If you have any questions about the hospital, please call our GP Liaison Team on 020 8335 4545.

Expedited/unplanned admissions

Please call to discuss your patient's requirements by telephoning our main reception on 020 8337 6691 and asking for the nurse in charge.

The hospital does not have an accident and emergency facility.

How to refer your patients

We are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us, until after their treatment is complete.

Our dedicated and highly trained staff aim to consistently achieve excellent results. For us it's more than just treating patients, it's about looking after people.

A referral letter is always required from you before any insured patient can be seen by a consultant.

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred.

Private referrals

Private referral letters can be emailed securely to spire.stanhs@nhs.net using your NHS mail account.

Our out-patient bookings team can be contacted directly on 020 8335 4678/9

You can download private referral forms at www.spirestanthons.com from the GP info section.

GP Education with Spire St Anthony's Hospital

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are free of charge and are generally evening or half-day sessions to provide flexibility to you. They are held on-site at Spire St Anthony's or at a venue local to you.

In addition we can bring consultants to your surgery for one of your practice or cluster education sessions. You can choose the topic and date and we'll bring a hamper lunch prepared by our on-site chefs. GP registrars, practice nurses and any medical students are welcome too.

How to find out about our events:

- Visit www.spirestanthonys.com and see our GP info section or contact the team using the details below.
