How to refer your patients

At Spire Yale Hospital and Abergele Consulting Rooms we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, in most instances. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01978 268 035**.

- 1 Use Spire Connect to upload the referral letter. Call **07889 318 832** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0808 168 2882** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to spireyaleoutpatientbookings@spirehealthcare.com

Self-funding

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01978 268 035**
Email: **yalehospsteam@spirehealthcare.com**

Our fixed price packages* offer the following benefits:

- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list. All imaging referrals MUST be signed by a GP, or sent from GPs direct e-mail account.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Anwen Goodacre on **07889 318 832** or at Anwen.Goodacre@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which currently take the form of online lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants, via Zoom.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Yale GP Education**'

Call our Primary Care Team on **07889 318 832**

Email us at **Anwen.Goodacre@spirehealthcare.com**

GP support

Spire Yale's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Care Team

Our Primary Care Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Yale Hospital.

[The team can be contacted on:](#)

Phone: **07889 318 832**

Email: **Anwen.Goodacre@spirehealthcare.com**

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment.
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment.
- Treatment of complications*

[Patients can contact the team on:](#)

Phone: **01978 268 035**

Email: **yalehospsteam@spirehealthcare.com**

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Imaging

At Spire Yale the radiology department work closely with our consultants so you can rest assured that help is at hand should onward referral, treatment, surgery or advice be required following the results of your scan.

We can provide rapid access to some of the latest diagnostic imaging even if you don't have private medical insurance. With a fixed price agreed in advance you can pay for one-off private treatment when you need it.

CT imaging services include:

- Cardiac
- Colonography
- General and Musculoskeletal
- Interventional (biopsies, injections)
- Neurological imaging
- Vascular

MRI imaging services include:

- All MRI (including biliary and small bowel)
- Cardiac MR
- MPMRI (Multiparametric Prostate Imaging)
- Neurological imaging
- Whole body diffusion weighted imaging

Ultrasound imaging services include:

- General and Musculoskeletal
- Interventional including injections/aspirations and biopsies
- Vascular ultrasound (arterial and venous doppler)

Interventional procedures include:

- General aspirations
- General biopsies
- Joint injections
- Urodynamics

Appointments: **01978 268 040**

Email: **spireyalediagnosticimaging@spirehealthcare.com**

Pathology

At the Spire Yale we have a dedicated Pathology room and staff trained in Phlebotomy. The majority of blood investigations are analysed at the Pathology Laboratory at Spire Manchester.

Opening times

Monday to Friday **8am – 2pm**

Pathology services include:

- Biochemistry
- Blood transfusion
- Endocrinology
- Haematology
- Histopathology
- Immunology
- Microbiology
- Mycology
- Tumour assays

Phone: **01978 268 055**

Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

Looking after you.
