Consultant Directory

Expert healthcare for your patients

www.spireregency.com

Looking after you.

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results. For us it's more than just treating patients, it's about looking after people.

To see a consultant at Spire Regency Hospital:

Call **01625 501 150**
Fax **01625 501 800**

A referral letter is not always required before your patient, whether they are insured or self-funding, can be seen by a consultant. Self-funding patients may be able to self-refer for cosmetic surgery, some minor treatments and physiotherapy. Please contact us for further details.

Insured patients

Scheme/policy details are required at the time of booking so that we can obtain pre-authorisation for treatment.

Self-funding patients

We can provide a tailored fixed price* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures.

For information contact our Customer Service team on

01625 505 412/406.

NHS patients

Spire Regency Hospital is accredited to provide elective surgical services to NHS patients across a range of specialties. Our aim is to make the referral process as quick and easy as possible.

You can use the NHS e-Referral system

<https://www.ebs.ncrs.nhs.uk> to refer your patients to us or alternatively, you can refer by letter or fax (please state that the referral is NHS and provide recent relevant medical history).

For assistance with NHS referrals please call **01625 507452.**

Emergency admissions

Call **01625 501 150** and ask for the nurse in charge. We'll aim to call you back within 20 minutes to update you on the progress of the admission. The hospital does not have an accident and emergency facility.

Full profiles for each consultant can be found at www.spireregency.com

* Please see a copy of Spire Healthcare's patient terms and conditions for full detail. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Customer Service Team

We're here to help:

Our Customer Service team are here to provide you guidance on the services and consultants at Spire Regency.

They can assist you with:

- Consultants at Spire Regency and their areas of expertise and special interests
- Information on our range of procedures and tests
- Arranging appointments
- Information on how soon appointments, surgery and tests can be done

They can also assist with prices for any type of treatment at Spire Regency including:

- Outpatient appointments
- Diagnostic tests – blood tests, biopsies,
- Scans and x-rays
- Physiotherapy treatment
- Surgery quotations
- Follow up consultations

B

Breast surgery

Mr Richard Johnson

Breast cancer surgery (including immediate breast reconstruction), breast enlargement/reduction and mastopexy, fat transfer to reconstruct breast surgery defects, breast reconstruction using strattice

as an alternative to back/abdominal flaps, nipple reconstruction

NHS Trust base: University Hospital of South Manchester

Clinic times: Mon eve

Mr Jalal Kokan

Breast cancer surgery (including immediate breast reconstruction), breast augmentation, mastopexy, breast reduction, nipple reconstruction, tattooing, fat transfer to reconstruct breast defects

NHS Trust base: Macclesfield District General Hospital

Clinic times: Wed/Fri pm

C

Cardiology

Dr Robin Michael Egdell

Echocardiography, adult congenital heart disorders, percutaneous coronary intervention

NHS Trust base: Macclesfield District General Hospital

Clinic times: Tue eve / Wed eve

Dr Stuart Russell

Heart failure, complex devices including implantable defibrillators and cardiac resynchronisation therapy, transthoracic echocardiography, hypertension, pre-operative assessment

NHS Trust base: Macclesfield District General Hospital

Clinic times: Thus eve

Dr Simon Williams

Heart failure, cardiac rehabilitation, device therapy (pacemakers and defibrillators), hypertension, cardiovascular risk

NHS Trust base: Wythenshawe

Clinic times: Mon eve

Cosmetic/plastic surgery and treatments

Mr Brian Musgrove

Consultant Cosmetic/Plastic Surgeon

Personal Profile

I trained in Liverpool, London and Edinburgh, with short spells in Germany and America. I am dually qualified in Medicine and Dentistry and have had extensive postgraduate training in General Surgery, Facial Plastic Surgery and Maxillofacial Surgery. I have been a Consultant and Lead Surgeon in the Department of Maxillofacial and Facial Plastic Surgery at the Central Manchester and Manchester Children's University Hospital for over twenty years from 1991 to 2013 before. I am now employed as an Independent Practitioner specialising in Facial Plastic Surgery.

