic hernia repair, incisional hernia, umbilical hernia, anti-reflux surgery, pilonidal surgery and lumps and bumps.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Simon Monkhouse

Weight loss surgery – gastric band, gastric bypass, gastric balloon, sleeve gastrectomy, swallowable gastric balloon (Allurion). Laparoscopic hernia and gallbladder surgery, laparoscopic anti-reflux surgery, endoscopy (gastroscopy +/- therapy).

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Dhiren Nehra

Laparoscopic and gastrointestinal surgery, OGD and colonoscopy, laparoscopic cholecystectomy and anti-reflux including LINX magnetic anti-reflux implant procedure, daycase surgery including hernia repairs with mini-incision double mesh technique under local anaesthetic, lumps and bumps, pilonidal sinus, haemorrhoids, anal fissures and fistula in ano.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr A Shiyam Nizar

Laparoscopic surgery for colorectal disease, anorectal disorders, Rafaelo® and HALO procedures for haemorrhoids, endoscopy and colonoscopy, hernia repair.

NHS trust base: Frimley Health NHS Foundation Trust

Mr Mohammad Raja

Laparoscopic procedures, colorectal cancer, abdominal pain, colorectal surgery (lower GI), colonoscopy, lipomas, inguinal scrotal disorders, endoscopy – upper GI, pelvic floor and GI motility disorders, incisional hernia.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Professor Marcus Reddy

Gastrointestinal surgery, weight loss/bariatric surgery, laparoscopic surgery including Stretta® and Linx®, endoscopy, hernias and emergency surgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Parvinderpal Sains

General surgery, coloproctology, laparoscopic surgery.

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Arun Shanmuganandan

Skin lesions – lipoma and sebaceous cysts.

NHS trust base: Croydon Health Services NHS Trust

Mr George (Georgios) Vasilikostas

Laparoscopic surgery, hernia surgery, cholecystectomy, bariatric surgery, abdominal wall hernia surgery, anti-reflux surgery, gallstones (cholecystectomy), laparoscopic divarication repair.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Andrew Wan

Bariatric surgery, gallbladder surgery, hernia surgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Nicholas West

Laparoscopic and minimally invasive surgery including hernia surgery, colorectal surgery, lumps and bumps, abdominal pain.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Gynaecology

Miss Zahra Ameen

Ambulatory gynaecology (including outpatient hysteroscopy), acute gynaecology and early pregnancy scanning, management of general gynaecological conditions, management of miscarriage, outpatient hysteroscopy.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Pandelis Athanasias

Minimal access surgery (laparoscopy and hysteroscopy), Endometriosis, colposcopy, HRT and menopause, fibroids, ovarian cysts.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mrs Carolyn Croucher

Ovarian cysts, PCOS, menstrual disorders, fibroids, HRT, menopause, hysteroscopy, colposcopy and vulvoscopy, laparoscopy, infertility and assisted conception.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Sourav Das

Minimal access surgery (including laparoscopic hysterectomy, ovarian cystectomy and hysteroscopy), managing fibroids (including open and laparoscopic myomectomy and trans cervical resection of fibroids), managing menstrual disorders.

NHS trust base: St Georges University Hospitals NHS Foundation trust

Dr Sangeetha Devarajan

Management of menstrual disorders, hysteroscopic procedures (resection of fibroids and polyps), acute gynaecology and early pregnancy scanning. Laparoscopic surgery (ovarian cystectomy, endometriosis, adhesiolysis for pelvic pain). Hysterectomy, HRT and menopause management.

NHS trust base: Epsom and St Helier University Hospital NHS Trust

Ms Christina Ding

Minimally invasive keyhole/laparoscopic surgery, subfertility, IVF, fibroids, endometriosis, polycystic ovaries and uterine septum/adhesions, pelvic pain, menstrual disorders (heavy/painful/irregular periods).

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Glefy Furtado

Female urogenital prolapse, complex vaginal/pelvic floor surgery, female urinary incontinence, female urethral/bladder pain/recurrent urinary tract infections, hysteroscopy, scanning, transcervical resection of fibroids, minimal access surgery (laparoscopic hysterectomy and hysteroscopy), HRT and menopause, menstrual problems and HRT.

