Looking after you.

These are the guide prices for some of the most frequently performed procedures.

After a medical assessment we can offer your patients a single, fixed price* for their treatment.

This price covers all costs relating to their care from that point on and is made up of the surgeon's fee, anaesthetist fees, hospital fees and the price of any necessary prosthesis from our standard range – if needed.

The fixed price excludes initial consultations and any initial tests, scans and investigations, they will be charged separately.
