Online www.spireconnect.spirehealthcare.com

Insured patients

Policy number and pre-authorisation code are required at the time of booking an appointment.

Full profiles for each consultant can be found at www.spirecheshire.com

Spire Cheshire Hospital – How to refer guide

Self-funding patients

A referral letter is not essential for most specialties

Contact the self-pay enquiry line on **01925 215 029** for an appointment. Patients will be advised if a referral letter is required when making the appointment.

Patient attends appointment with referral letter if required

If diagnostic investigations or treatments are required, an all-inclusive fixed price* is provided to the patient. Patients attend the hospital for treatment

We will keep you informed of your patients progress

Patients with private medical insurance

Patient needs a referral letter

Appointments can be made by calling **01925 215 087**

The referral letter can be sent via:

- Spire Connect: www.spireconnect.spirehealthcare.com
- Fax to **0800 195 3572**
- Patients can bring it to their first appointment

Patients are advised to contact their medical insurance provider to check the treatment is covered and to get an authorisation code.

NHS patients

Referrals can be made through the NHS e-Referral system

- <https://www.ebs.ncrs.nhs.uk>

www.spireconnect.spirehealthcare.com • Referrer helpline 01925 215 096 • Referrer Relations 07548 217 424 • info@spirecheshire.com

Don't know which consultant to refer to? Visit www.spirecheshire.com, where all our consultants are listed.

Emergency admissions

Outside office hours the senior nurse in charge will assist you to contact a consultant who will make the necessary arrangements for your patient to be admitted under their care, please call **01925 265 000**. Ambulance transport is not available. The hospital does not have an accident and emergency department. During office hours Monday to Friday, 8.30am-5.30pm please call **01925 215 051**.

* Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

24-hour blood pressure monitoring

When is it appropriate to tell your patients about private self-funded treatment?

There are occasions when it is perfectly acceptable to inform or recommend to your patients the option of one-off, self-funded treatment.

When a patient wants to be seen and treated quickly.

Arranging fast private treatment

Your patient is guaranteed fast access to some of the latest facilities and diagnostic services – usually within a week of referral. If subsequent treatment is required this can usually be completed within a few weeks.

When a patient is concerned about cleanliness and clinical outcomes.

Low infection risk

Spire Healthcare was the first private hospital provider to publish clinical performance and patient reported outcomes together on their website, including information on rates of MRSA bacteraemia and Clostridium Difficile infection.

MRSA bacteraemia rates

Cases of MRSA bacteraemia per 10,000 bed days

Spire Cheshire Hospital (January 2017 – December 2017)	0.00
---	------

NHS* (April 2017 – March 2018)	0.08
-----------------------------------	------

*NHS data taken from <https://www.gov.uk/government/statistics/mrsa-bacteraemia-annual-data>

When a patient does not meet the criteria for NHS treatment.

No referral criteria thresholds

Referral into the NHS isn't always possible. At Spire Healthcare we don't have referral thresholds – so your patient can quickly access consultant appointments and diagnostic facilities including MRI and CT scans.

Visit www.spirehealthcare.com for more information.

When you and your patient want to choose the consultant they see.

Choose your patient's consultant

Demand the best for your patients and choose the consultant you want them to see. Your patient will see the same consultant at every appointment and they will be in full charge of their care with the support of our 24-hour resident doctor and experienced nursing team.

Fixed price treatment

After the initial consultation with your chosen consultant, we'll quote an inclusive, fixed price* for all treatment. So there are no surprises once treatment is complete. We also offer two finance schemes, including access to an interest-free option (0% APR representative).

Comfortable surroundings

At Spire Cheshire Hospital patients have their own private room. We offer a range of appetising meals, all prepared by our on-site chef, and delivered to their room. Visitors are welcome whenever your patient wishes.

* Please see a copy of Spire's patient terms and conditions for full detail. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Spire
Cheshire Hospital

Spire Connect serving GPs, practice staff and all healthcare professionals

Send referrals securely and instantly using our dedicated referral portal.

- Make secure online referrals for a broad range of treatments and services.
- Save time and paper.