I specialise in Facial Plastic Surgery including Cosmetic surgery of the face such as Rhinoplasty, Facelift, Necklift, Eyelid Surgery, Otoplasty, Jaw and Chin Surgery and have been a pioneer in Facial Feminising Surgery for over twenty years. Outside of my practice I am the founding member of The Association of Facial Plastic Surgeons (AFPS), a non-profit organisation run by a group of Maxillofacial surgeons that provides training and advice for accredited surgeons interested in facial surgery.

Clinical Interests:

Eyes, Nose, Face, Ears, Facial surgery, Oral surgery, Maxillofacial surgery, Cosmetic surgery, Non-surgical procedures, Skin cancer, Head and neck pathology, Head and neck surgery, Skin cancer, Head and neck surgery, Facial surgery, Maxillo-facial reconstructive surgery, Soft tissue injuries, Facial Feminising surgery

Individual, couples and family therapy offered

NHS Trust base: Private

Clinic times: Ad Hoc

D

Dermatology

Dr Nick Craven

Consultant Dermatologist

Professional profile

Following pre-clinical training at Cambridge University and clinical training at Oxford University I qualified in medicine in 1989. I subsequently trained in Dermatology in Manchester, and was a lecturer in dermatology at the University of Manchester from 1994 to 1999. I spent some time in Paris training in the diagnosis and management of severe cutaneous drug eruptions. After seven years as a consultant dermatologist in East Lancashire I then moved to Macclesfield.

After ten years as a Consultant Dermatologist in East Lancashire and Macclesfield I moved to take up a position as Consultant Dermatologist and Clinical Lead at the Royal Stoke University Hospital. My main clinical interests are patch testing (investigating for skin allergies causing contact dermatitis), dermoscopy (a non-invasive method for visualising skin lesions and inflammatory conditions), skin cancer management, cutaneous surgery and managing cutaneous drug reactions.

I am a member of the Specialist Skin Cancer Multi-disciplinary Team based at the University Hospitals of North Midlands.

Clinical Interests

Patch testing for allergies, Dermatological surgery, Skin Cancer, Dermoscopy, Cutaneous drug reactions

NHS Trust base:

Consultant Dermatologist and Clinical Lead, University Hospitals of North Midlands (based at Royal Stoke University Hospital)

Clinic Times:

Fri pm

Dr Gavin Wong

Skin cancer, inflammatory skin disease, skin lesions

NHS Trust base: University Hospital of South Manchester

Clinic times: Thu am

E

Endocrinology

Dr Naveed Younis

Endocrinology and diabetes, endocrine/diabetes services, general medicine, general medical services

NHS Trust base: University Hospital of South Manchester

Clinic times: Alt Mon pm

ENT

Mr Andrew Camilleri

Middle ear surgery, Paediatrics, Cosmetic rhinoplasty
NHS Trust base: Macclesfield District General Hospital/University Hospital of South Manchester

Clinic times: Alt Fri pm

Mr J Elgan Davies

Rhinology and endoscopic sinus surgery, otolaryngology, paediatrics, tonsillectomy/adenoidectomy, septorhinoplasty, cosmetic rhinoplasty, dizzy patients, middle ear surgery

NHS Trust base: Macclesfield District General Hospital/Leighton Hospital, Crewe

Clinic times: Thu eve

Mr Jonathan A J Deans

Otolaryngology, head and neck surgery, paediatrics, tonsillectomy/adenoidectomy, polypectomy, septorhinoplasty, cosmetic rhinoplasty

NHS Trust base: Leighton/Macclesfield District General Hospital

Clinic times: Mon am/Tues pm

Mr Rohit Kumar

Clinic times: Wed am - flexible slots

Mr Conrad Yuen

Glaucoma, cataract surgery, lacrimal disorders, oculoplastic surgery

NHS Trust base: Stockport NHS

Clinic times: Mon am

Orthopaedic surgery and treatments

Mr Keith Anthony Barnes

Consultant Orthopaedic Surgeon

I am a fully trained Orthopaedic Surgeon specialising in hip and knee replacements, trauma and revision of failed/worn hip replacements.

As a Charnley Fellow, I trained at Wrightington Hospital and had previously worked at Massachusetts General Hospital and in most of the hospitals linked to the Liverpool Orthopaedic Rotation. My current NHS base is at Macclesfield District General hospital.

In both my NHS and Private practice I routinely perform a high volume of joint replacement surgery and carry out over three times the national average rates for joint replacement surgeries.