NHS trust base: Frimley Health NHS Foundation Trust

Miss Vishalli Ghai

Menopause, endometriosis, chronic pelvic pain, heavy periods, painful periods, fibroids, ovarian cysts, abnormal smears, vulval disorders, reproductive medicine, sexual health.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Ms Lubna Haque

Abnormal smear, colposcopy, vulval problems, menstrual problems, fibroids, fibroid resection, myomectomy, hysteroscopy, hysterectomy, endometrial ablation and resection, PCOS, pelvic pain, ovarian cysts, polyps, endometriosis, PMS, postmenopausal bleeding, menopause.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Haider Jan

BSGE accredited endometriosis specialist and advanced minimally invasive gynaecological surgeon. Pelvic pain, endometriosis, fibroids, adhesions, cysts, fertility surgery, advanced hysteroscopic surgery, Ashermans, septum resection, heavy and abnormal bleeding, prolapse, menopause, HRT, premenstrual syndrome.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Sumit Kar

General gynaecology, minimal access surgery (hysteroscopy and laparoscopy) ovarian cysts, endometriosis, colposcopy, uterovaginal prolapse, menstrual disorders, fibroids, menopause and HRT.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Miss Zainab Khan

Female urology, prolapse, urogynaecology, urodynamics, hysteroscopy, incontinence, laparoscopic surgery, menopause, menorrhagia, menstrual disorders, post menopausal problems, sexual dysfunction, subfertility, urinary tract infections.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Manish Maheshwari

General gynaecology, colposcopy, laparoscopy, hysteroscopy.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Latika Narang

Colposcopy, abnormal smear, ovarian cyst, hysteroscopy, polyps, menstrual disorders, menopausal bleeding or disorders.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Minas Psychoulis

Ambulatory gynaecology (outpatient hysteroscopy procedures), colposcopy, abnormal smears, vulvoscopy, menopause and HRT, management of menstrual disorders (heavy and painful periods), management of fibroids, cysts, adenomyosis, polycystic ovarian syndrome.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Venkatesh Subramanian

General gynaecology, reproductive medicine, fertility, early pregnancy, recurrent miscarriage, hysteroscopy, laparoscopic surgery, advanced gynaecological ultrasound, ultrasound diagnosis of endometriosis, management of fibroids.

NHS trust base: King's College Hospital NHS Foundation Trust

H

Haematology

Dr Caroline Ebdon

General haematology including anaemias, ITP and haemochromatosis; malignant haematology (lymphomas, leukaemias and MGUS); myeloproliferative neoplasms; thrombosis (including thrombophilia) and bleeding disorders.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Gleb Ivanov

General haematology, lymphoma, myeloma, myeloproliferative neoplasms, thrombophilia, haemochromatosis, anaemia, thrombocytopenia.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Pawel Kaczmarek

Lymphoma, myeloma, leukaemias and other haematological malignancies. General haematological cases (anaemias, other full blood count abnormalities) and problems related to thrombosis (anticoagulation, thrombophilia, DVT) and investigation of lymphadenopathy, splenomegaly.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Simon Stern

Anaemia; general haematology; haematological oncology (myeloma, MGUS, lymphoma, leukaemia); myeloproliferative disorders; thrombosis and bleeding; haemochromatosis.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

I

Immunology

Dr Wathik Alsaud

General consultant paediatrician with special interest in allergies.

NHS trust base: Chelsea and Westminster Hospital NHS Foundation Trust

Dr Tom Marrs

Paediatric allergy only. Specialises in immunotherapy, food allergy, eczema, allergic airway disease, rhinitis, asthma diagnosis, non-IgE food allergy and management of complex allergic disease.

NHS trust base: Evelina London, at Guy's and St Thomas' NHS Trust and King's College Hospital NHS Foundation Trust

N

Nephrology (renal medicine)

Dr Akinwale David Makanjuola

Microscopic haematuria, hypertension, vasculitis, renal stones.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Neurology

Dr Colette Griffin

Traumatic brain injury/head injury, concussion, post traumatic brain injury complications (such as headaches, vertigo, cognitive impairment), discussion regarding the prevention of concussion in sport.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Paul Hart

Brain tumours, headache/migraine, epilepsy, Parkinson's disease, stroke medicine, multiple sclerosis, dementia, neuropathy, muscle disease, infections, movement disorders, neuro-ophthalmology and neuro-oncology.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Epsom and St Helier University Hospitals NHS Trust

