

Spire Healthcare

Cosmetic surgery

The real secret of looking good is feeling good.
When you feel good on the inside, it shines
through to the outside.

Looking after you.

Cosmetic surgery used to be something for the rich and famous. But now more people – both men and women – are choosing to improve the way they look.

Our hospitals have been offering cosmetic surgery for over 25 years. The experience and expertise of our surgeons and nurses is just one of the reasons why more and more people are now choosing to come to us for their cosmetic surgery.

At Spire Healthcare we provide the highest standards of care, from the time you first get in touch with us until after your treatment is completed.

For us it's more than just treating patients, it's about looking after people.

At Spire Healthcare, we're focused on looking after you

Qualified, experienced and independent consultants

All our surgeons are consultant grade specialists, experienced in the latest techniques. They are all on the specialist register of the General Medical Council so you can be confident you'll receive sound advice. All our surgeons are independent medical professionals – working for you, their patient.

Your choice of surgeon

In our 36 locations nationwide, you have the opportunity to choose the consultant you wish to see.

The safety and care of a private hospital

With Spire Healthcare, your surgery is undertaken in the safety and comfort of a private hospital, with 24hr medical support.

Surgery at a location convenient to you

At Spire Healthcare we carry out cosmetic surgery at all of our 36 hospitals nationwide.

Advice from the start

Our step by step 'Buyers guide to cosmetic surgery' explains everything you need to think about before making your decision. If you prefer, before meeting a consultant, you may wish to have a free appointment with one of our cosmetic surgery specialist nurses.

All inclusive prices with no hidden extras

After your private consultation, we'll provide you with a firm fixed price for your procedure based on your specific requirements.

Taking the next step

For more information about cosmetic surgery, to book an appointment with one of our cosmetic surgery nurses or a consultation with a surgeon, call our cosmetic surgery team.

Alternatively, if you'd like to come along to one of our cosmetic surgery information evenings, ask our team about the next event in your area.
