Spire Healthcare is a leading independent hospital group in the United Kingdom and the largest in terms of revenue. We deliver high standards of care with integrity, compassion and high-quality facilities to our insured, self-pay and NHS patients. From our 39 hospitals, 10 clinics and two Specialist Cancer Care Centres across England, Wales and Scotland, we provide diagnostics, in-patient, day-case and out-patient care. We also own and operate sports medicine, physiotherapy and rehabilitation brand, Perform.

Working in partnership with over 3,800 experienced consultants, our hospitals delivered tailored, personalised care to more than 274,000 in-patients and day-case patients in 2016.

Spire Healthcare traces its roots back to the acquisition and rebranding of 25 Bupa hospitals in 2007. Since then, it has periodically added further hospitals and clinics, including 10 Classic hospitals in 2008 and, most recently, the acquisition of St Anthony's hospital in Greater London in May 2014. Since its inception, the Group has made significant capital investments of more than £725 million in its estate, and continues to deliver excellent care with leading clinical outcomes and high levels of patient satisfaction.

Imaging at Spire Nottingham Hospital

At Spire Nottingham Hospital we have a comprehensive range of diagnostic modalities which can support and enhance diagnosis. These up-to-date techniques are reported on by specialist radiologists and the findings passed on to the referring clinician.

Our radiology suite consists of:

- **3T MRI scanner** – Our wide bore 3 Tesla Siemens MRI scanner offers some of the highest level of detail and image quality currently available on the market particularly for cardiac MRI
- **CT Scanner** – Our Siemens Flash dual source CT scanner provides a full range of scans such as CT colonography and cardiac CT (including calcium scoring)
- **X-Ray** – With our x-ray and fluoroscopy units we are at the cutting edge of screening imaging
- **Ultrasound** – Our two ultrasound units are available for general body and orthopaedic scans
- **Mammography** – We have a full-field digital mammography machine and offer regular one-stop breast clinics

Spire

Nottingham Hospital

Spire Nottingham Hospital educational events

Educational events at Spire Nottingham Hospital

Spire Nottingham Hospital hosts regular educational events for GPs with consultant speakers.

The hospital also offers a Lunch and Learn programme, when a consultant comes to your surgery to provide an educational talk on a specialty or treatment of your choice.

For more information about our Lunch and Learn programme, or to view an up-to-date calendar of events, please visit www.spirenottingham.com.

For further information about GP education or any of the hospital services please contact GP Liaison Manager Katy Rose on **07712 670 706** or at katy.rose@spirehealthcare.com

Certificate provided with CPD hours for educational events.