Dr Kuven Moodley

All aspects of general neurology, including headache, movement disorders, cerebrovascular disorders, cognitive disorders, neurological complications of systemic disease, neuropathy/neuropathic pain and neuro-inflammatory diseases.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Maithili Srikantha

All aspects of general adult neurology including but not limited to headaches, cerebrovascular disease, cognitive impairment, dementia, movement disorders, multiple sclerosis and disorders of the nerve. Specialist interest in epilepsy (including first fits/'blackouts') and traumatic brain injury.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Neurophysiology

Dr Hamid Modarres

General neurology, nerve and muscle disease, epilepsy.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Surrey and Sussex Healthcare NHS Trust

Neurosurgery

Mr Pawanjit Minhas

General neurosurgery, spinal (including complex spinal), vascular and skull base neurosurgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust

O

Ophthalmology

Professor William Ayliffe

General ophthalmology, small incision cataract surgery, medical and surgical retina, squint surgery.

NHS trust base: Independent

Mr Steven Harsum

Specialist in vitreoretinal surgery, complicated cataract surgery and in medical retinal conditions such as diabetes and age-related macular degeneration.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Tina Khanam

Cornea, cataract and refractive surgeon. Corneal pathology, keratoconus, corneal transplant, pterygium surgery, cataract surgery, lid lump surgery, entropion, blepharitis, blepharoplasties, botox, dry eye treatment, red eye treatments and corneal transplants, LASIK, LASEK, SMILE, Presbyond.

NHS trust base: Moorfields Eye Hospital

Mr Edward Lee

Specialises in cataract and vitreoretinal surgeries (including premium lens implants, floaters, macula hole and epiretinal membrane) age-related macula degeneration, diabetic retinopathy and retinal vein occlusions.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Jane Leitch

General eye conditions, cataract, squint (strabismus), double vision.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Andrena McElvanney

Ocular surface and external eye disease. Allergic eye disease, and dry eye. Eyelid inflammation – medical treatment. No surgery.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Zahir Mirza

Specialist in cataract surgery, corneal disease, dry eye and blepharitis.

NHS trust base: Barts Health NHS Trust

Mr Mayank Nanavaty

Refractive eye surgery, laser eye surgery, routine and complex cataract surgery, anterior segment, premium intraocular lens surgery, external eye disorders, glaucoma and general ophthalmology.

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Miles Parnell

Specialist in glaucoma, cataract surgery and general ophthalmology. Offers all aspects of glaucoma care including medical treatment, laser treatment and the latest minimally invasive glaucoma surgery.

NHS trust base: Kingston Hospital NHS Foundation Trust

Mr Sanjay Shah

Cataract surgery, glaucoma laser treatment and surgery, intravitreal injections for age-related macular degeneration and general ophthalmology.

NHS trust base: Independent

Ms Vasuki Sivagnanavel

Cataract surgery, medical retina, age-related macular degeneration, diabetic eye disease, retinal vein occlusions, inflammatory eye disease, cataract surgery, general ophthalmology.

NHS trust base: Kingston Hospital NHS Foundation Trust

Mr Vijay Wagh

Cataract surgery, multifocal lens surgery, oculoplastic surgery, eyelid surgery, cyst/chalazion surgery, lacrimal (tear duct) surgery, dry eye treatment.

NHS trust base: Guy's and St Thomas' NHS Foundation Trust

Oral and maxillofacial

Mr Nicholas Hyde

Impacted wisdom teeth, dental alveolar, reconstructive surgery, soft tissue disorders, surgical oncology, skin lesions/tumours/cancer/oncology, oral cancer, head and neck cancer, trauma.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Rahul Jayaram

Oral and maxillofacial surgery, head and neck cancer.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Epsom and St Helier University Hospitals NHS Trust

Mr Andrew Stewart

Dentoalveolar surgery, impacted teeth, dental implants, orthognathic surgery, facial injuries, facial skin cancer, lumps and lesions of the neck, face and mouth, oral mucosal disease and temporomandibular joint disease.

