

Spire
Elland Hospital
Dewsbury Clinic

Private services at Spire Dewsbury Clinic

The process of organising treatment in a private hospital is much simpler than people think. Our customer service team are happy to assist with arranging appointments, diagnostic tests and treatments for patients with medical insurance or patients who simply want to pay for their own treatment.

Choosing Spire Dewsbury Clinic gives your patients access to:

- Continuous care under a consultant of your choice
- Treatment in a clean and comfortable environment
- A choice of convenient appointment times
- Free on-site parking for you and your visitors

Patients can choose to have all their consultation appointments as well as most of their diagnostic tests, pre-op clinic appointments and pre and post-surgery physiotherapy at the Dewsbury consulting rooms.

Should patients require in-patient treatment then this will be offered at Spire Elland Hospital.
