Spire
Washington Hospital

2019 Consultant Directory

Expert healthcare for your patients

At Spire Washington we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained team aim to consistently achieve excellent results. For us it’s more than just treating patients, it’s about looking after people.

miles.burleigh@spirewashington.com

07952 416 023

0191 418 8687

0191 417 4833

Insured patients
Policy number and pre-authorisation code are required at the time of booking an appointment.

Please note that we can see patients under the age of 16 for out-patient consultations only

Full profiles for each consultant can be found at www.spirewashington.com

* Please see a copy of Spire Healthcare’s patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient’s individual circumstances and needs.

We’d love to help you to help your patients

Oncological management of gastrointestinal and urological malignancies including radiotherapy, chemotherapy and targeted therapy, IGRT/IMRT, colorectal cancer, chemotherapy
NHS Trust base: Newcastle General/Northern Centre for Cancer

Dr H Turnbull
Breast and lung cancer
NHS Trust base: Freeman Hospital

Dr Kathryn Wright
Breast and lung cancer
NHS Trust base: Freeman Hospital

Oral and maxillofacial

Mr J M Ryan
Cosmetic facial surgery, facial skin cancer, salivary gland disease, facial deformity
NHS Trust base: Sunderland Royal Hospital

Orthopaedic

Mr J Auyeung
Hand, wrist, soft tissue and bony, carpal tunnel syndrome, dupuytren's, rheumatoid and post-traumatic hand and wrist conditions
NHS Trust base: University Hospital North Durham

Mr P Bansal
Foot and ankle surgery, hand surgery, knee surgery
NHS Trust base: Sunderland Royal Hospital

Mr N Brewster
~~Hip replacement, Knee replacement, Knee arthroscopy~~
~~NHS Trust base: North Tees NHS Trust~~

Mr J Chakravarthy
Upper limb orthopaedics
NHS Trust base: Queen Elizabeth Hospital

Mr S Dalal
Hand, wrist, soft tissue and bony, carpal tunnel syndrome
NHS Trust base: Sunderland Royal Hospital

Mr K Devalia
Foot and ankle surgery, Ligament reconstruction, Achilles tendon reconstruction, Sports injury, Ankle replacement, Bunion surgery
NHS Trust base: Queen Elizabeth Hospital

Mr G P De Kiewiet
Limb reconstruction (lower limb joints), sports medicine, paediatrics (joint replacement), foot and ankle surgery, anterior labrum repair, young adult hip arthroscopy
NHS Trust base: Sunderland Royal Hospital

Mr P K Dixon
Knee replacement, soft tissue knee reconstruction, sports injuries
NHS Trust base: Sunderland Royal Hospital

Mr D Downen
Hip replacement, Knee replacement, Knee arthroscopy
NHS Trust base: Sunderland Royal Hospital

Mr P J Duffy
Hip Replacement, Knee Replacement, Knee arthroscopy
NHS Trust base: University Hospital North Durham

Mr B Fourie
Upper limb orthopaedics
NHS Trust base: Darlington Memorial Hospital

Mr D A Graham
Knee replacement, revision knee replacement, knee arthroscopy, soft tissue knee reconstruction (ACL) and sports injuries
NHS Trust base: Queen Elizabeth Hospital

Mr S M Green
Hip and knee arthritis and joint replacement surgery; knee arthroscopy; foot surgery
NHS Trust base: Sunderland Royal Hospital

Mr R J H Gregory
Knee surgery – soft tissue reconstruction, trauma, arthritis in young patients, knee replacement primary and revision, sports medicine
NHS Trust base: University Hospital North Durham

Mr L R Irwin
Hand, upper limb, rheumatoid disease, wrist disorders, arthroscopic
NHS Trust base: Sunderland Royal Hospital

Mr S A Jain
Medico-legal only

Cytology
Haematology
Histopathology
Immunology
Microbiology
Mycology

Clinics

Appointments: 0191 418 8687

Back pain
Continence
Cosmetic
Dietitian
Hernia
One-stop breast
Rectal bleeding
Shoulder
Spinal
Sports injury
Vascular
Weight loss

When is it appropriate to tell your patients about private self-funded treatment?

There are occasions when it is perfectly acceptable to inform or recommend to your patients the option of one-off, self-funded treatment.

When a patient wants to be seen and treated quickly.

Arranging fast private treatment

Your patient is guaranteed fast access to some of the latest facilities and diagnostic services – usually within a week of referral. If subsequent treatment is required this can usually be completed within a few weeks.

When a patient is concerned about cleanliness and clinical outcomes.

Low infection risk

Spire Healthcare was the first private hospital provider to publish clinical performance and patient reported outcomes together on their website, including information on rates of MRSA bacteraemia and Clostridium Difficile infection.

MRSA bacteraemia rates	
Cases of MRSA bacteraemia per 10,000 bed days	
Spire Washington Hospital (January 2017 - December 2017)	0.00

When a patient does not meet the criteria for NHS treatment.

No referral criteria thresholds

Referral into the NHS isn't always possible. At Spire Healthcare we don't have referral thresholds – so your patient can quickly access consultant appointments and diagnostic facilities including MRI and CT scans. Please be aware that we can see patients under the age of 16 for out-patient consultations only.

Visit www.spirehealthcare.com for more information.

When you and your patient want to choose the consultant they see.

Choose your patient's consultant

Demand the best for your patients and choose the consultant you want them to see. Your patient will see the same consultant at every appointment and they will be in full charge of their care with the support of our 24-hour resident doctor and experienced nursing team.

Fixed price treatment

After the initial consultation with the patient's chosen consultant, we'll provide an inclusive, fixed price* so there are no surprises once treatment is complete. We also offer a finance scheme that includes access to an interest-free option (0% APR representative).

Comfortable surroundings

At Spire Washington Hospital patients have access to private rooms with an en-suite shower. We offer a range of appetising meals, all prepared by our on-site chef, and delivered to their room. Visitors are welcome whenever your patient wishes.

* Please see a copy of Spire's patient terms and conditions for full detail. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Help them feel
better, faster.

Is your patient waiting too long for treatment? Then we want to help them get their health back on track.

Consultations in 48 hours for:

- Arthroscopy
- Grommet insertion
- Hysterectomy
- Joint replacement
- Pain management
- Tonsillectomy
- Varicose vein treatments

Looking after you.

Spire Washington Hospital – Education Programme

At Spire Washington Hospital we are dedicated to working closely with the Primary Care Community and have developed a new education programme with this in mind. Following on from each education event you will be provided with a certificate for inclusion in your portfolio for re-validation.

As well as a dedicated education programme, Spire Washington Hospital also offer lunch and learn sessions to GP and Practice staff. These sessions allow for complete flexibility to meet the needs of your practice and team. You can choose the day of the week, consultant and topic with all specialties relevant to general practice, including Orthopaedics, Gynaecology and Urology, ENT and General Medicine.

The lunch and learn seminars are a great opportunity to build knowledge of the latest diagnostic tools, treatments and patient management guidelines in an informal setting. Nursing staff and any district nurses attached to your practice can also attend. The GP Liaison Officer will be able to liaise with you to schedule a consultant, convenient date and suitable topic available for your chosen seminar.

To book onto an education event or arrange a lunch and learn seminar please contact ~~Miles Burleigh - GP Liaison Officer~~ via:

Email: ~~miles.burleigh@spirehealthcare.com~~
Telephone: ~~0191 418 8692~~
Mobile: ~~07952 416 023~~