NHS trust base: St George's University Hospitals NHS Foundation Trust, Kingston Hospital, Epsom and St Helier University Hospitals NHS Trust

Orthopaedics

Mr Ajeya Adhikari

Knee surgery including ligament reconstruction, arthroscopy, computer-guided, custom implant and robotic Joint replacement.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Mohammed Al-Maiyah

Foot and ankle surgery and trauma, including sports injuries, arthroscopy, ligament reconstruction, bunion surgery/correction of hallux valgus, big toe joint replacement/ hallux rigidus, arthritis of foot and ankle, joint replacement and arthrodesis, heel pain, correction of complex foot and ankle deformity.

NHS trust base: Croydon Health Services NHS Trust

Mr Sulaiman Alazzawi

Specialist in hip and knee joints including damaged cartilage, arthritis, robotic surgery, primary hip and knee replacement and revision surgery, management of painful, infected or loose hip and knee replacement and periprosthetic fractures.

NHS trust base: St George's University Hospitals NHS Foundation Trust and affiliated with the South West London Elective Orthopaedic Centre

Mr Bobby Anand

Knee surgery, including patellar surgery and robotic knee replacements, anterior knee pain and sports injuries.

NHS trust base: Croydon Health Services NHS Trust

Mr Tony Antonios

All aspect of upper limb surgery: shoulder, elbow, hands and wrist surgery. Sports injuries, wear and tear conditions and trauma injuries. All keyhole procedure of the shoulder, elbow, hands and wrist, shoulder replacement surgery and complex trauma reconstructions.

NHS trust base: Ashford and St Peter's Hospitals NHS Foundation Trust

Mr Magnus Arnander

Carpal tunnel syndrome, Dupuytren's Contracture, trigger finger, ganglion removal. All aspects of elbow, wrist and hand surgery, elective and trauma injuries. Clavicle and humerus fractures.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Sanjay Chougule

Hip replacement, knee replacement, knee arthroscopy, ankle arthroscopy, lower limb joint pain treatment (joint injections), foot and ankle surgery.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr John Dabis

ACL Rupture, knee ligament reconstruction, paediatric ligament surgery, ligament surgery (anterolateral ligament, PCL), revision ligament surgery, knee arthroscopy (including meniscal repair and meniscal transplantation), cartilage repair, anterior knee pain, revision knee surgery, degenerative knee disorders, sports injuries, osteotomy including complex intra-articular and revision osteotomy, knee replacement surgery including unicompartmental knee arthroplasty, total knee arthroplasty, revision knee arthroplasty, patellofemoral pain, patella dislocation.

NHS trust base: Kingston Hospital NHS Foundation Trust

Mr Feroz Dinah

Hip replacement and wide range of knee replacement and knee ligament reconstruction surgery.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Professor Richard Field

Hip related conditions, hip arthroscopy, hip impingement, labral repair, direct anterior approach (DAA) hip replacement, robotic assisted hip replacement, revision hip surgery, hamstring and abductor reconstruction.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Ian Gill

Foot and ankle conditions including bunions, hammer toes, neuroma and arthritis, mid-foot conditions, ankle replacement and sports injuries.

NHS trust base: Kingston Hospital NHS Foundation Trust

Mr Paul Gillespie

Hip and knee joint replacement surgery, knee arthroscopy and ligament reconstruction.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Dylan Griffiths

Shoulder and elbow: acromioclavicular joint injuries, proximal humerus fractures, clavicle fractures, humeral shaft fractures, shoulder dislocations, frozen shoulder, rotator cuff problems, subacromial bursitis/impingement, proximal and distal biceps ruptures, arthritis of shoulder, elbow fractures, elbow dislocations, elbow stiffness, elbow arthritis.

NHS trust base: Imperial College Healthcare NHS Trust

Mr Hugo Guthrie MBE

Sports knee surgery, knee arthroscopy, meniscus repair, ACL reconstruction and revision ACL, knee replacement, knee preservation/osteotomy, complex ligament reconstruction, lower limb trauma/fracture surgery.

NHS trust base: St George's University Hospitals NHS Foundation Trust, South-West London Elective Orthopaedic Centre

Mr Paul Hamilton

All conditions relating to the adult foot and ankle including sports injuries, forefoot surgery including bunions, arthroscopy, reconstruction and arthroplasty, heel pain clinic.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mrs Natasha Hossain

Specialise in all aspects of foot and ankle conditions including ankle replacements. Practise also includes minimally invasive foot surgery and reconstructive surgery.

