How to refer your patients

At Spire Gatwick Park we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained staff aim to consistently deliver excellent patient care. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01293 778 906**.

- 1 Use Spire Connect to upload the referral letter. Call **01293 778 973** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01293 778 919** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS patients

Spire Gatwick Park Hospital provides a range of elective surgical services to NHS patients – full details of the services offered can be found on the NHS e-Referral system (<https://www.ebs.ncrs.nhs.uk>). Our aim is to make the referral process as quick and easy as possible.

Please use the NHS e-Referral system to refer your patients to us. We are no longer able to accept referral letters from primary care by any other means (eg fax or email).

Referral letters

Referral letters for private patients can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to spire.gatwickpark@nhs.net (for private patients) or to spire.nhsteamgpk@nhs.net (for NHS patients)

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01293 778 906**
Email: info@spiregatwick.com

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Hernia repair
- Back pain treatment
- Weight loss surgery
- CT, MRI and ultrasound scans
- Cosmetic surgery
- Cataract surgery
- Endoscopy procedures

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Gatwick Park Hospital using the NHS e-Referral system. You can find full details of the services offered and make your referral via the NHS e-Referral system (<https://www.ebs.ncrs.nhs.uk>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Sarah Hayward on **07519 121 256** or at sarah.hayward@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you. They are held on-site at Spire Gatwick Park Hospital or at a venue local to you.

In addition we can bring consultants to your surgery for one of your practice or cluster education sessions. You can choose the topic and date and we'll bring a hamper lunch prepared by our on-site chefs. GP registrars, practice nurses and any medical students are welcome too.

How to find out about our events

Search '**Spire Gatwick Park GP Education**'

Call our Primary Care Team on **01293 778 973**

Email us at gatwickevents@spirehealthcare.com

GP support

Spire Gatwick Park's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

GP Liaison Officer

Our GP Liaison Officer, Sarah Hayward, is responsible for liaising with GP practices and other primary care professionals. Her role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Gatwick Park Hospital.

Sarah can be contacted on:

Phone: **01293 778 973 or 07519 121 256**

Email: sarah.hayward@spirehealthcare.com

Self-Pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment.
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment.
- Treatment of complications*

Patients can contact the team on:

Phone: **01293 778 906**

Email: info@spiregatwickpark.com

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Gatwick Park Hospital

Specialist children’s services

When a child is unwell, everyone wants them to get better quickly.

That’s why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

Services include:

- Allergy investigations
- Audiology
- Dermatology
- Ear, nose and throat (ENT)
- Gastroenterology
- General paediatrics
- Maxillofacial
- Ophthalmology
- Orthopaedics
- Physiotherapy
- Urology