I am a Fellow of the Royal College of Surgeons and a member of the British Orthopaedic Association.

Clinical Interests include:

Orthopaedic Surgery, Hip surgery, hip revision surgery, Knee surgery, signature knee replacement.

NHS Trust base:

Macclesfield District General Hospital

Clinic Times:

Mon pm/Tue am/Wed pm/alt Thu pm

Mr Jochen Fischer

Consultant Orthopaedic Surgeon

I'm a fully trained Orthopaedic, Trauma and Upper Limb Surgeon specialising in the treatment of conditions affecting the shoulder, elbow, wrist and hand including degenerative conditions, sports injuries and fractures with an emphasis on minimally invasive and arthroscopic surgery. I've also got wide-ranging experience in shoulder arthroplasty.

After graduating from Medical School at the University of Heidelberg my training took me from Germany to the north-west of England. This included fellowship training in some of the most prestigious departments for hand and upper limb surgery like Derby and Wrightington and far-away places like Soweto and Indianapolis.

I offer a personalised service with a treatment plan that is tailor-made to a patient's individual needs and expectations. During an initial consultation patients undergo a detailed assessment of their problem. I use a portable Ultrasound scanner in the clinic when indicated and this often proves to be very useful in the assessment of shoulder conditions. I very much prefer to maximise non-operative treatment before considering the surgical options.

I've carried out research and published on a wide range of topics and I regularly teach on a number of different courses.

Clinical Interests:

Upper limb, arthroscopic surgery of the and/wrist/elbow/shoulder, arthroplasty and fracture treatment.

NHS Trust Base:

Macclesfield District General Hospital

Clinic Times:

Mon eve / Wed pm / Fri am

Mr Tahir Mahmud

Consultant Orthopaedic Surgeon

Mr Tahir Mahmud is an experienced fellowship trained Consultant Knee Surgeon specialising in both sports injuries and arthritis.

Upon graduating from University College London Medical School in 2000 he completed his specialist surgical training in the North West Thames London region. He trained at St Mary's, Charing Cross, and Chelsea and Westminster Hospitals and undertook fellowship training in sports knee surgery. He was then selected to undertake a yearlong fellowship in complex knee and hip joint replacement surgery at the prestigious University of Western Ontario in Canada.

Since being appointed Consultant Orthopaedic Surgeon at Macclesfield District General Hospital he has built up a busy practice in lower limb surgery dealing with complex knee problems and is the lead surgeon for sports related knee injuries. Mr Mahmud treats both professional, and amateur, sportsmen and women.

Clinical interests include:

Knee ligament reconstruction surgery (Anterior Cruciate Ligament), meniscal repair and cartilage regeneration, complex total knee replacement, and minimally invasive total hip replacement surgery. He has a keen interest in the enhanced recovery program for joint replacements and it is not uncommon for his patients to be discharged home the day after total knee or hip joint replacement surgery. He enjoys teaching and is heavily involved in training the surgeons of the future.

NHS trust base:

Macclesfield District General Hospital

Clinic times:

Mon eve, Tue eve, Alt Wed pm, Fri eve

Mr Vik Kapoor

Consultant Spinal Surgeon

Personal Profile:

I have been a Consultant Spinal Surgeon for over 11 years. I chose to be trained in this field by both orthopedic and neurosurgeons, to gain the best possible experience. My basic orthopedic training was carried out in the Wessex region. My initial spinal training as a spinal fellow was in the south coast in the spinal and neurosurgical unit at Southampton University Hospital one of the largest teaching hospitals in the South of England. I was awarded the national spinal fellowship in the Yorkshire deanery. Here again I was trained by both orthopedic spine and neurosurgeons. This enabled me to bring into my practice the best of both worlds. My entire clinical practice is now dedicated to Spine as so is my life!!

I am trained to deal with spinal conditions relating to the entire spine including neck upper back and lower back along including conditions relating to the coccyx and sacrococcygeal area.

Clinical Interests:

Minimally invasive spinal procedures, micro surgery and deformity, Microdisctomy, X-Stop interspinous devise for spinal stenosis, Vertebroplasty, for spinal fractures, Balloon Kyphoplasty and low back pain, nerve root compression, spinal injections.