NHS trust base: University Hospital Sussex East NHS Foundation Trust

Mr Mark Jeffery

Shoulder and upper limb: sports injuries, frozen shoulder, rugby shoulder, rotator cuff tear, dislocation, tennis elbow, arthritis, complex trauma. Advanced arthroscopic, adult reconstructive and replacement surgery.

NHS trust base: Lewisham and Greenwich NHS Trust

Mr Kumar Kunasingam

Foot and ankle specialist. Foot and ankle minimally invasive surgery/keyhole surgery, soft tissue ankle injuries, ankle arthroscopy, keyhole/minimally invasive bunion removal, achilles tendon injuries and surgery, sports medicine, flat foot related problems and surgery, trauma/broken bone/fracture foot and ankle surgery.

NHS trust base: Croydon Health Services NHS Trust

Mr Philip Mitchell

Primary and revision hip and knee replacement, management of significant bone loss in revision surgery and periprosthetic fractures.

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Arvind Mohan

Shoulder, elbow, hand and wrist surgery. Hand and wrist: Carpal tunnel, cubital tunnel syndrome, trigger finger, Dupuytren's Contracture, TFCC repair, wrist instability, arthritis. Shoulder: rotator cuff repair, instability, hydrodilatation of shoulder for frozen shoulder, rotator cuff impingement, ACJ arthritis. Elbow problems. Resurfacing and total joint replacement of shoulder, elbow, hand and wrist. Upper limb trauma. Wide awake hand and upper limb surgery. Platelet rich plasma injections for tendinopathies including tennis elbow and golfers elbow.

NHS trust base: Croydon Health Services NHS Trust

Mr Vipul Patel

Shoulder and elbow surgery (including arthroscopy, treatment of sports injuries and fractures, joint replacements).

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Ritesh Sharma

Hand surgery, wrist surgery, hand pain, hand stiffness, wrist pain, wrist stiffness, hand swelling, wrist swelling, numbness, pins and needles of the hand, carpal tunnel syndrome, trigger finger, Dupuytren's contracture, collagenase injections, De Quervain's tenosynovitis, tendonitis, arthritis of hand and wrist, ganglion, inflammation, hand injuries, wrist injuries, broken bone, fractures, scaphoid problems, cubital tunnel syndrome, tennis elbow, golfer's elbow, platelet rich plasma, sports injuries, skier's thumb; dislocation. Children's hand and wrist problems and injuries.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Andrea Sott

All foot and ankle conditions: trauma/arthritis/soft tissue/sports. Foot and ankle surgery, soft tissue injuries, achilles tendon repair, bunion removal, hammer toe. Special interest minimally invasive surgery.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust and South West London Elective Orthopaedic Centre

Mr Mark Webb

Sports injuries of the hip and knee including ACL injuries, hip impingement, meniscal tears and osteoarthritis.

NHS trust base: St George's Hospital and South West London Elective Orthopaedic Centre

Mr Joseph Windley

Primary and revision hip and knee replacement. Hip tendinopathies/trochanteric bursitis, knee arthroscopy, joint pain injections, investigation and advice on painful joint replacements, removal of metalwork.

NHS trust base: Kingston Hospital NHS Foundation Trust

Orthopaedic spinal

Mr Awaiz Ahmed

Treatment of nerve pain (sciatica and arm pain), spinal injections, minimally invasive spinal surgery, decompression and discectomies of the spine, facet joint replacements, key hole surgery for osteoporotic fractures, laser and percutaneous disc surgery, spinal injuries. Back pain and spinal pain.

NHS trust base: Croydon Health Services NHS Trust

Mr Amarjit Anand

Treats the whole spine – minimally invasive spinal surgery (MIS), degenerative spine, disc prolapse, spinal stenosis, spondylolisthesis, osteoporotic fractures, sacroiliac joint, tailbone pain (coccydynia), cervical spine pathology, second opinions.

NHS trust base: Epsom and St Helier University Hospitals NHS Trust and South West London Elective Orthopaedic Centre (SWLEOC)

Mr Oscar Garcia-Casas

Management of the lumbar and cervical disc herniations, cervical spondylotic myelopathy and degenerative spinal stenosis, spondylolisthesis, spinal trauma and vertebral fractures, spinal metastases, infection of the spine, spinal injections, osteoporotic vertebral fractures.

