Walking into Spire Harpenden inspires confidence in both patients and staff.

Mr Harish Parmar, MAC Chairman and Consultant Orthopaedic Surgeon at Spire Harpenden Hospital

About Spire Harpenden Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all of our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results. For us it’s more than just treating patients, it’s about looking after people.

It’s our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it’s more than just treating patients, it’s about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Harpenden Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria.

We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All of our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

- All the facilities you’d expect and more**
- Our 64 private en-suite rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system.
- In addition to our private rooms, we offer:
- Extended recovery unit
 - 27 consulting rooms
 - 5 operating theatres including 4 laminar flow
 - An endoscopy suite
 - Two outpatient procedure rooms
 - Multiple outpatient testing and treatment rooms
 - Hydrotherapy pool
 - On-site TSSU – decontamination and sterilisation department
 - Paediatric outpatient services for children from birth to 18 years
 - Breast care nurses

Emergency admissions

The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Harpenden we are committed to delivering excellent individual care and customer service to all of our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained staff aim to consistently deliver excellent patient care. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our self-pay team on **01582 714 420**.

- 1 Use Spire Connect to upload the referral letter. Call **01582 714 306** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0800 585 112** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS patients

Spire Harpenden Hospital provides a range of elective surgical services to NHS patients – full details of the services offered can be found on the NHS e-Referral system (<https://www.ebs.ncrs.nhs.uk>). Our aim is to make the referral process as quick and easy as possible.

Please use the NHS e-Referral system to refer your patients to us. We are no longer able to accept referral letters from primary care by any other means (eg fax or email).

Referral letters

Referral letters for private patients can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Faxed to **0800 587 4125**
- Please refer to Spire Connect

Self-funding

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01582 714 420**
Email: info@spireharpenden.com

Our inclusive care packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Spine, foot and ankle
- Knee, hip or shoulder surgery
- Varicose vein treatment
- Hernia repair
- CT, MRI and ultrasound scans
- Cosmetic surgery
- Cataract surgery
- Endoscopy procedures
- Urology
- Gynaecology
- Dermatology
- Neurology
- Rheumatology

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Harpenden Hospital using the NHS e-Referral system. You can find full details of the services offered and make your referral via the NHS e-Referral system (<https://www.ebs.ncrs.nhs.uk>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Jacqui Waterfield on **01582 714 306** or at jacqui.waterfield@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally full day, evening or half-day sessions to provide flexibility to you. They are held on-site at Spire Harpenden Hospital or at a venue local to you.

In addition we can bring consultants to your surgery for one of your practice or cluster education sessions. You can choose the topic and date and we'll bring a lunch. GP registrars, practice nurses and any medical students are welcome too.