NHS Trust Base:

Stepping Hill Hospital, Stockport NHS Foundation Trust.

My NHS practice base is at Stepping Hill Hospital (Stockport NHS Foundation trust).

Clinic Times:

Mon am/Wed am

Mr Mohammad Waseem Consultant Orthopaedic Surgeon

Mr Waseem is fellowship trained in UK and two travelling fellowships in Germany and Switzerland. He also holds Honorary Senior Lecturer Edge Hill University Ormskirk, Lancashire. He is an examiner for MRCS and FRCS trauma and orthopaedics and also has visiting faculty positions at SZAB University PIMS Islamabad Pakistan and Surgery, University of Health Sciences, Lahore.

He is also a visiting expert for Ministry of Health UAE.

Mr Waseem is a keen teacher who lectures nationally and internationally on trauma and upper limb surgery. He has been a member of the Court of examiners for the Royal College of Surgeons of England examining in the UK and overseas.

Clinical interests include:

Upper limb surgery, shoulder, elbow, wrist and hand joint replacements and keyhole surgery. Upper limb tendon and nerve injuries and entrapment, sports injuries, arthroscopy

NHS Trust Base:

Macclesfield District General Hospital

Clinics Times:

Mon am / Alt Wed / Tue eve

Looking after you.

When is it appropriate to tell your patients about private self-funded treatment?

There are occasions when it is perfectly acceptable to inform or recommend to your patients the option of one-off, self-funded treatment.

When a patient wants to be seen and treated quickly.

Arranging fast private treatment

Your patient is guaranteed fast access to some of the latest facilities and diagnostic services – usually within a week of referral. If subsequent treatment is required this can usually be completed within a few weeks.

When a patient is concerned about cleanliness and clinical outcomes.

Low infection risk

Spire Healthcare was the first private hospital provider to publish clinical performance and patient reported outcomes together on their website, including information on rates of MRSA bacteraemia and Clostridium Difficile infection.

MRSA bacteraemia rates

Cases of MRSA bacteraemia per 10,000 bed days

|--|------|

| | |
|--|------|
| NHS* (January 2016 – December 2016) | 0.09 |
|--|------|

*NHS data taken from <https://www.gov.uk/government/statistics/mrsa-bacteraemia-annual-data>

When a patient does not meet the criteria for NHS treatment.

No referral criteria thresholds

Referral into the NHS isn't always possible. At Spire Healthcare we don't have referral thresholds – so your patient can quickly access consultant appointments and diagnostic facilities including MRI and CT scans.

Visit www.spirehealthcare.com for more information.

When you and your patient want to choose the consultant they see.

Choose your patient's consultant

Demand the best for your patients and choose the consultant you want them to see. Your patient will see the same consultant at every appointment and they will be in full charge of their care with the support of our 24-hour resident doctor and experienced nursing team.

Fixed price treatment

After the initial consultation with your chosen consultant, we'll quote an inclusive, fixed price* for all treatment. So there are no surprises once treatment is complete. We also offer two finance schemes, including access to an interest-free option (0% APR representative).

Comfortable surroundings

At Spire Regency Hospital patients have their own private room with en-suite shower. We offer a range of appetising meals, all prepared by our on-site chef, and delivered to their room. Visitors are welcome whenever your patient wishes.

* Please see a copy of Spire's patient terms and conditions for full detail. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Spire

Regency Hospital
Macclesfield

NHS e-Referral service at Spire Regency Hospital

Spire Regency Hospital is an approved provider for NHS patients under the Standard Acute Contract.
We welcome routine and urgent GP referrals to our NHS Choose and Book clinics.

How to refer patients for NHS Choose and Book services at Spire Regency Hospital

Patients can be referred as follows:

- Directly through the Choose and Book system
- Manual referrals via either:
Secure fax: **01625 505433**
NHS appointments telephone line: **01625 507452**

Routine and urgent appointments accepted
(cancer referrals excluded)

For any Choose and Book queries, please contact the NHS team on **01625 507452**.

Patients are normally seen within 4 weeks of receipt of referral and further treatment is provided within the 18 week pathway.

Orthopaedic triage services

Patients with an Oxford hip and knee score below 22 can now be directly referred to Spire Regency.
