

Spire Nottingham Hospital is pleased to offer a free lunch and learn service for local GP practices. One of our established consultants will visit your practice to provide an educational talk on a specialty or treatment of your choice and CPD certificates will be provided at all of our sessions.

A member of the Spire Nottingham Hospital team will also be present to provide a free lunch made by our catering team and will be available to answer any questions you may have about the hospital's services, referral process, or anything else you may wish to ask.

If you would like to book a consultant talk to be held at your surgery or if there is a specific topic you would like to know more about, please email [katy.rose@spirehealthcare.com](mailto:katy.rose@spirehealthcare.com) or call **07712670706**.