NHS trust base: Ashford and St Peter's Hospitals NHS Foundation Trust

Mr Michael Kotrba

Spinal procedures, mini spinal fusion, kyphoplasty, lumbar discectomy, shoulder surgery, sports injuries.

NHS trust base: Croydon Health Services NHS Trust

Mr Vishal Prasad

Spinal surgery and lumbar spinal disorders.

NHS trust base: Ashford and St Peter's Hospitals NHS Foundation Trust

P

Paediatricians

Dr John Chang

General Paediatrician specialising in respiratory conditions.

Youngest age seen: Any

NHS trust base: Croydon Health Services NHS Trust

Dr Walton D'Costa

Growth and neurodevelopmental assessment, neonatal care, vaccinations and common newborn and childhood conditions including fever, coughs and colds, wheezing, feeding difficulties, poor weight gain, reflux and colic, constipation, abdominal pain, and skin rashes and eczema.

Youngest age seen: Any

NHS trust base: Chelsea and Westminster Hospital NHS Foundation Trust

Dr Majeed Jawad

General Paediatrician specialising in cardiology, respiratory and allergy.

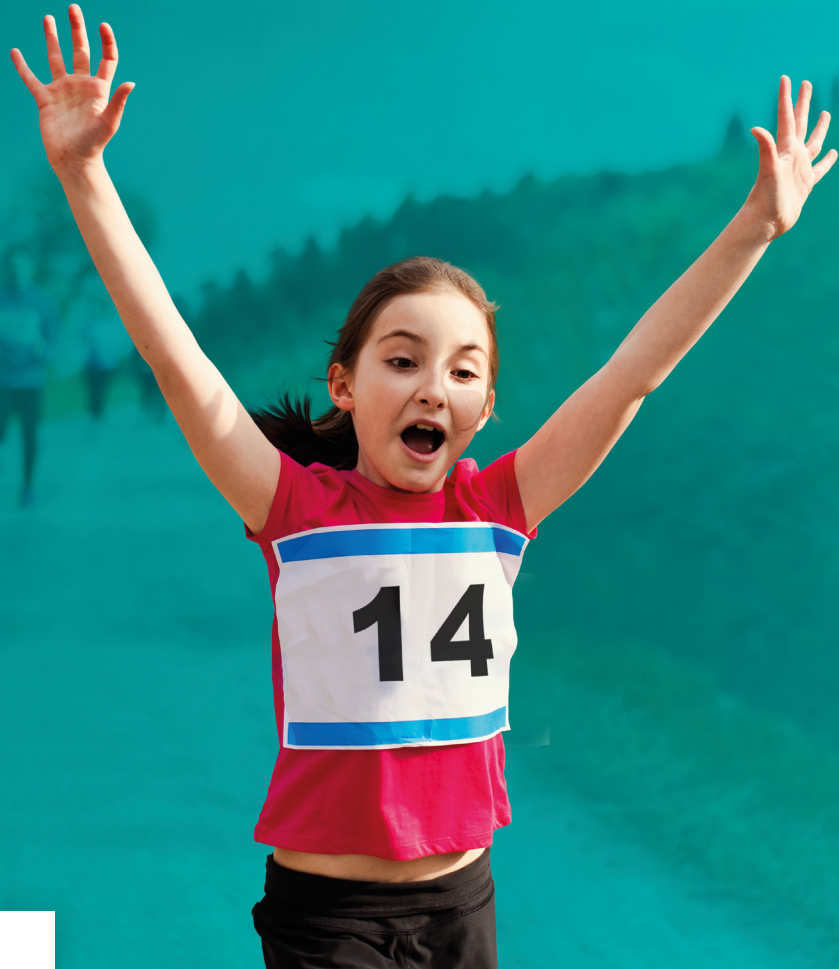

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Spire St Anthony's Hospital
Children and Young People's Service

Specialist children's services

When a child is unwell, everyone wants them to get better quickly.

That's why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

Services include:

- Allergy investigations
- Audiology
- Cardiology
- Chest wall deformity (thoracics)
- Dermatology
- Ear, nose and throat (ENT)
- Gastroenterology
- General paediatrics
- General surgery
- Gynaecology
- Imaging
- Maxillofacial
- Neurodevelopment
- Neurology
- Ophthalmology
- Orthopaedics and sports injury
- Paediatric
- Physiotherapy
- Plastics and cosmetic surgery
- Radiology
- Rheumatology
- Urology

Looking after you.

