Consultant Clinic Referral Guide

[www.spirestanthonys.com](http://www.spirestanthonys.com)

*Looking after you.*

## This clinic referral guide has been produced for GPs as a quick reference to Spire St Anthony's consultants and clinic availability.

### Referring a patient

We are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us, until after their treatment is complete. Our dedicated and highly trained staff aim to consistently achieve excellent results. For us it's more than just treating patients, it's about looking after people.

A referral letter is always required from you before any insured patient can be seen by a consultant. Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred.

#### Referral forms online

You can download referral forms at [www.spirestanthonys.com](http://www.spirestanthonys.com) from the GP info section.

#### How to make a referral

The referral can be:

- emailed securely to [spire.stanhs@nhs.net](mailto:spire.stanhs@nhs.net) using your NHS mail account (including private patients)
- faxed to **020 8337 0816**
- submitted via GP Connect, our online referral portal [www.spirehealthcare.com/GPConnect](http://www.spirehealthcare.com/GPConnect)

*Looking after you.*

For most consultants, appointments can be made by calling the hospital booking teams. An alternative contact number has been provided in instances when the consultant's secretary must be contacted directly.

New consultants that have joined Spire St Anthony's Hospital since the previous edition are highlighted in pink.
