# How to refer your patients

At Spire Gatwick Park we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

## Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package\* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01293 778 906**.

- 1 Use Spire Connect to upload the referral letter. Call **01293 778 973** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

## Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01293 778 919** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

## NHS patients

Spire Gatwick Park Hospital provides a range of elective surgical services to NHS patients – full details of the services offered can be found on the NHS e-Referral system (<https://www.ebs.ncrs.nhs.uk>). Our aim is to make the referral process as quick and easy as possible.

Please use the NHS e-Referral system to refer your patients to us. We are no longer able to accept referral letters from primary care by any other means (eg fax or email).

## Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to [spire.gatwickpark@nhs.net](mailto:spire.gatwickpark@nhs.net) (for private patients) or to [spire.nhsteamgpk@nhs.net](mailto:spire.nhsteamgpk@nhs.net) (for NHS patients)

# Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01293 778 906**

Email: [info@spiregatwick.com](mailto:info@spiregatwick.com)

Our fixed price packages\* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scan
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Weight loss surgery

\*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

## Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

**The hospital does not have an accident and emergency facility.**

## GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

### GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

### Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

### NHS referrals

You may refer patients to Spire Gatwick Park Hospital under the Choose and Book scheme. Please check that the required treatment is included in the scheme. If in doubt please use the Choose and Book website to make the referral at [www.chooseandbook.nhs.uk](http://www.chooseandbook.nhs.uk).

### Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

### Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

---

For more information on Spire Connect, contact Sarah Hayward on **07519 121 256** or at [sarah.hayward@spirehealthcare.com](mailto:sarah.hayward@spirehealthcare.com)

## GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Gatwick Park GP Education**'

Call our Primary Care Team on **01293 778 973**

Email us at [gatwickevents@spirehealthcare.com](mailto:gatwickevents@spirehealthcare.com)

## GP support

Spire Gatwick Park's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

### GP Liaison Officer

Our GP Liaison Officer, Sarah Hayward, is responsible for liaising with GP practices and other primary care professionals. Her role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Gatwick Park Hospital.

[Sarah can be contacted on:](#)

Phone: **01293 778 973** or **07519 121 256**

Email: [sarah.hayward@spirehealthcare.com](mailto:sarah.hayward@spirehealthcare.com)

### Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

### One-off private treatment at a fixed price\*

- Available for in-patient and day-case procedures, subject to patient pre-assessment.
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment.
- Treatment of complications\*

[Patients can contact the team on:](#)

Phone: **01293 778 906**

Email: [info@spiregatwick.com](mailto:info@spiregatwick.com)

\*Spire Healthcare patient terms and conditions apply.

# Clinics and services

## Diagnostic imaging

### Opening times

Monday to Friday **9.30am – 9.30pm**

Saturday **9am – 5pm (MRI only)**

Appointments usually within 48 hours of a referral.

### Diagnostic imaging services include:

- Abdominal/pelvic imaging including prostate
- Barium studies
- Breast scanning/screening
- Cardiac CT
- Cardiac MRI
- CT guided biopsy/drainage
- CT scanning – 64 slices
- Echocardiography
- ENT
- Facet block painkilling
- Fluoroscopy
- General radiography
- Hysterosalpingography
- Mammography
- MR cholangiography
- 3T MRI
- Musculo-skeletal ultrasound
- Neurological imaging
- Sialography
- Sinography
- Ultrasound (general)
- Ultrasound guided biopsy
- Ultrasound with Doppler facility for vascular work
- Urethrography
- Vascular studies
- Whole body MRI
- X-ray

Appointments: **01293 778 953**

Fax: **01293 822 837**

## Pathology

### Opening times

Monday to Friday **8.30am – 4.30pm**

Saturday **8.30am – 12pm**

### Pathology services include:

- Biochemistry
- Blood transfusion
- Endocrinology
- Haematology
- Histopathology
- Immunology
- Microbiology
- Mycology
- Tumour assays

Appointments: **01293 778 920**

Fax: **01293 822 593**

## Physiotherapy

### Opening times

Monday to Saturday (flexible appointments available including morning and evening)