Dr Tom Marrs

Paediatric allergy only. Specialises in immunotherapy, food allergy, eczema, allergic airway disease, rhinitis, asthma diagnosis, non-IgE food allergy and management of complex allergic disease.

Youngest age seen: Any

NHS trust base: Guy's and St Thomas' NHS Trust and King's College Hospital NHS Foundation Trust

Dr Ajith Prasad

General Paediatrician specialising in paediatric allergy diagnosis and management of various allergic conditions in children, including food allergy, hay fever, eczema and chronic urticaria.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Paras Sharma

Autism, ADHD and other neurodevelopment.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Jack Singer

General Paediatrician specialising in allergies, neurodevelopment, GORD, acute and general paediatrics.

Youngest age seen: Any

NHS trust base: Independent

Paediatrics – allergy

Dr Wathik Alsaud

General Consultant Paediatrician with special interest in allergy, asthma and eczema.

Youngest age seen: Any

NHS trust base: Chelsea and Westminster Hospital NHS Foundation Trust

Dr Tom Marrs

Paediatric allergy only. Specialises in immunotherapy, food allergy, eczema, allergic airway disease, rhinitis, asthma diagnosis, non-IgE food allergy and management of complex allergic disease.

Youngest age seen: Any

NHS trust base: Guy's and St Thomas' NHS Trust and King's College Hospital NHS Foundation Trust

Dr Ajith Prasad

General Paediatrician specialising in paediatric allergy diagnosis and management of various allergic conditions in children, including food allergy, hay fever, eczema and chronic urticaria.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Paediatrics – audiology

Mr Piotr Swiatek

Hearing assessments for children.

Youngest age seen: Any

NHS trust base: Croydon Health Care Services NHS Trust

Paediatrics – cardiology

Dr John Foran

Paediatric cardiology.

Youngest age seen: Three

NHS trust base: Epsom and St Helier University Hospitals NHS Trust; Royal Brompton and Harefield NHS Foundation Trust

Dr Majeed Jawad

General Paediatrician specialising in cardiology, respiratory and allergy.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Manav Sohal

Paediatric cardiology.

Youngest age seen: 12

NHS trust base: St George's University Hospitals NHS Foundation Trust

Paediatrics – dermatology

Dr Tamara Basarab

Paediatric dermatology.

Youngest age seen: Three

NHS trust base: Independent

Dr Emanuela Campalani

Paediatric dermatology.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Christopher Harland

Paediatric dermatology.

Youngest age seen: Five

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Janakan Natkunarajah

Paediatric dermatology.

Youngest age seen: Five

NHS trust base: Kingston Hospital NHS Foundation Trust

Paediatrics – ENT

Miss Victoria Alexander

General adult and paediatric ENT; tonsillar and sinus surgery. Specialising in ear disease, hearing restoration surgery and pinnaplasty/otoplasty.

Youngest age seen: Three

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Miss Natasha Choudhury

Paediatric ENT surgery – grommets, adenoidectomy, tonsillectomy.

Youngest age seen: One

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Ravi Hehar

Paediatric ENT – tonsillectomy, adenoidectomy, insertion of grommets, release of tongue tie, nasal cautery, nasoendoscopy, hearing loss, nasal obstruction, sleep disordered breathing, nose bleeds, recurrent tonsillitis.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Kevin Kulendra

Tonsillectomy, adenoidectomy, grommet insertion, pinnaplasty, tongue tie division, microsuction, nose bleeds, excision of thyroglossal, branchial cysts, preauricular sinus excision.

Youngest age seen: Any

NHS trust base: Chelsea and Westminster NHS Trust

Mr Raj Lakhani

Paediatric ENT – tonsillectomy and adenotonsillectomy, grommets insertion, tongue tie, pinnaplasty.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust and Epsom and St Helier University Hospitals NHS Trust

Miss Sarah Little

Paediatric ENT – tonsillectomy, adenoidectomy, insertion of grommets, endoscopic sinus surgery, pinnaplasty, septoplasty.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Prince Modayil

Paediatric ENT – tongue tie release, microsuction of ears, endoscopic examination of nose and throat, nasal cautery, removal of foreign bodies, grommet insertion, adenoidectomy, tonsillectomy, tonsillotomy.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Kiran Varad

Paediatric ENT/children's ENT: children's tonsil/adenoid problems, (tonsillectomy, including coblation tonsillectomy, adenoidectomy) children's ear problems (hearing issue/ear infections/grommet insertion), children's voice/swallowing disorders, nose bleeds (nasal cautery), tongue tie release, neck lumps (thyroglossal duct cyst/branchial cyst removal).

Youngest age seen: Any

NHS trust base: Ashford and St Peter's and Royal Surrey NHS Foundation Trusts

Paediatrics – gastroenterology

Dr Derek Chan

Paediatric gastroenterology.

Youngest age seen: 16

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Sameer Zar

Paediatric gastroenterology.

Youngest age seen: 16

NHS trust base: Epsom and St Helier University Hospitals NHS Trust and Royal Marsden NHS Foundation Trust

Paediatrics – general surgery

Mr Eric Nicholls

General paediatric surgery and urology.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Professor CK Sinha

Paediatric urologist. General paediatric surgery, upper GI surgery, lower GI surgery, minimally invasive surgery, paediatric vascular anomalies.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Paediatrics – gynaecology

Mr Pandelis Athanasias

Paediatric gynaecology.

Youngest age seen: 16

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mrs Carolyn Croucher

Paediatric gynaecology – general gynaecological conditions.

Youngest age seen: Three

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Paediatrics – neurodevelopment

Dr Walton D'Costa

Growth and neurodevelopmental assessment, neonatal care, vaccinations and common newborn and childhood conditions including fever, coughs and colds, wheezing, feeding difficulties, poor weight gain, reflux and colic, constipation, abdominal pain, and skin rashes and eczema.

Youngest age seen: Any

NHS trust base: Chelsea and Westminster Hospital NHS Foundation Trust

Dr Paras Sharma

Autism, ADHD and other neurodevelopment.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Paediatrics – neurology

Dr Colette Griffin

Traumatic brain injury/head injury, concussion, post traumatic brain injury complications (such as headaches, vertigo, cognitive impairment), discussion regarding the prevention of concussion in sport.

Youngest age seen: 16

NHS trust base: St George's University Hospitals NHS Foundation Trust

Dr Paul Hart

Paediatric neurology.

Youngest age seen: 16

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Paediatrics – ophthalmology

Miss Jane Leitch

Paediatric ophthalmology – cataract, squint repair, cyst removal, removal of conjunctival lesion, antenna segment surgery, anterior dermoid removal.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Sanjay Shah

Paediatric ophthalmology.

Youngest age seen: Any

NHS trust base: Independent

Paediatrics – oral and maxillofacial

Mr Nicholas Hyde

Paediatric oral and maxillofacial surgery.

Youngest age seen: Three

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Rahul Jayaram

Paediatric oral and maxillofacial surgery.

Youngest age seen: One

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Andrew Stewart

Paediatric oral and maxillofacial surgery.

Youngest age seen: One

NHS trust base: Epsom and St Helier University Hospitals NHS Trust, Kingston Hospital NHS Foundation Trust, St George's University Hospitals NHS Foundation Trust

Paediatrics – orthopaedic

Mr Amarjit Anand

Paediatric orthopaedics – spinal.

Youngest age seen: 12

NHS trust base: Epsom and St Helier University Hospitals NHS Trust and South West London Elective Orthopaedic Centre (SWLEOC)

Mr Bobby Anand

Paediatric orthopaedics – knee.

Youngest age seen: 12

NHS trust base: Croydon Health Services NHS Trust

Mr Magnus Arnander

Paediatric orthopaedics – elbow, hand and wrist.

Youngest age seen: 13

NHS trust base: St George's University Hospitals NHS Foundation Trust

Mr Sanjay Chougule

Paediatric orthopaedics – lower limb.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr John Dabis

Paediatric orthopaedics – lower limb.

Youngest age seen: Three

NHS trust base: Kingston Hospital NHS Foundation Trust

Mr Feroz Dinah

Paediatric orthopaedics – limb fractures, ligament injuries (knees).

Youngest age seen: 10

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Dylan Griffiths

Paediatric orthopaedics – shoulder and elbow.