### Physiotherapy services include:

- Acupuncture
- Arthritis
- Back and neck problems
- Electrotherapy

Cataract, refractive lens exchange, toric and multifocal lenses, corneal and external eye disease, macular degeneration and diabetic retinopathy.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Ijaz Sheikh

Macular degeneration, diabetic retinal retinopathy, retinal vein occlusions, cataract surgery, eyelid surgery.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Miss Kelly Weston

Cataract surgery, eyelid cyst surgery, laser eye treatment (yag laser capsulotomy), oculoplastic surgery, paediatric ophthalmology, squint surgery.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

## Oral and maxillofacial surgery

### Mr Keith Altman

Orthognathic surgery, dental implants, skin cancer surgery, facial feminization surgery.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Brian Bisase

Oral surgery including wisdom teeth, mouth conditions including mouth cancer, facial skin lumps and bumps including skin cancer removal, head and neck surgery including neck lumps and major reconstructive surgery, salivary gland disease.

**NHS trust base:** Queen Victoria Hospital NHS Foundation Trust

### Mr Michael Monteiro

Head and neck surgery, facial surgery.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

## Orthopaedic surgery

### Mr Rafid Al-Mahfoudh

Back pain, brain tumors, degenerative spine, hydrocephalus, lumbar spine disorders, neck pain, pain management, spinal surgery, vascular and/or skull base disorders, lumbar spine disorders.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Stephen Bendall

Foot and ankle surgery, hallux rigidus, big toe joint replacement, SCARF osteotomy, minimally invasive foot surgery, complex regional pain syndrome, ankle replacement, ankle arthroscopy.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Murali Bhat

Hand and wrist surgery, elbow, shoulder, sports injuries, carpal tunnel, trigger finger, Dupuytren's contracture.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Sandeep Chauhan

Full range of surgical treatments for knee problems including; arthroscopic surgery, ligament reconstruction, partial and total knee replacement and revision knee surgery, sports injuries.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Sanjay Chougule

Knee arthroscopy and knee replacement surgery, joint pain treatment (joint injections), hip replacement, foot and ankle surgery.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Majid Chowdhry

High tibial osteotomy, knee cartilage reconstruction/preservation, knee ligament reconstruction – ACL, PCL, and collateral ligament reconstruction, meniscal repair, pelvic and acetabular surgery, revision hip and knee arthroplasty, total and partial knee replacements, total hip replacements.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Thomas Crompton

General paediatric orthopaedics, bow legs, bunions, cerebral palsy, flat feet, hip dysplasia, knee pain, knock knees, limb deformity, limb lengthening.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Khalid Drabu

Minimally invasive hip surgery, revision hip surgery and knee surgery.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Richard Freeman

All aspects of foot and ankle surgery with interest in minimally invasive and arthroscopic surgery, management of sports injuries, complex trauma, including deformity correction and the management of bone infection.

**NHS trust base:** Brighton and Sussex University Hospitals NHS Trust

### Mr Praveen Inaparthi

Spectrum of adult cervical and lumbar spinal pathology with specific interest in minimally invasive (keyhole) spinal surgery. Treatment of spinal conditions including disc prolapse, spinal stenosis, cervical myelopathy, decompression, discectomy and spinal fusion.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Will Kieffer

Spinal surgery, lumbar spine disorders, pain relief.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Mohan Lal

Foot and ankle surgery, sports injuries, lower limb surgery including joint replacement, hip and knee surgery.

**NHS trust base:** Surrey and Sussex Healthcare NHS Trust

### Mr Arvind Mohan

Shoulder and elbow and hand and wrist surgeon. Hand and wrist: Carpal tunnel, cubital tunnel syndrome, trigger finger, Dupuytren's Contracture, TFCC repair, wrist instability, arthritis.

Shoulder: rotator cuff repair, instability, frozen shoulder, rotator cuff impingement, ACJ arthritis. Elbow problems. Resurfacing and total joint replacement of shoulder, elbow, hand and wrist. Upper limb trauma.

**NHS trust base:** Croydon University Hospital NHS Trust

## Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it\*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?
