Spire Claremont has a superb facility and staff enabling it to deliver the safest and highest quality of healthcare.

Mr Peter Goodfellow, Consultant General Surgeon and MAC Chair at Spire Claremont Hospital

About Spire Claremont Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Claremont Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our rooms are set in pleasant surroundings and all have television, free wifi access and personal nurse call system

In addition:

- 46 consulting rooms
- Three operating theatres
- 12 consulting rooms
- Imaging department (including an MRI unit approved by Bupa, together with CT scans, ultrasounds and X-rays)
- Endoscopy suite (accredited by the Joint Advisory Group on Gastrointestinal Endoscopy)
- Day case unit with six patient bays
- Pharmacy
- Physiotherapy department
- Free onsite car parking
- Quality assurance
- CQC registered
- Screening of patients and colleagues for COVID-19 symptoms and extensive protection protocols, including our Patient Pathways system

How to refer your patients

At Spire Claremont we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0114 263 2114**.

- 1 Use **Spire Connect** to upload the referral letter. Call **0114 263 2114** if you have any queries
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing
- 3 We'll update you on your patients' progress

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0114 263 2114** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter
- 2 Our team will contact your patient to discuss consultants, times and dates
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant
- 4 We'll update you on your patients' progress

Spire Claremont Hospital provides a range of elective surgical services on behalf of the NHS, including gynaecology and orthopaedics. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system (<https://nww.ebs.ncrs.nhs.uk/>).

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to claremontprivatepatients@spirehealthcare.com

Self funding

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **0114 263 2114**

Email: **claremontprivatepatients@spirehealthcare.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- General surgery
- Hernia repair
- Knee, hip, or shoulder surgery
- Weight loss surgery

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Claremont Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service (<https://www.ebs.ncrs.nhs.uk/>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Nikki Keeley on **07562 694 031** or nikki.keeley@spirehealthcare.com

Spire

Claremont Hospital

Make referrals easy with Spire Connect

Spire Connect serves GPs, practice staff and all other healthcare professionals.

Send referrals securely and instantly using our dedicated referral portal today.

Looking after you.

GP education

We provide regular GP seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are usually evening, lunch or half day sessions to provide flexibility to you.

How to find out about our events

Call our Primary Healthcare Relationship Manager on **07562 694 031**

Email us at **claremontbusinessdevelopment@spirehealthcare.com**

GP support

Spire Claremont's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Care Team

Our Primary Healthcare Relationship Manager is responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Claremont Hospital, Sheffield.

They can be contacted on:

Phone: **07562 694 031**

Email: **claremontbusinessdevelopment@spirehealthcare.com**

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **0114 263 2114**

Email: **claremontprivatepatients@spirehealthcare.com**

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Endoscopy

Our Endoscopy Unit has JAG (Joint Advisory Group) Accreditation Status. This prestigious accreditation is only awarded to endoscopy units who provide a high quality service for patients and provide clear evidence that they have met all of the JAG standards.

Endoscopy services include:

- Colonoscopy
- Flexible sigmoidoscopy
- Gastroscopy

Appointments: **0114 263 2114**

Imaging

We offer a comprehensive diagnostic imaging service. Our fully-equipped on-site imaging department is always on hand to ensure we can scan any area of the body as required. We offer state-of-the-art MRI scanning in our BUPA approved MRI unit along with CT, ultrasound and X-ray.

Appointments usually within 24 hours of a referral. Reports usually within 48 hours.

CT imaging services include:

- Cardiac
- Colonography
- General and musculoskeletal
- Interventional (biopsies, injections)
- Neurological imaging
- Vascular

MRI imaging services include:

- All MRI (including biliary and small bowel)
- Cardiac MR
- MPMRI (Multiparametric Prostate Imaging)
- Neurological imaging
- Whole body diffusion weighted imaging

Ultrasound imaging services include:

- General and musculoskeletal
- Interventional including injections/aspirations and biopsies
- Vascular ultrasound (arterial and venous doppler)

Interventional procedures include:

- Fibroid embolisation and varicocele
- Peripheral artery angioplasty
- Prostate embolisation
- Sialography

Appointments: **0114 263 2115**

Directory listings

A

Audiology

Mr Mark Yardley

General ENT problems, ear disease. (ear disease, hearing loss, ear infections, perforated ear drum, mastoid disease, dizziness, tinnitus grommets. Adult and paediatric tonsillectomy, nasal problems (blocked nose, sinus disease, nose bleeds). Throat and voice problems.

Mr Peter Byrom

Hearing (aids, assessments, ENT diagnostic support), balance (vestibular assessment and rehabilitation), tinnitus (Lenire, sound devices, audiological counselling relaxation).

B

Bariatrics

Mr Roger Ackroyd

Laparoscopic gastrointestinal surgery (anti-reflux surgery, gallbladder surgery, hernia surgery), obesity surgery (laparoscopic gastric banding, laparoscopic sleeve gastrectomy, laparoscopic gastric bypass, revisional surgery, intra-gastric balloon insertion), upper GI cancer surgery.

Dr Chinnadorai Rajeswaran

Endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity, osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems, diabetes (Type1 diabetes, Type2 diabetes, prediabetes), obesity (weight management, weight management medications, weight regain).

Breast care

Miss Iman Azmy

Assessment and diagnosis of breast problems, family history and breast risk assessment, reconstructive and aesthetic breast surgery, cosmetic breast surgery (augmentation, reduction, mastopexy, correction of breast asymmetry, correction of nipple inversion).

C

Cardiology

Dr Ever Grech

General cardiology, interventional cardiology, angina, coronary artery disease, coronary angiography, coronary angioplasty, valve replacement for aortic valve disease.

Dr Paul Sheridan

Cardiology, cardiac rhythm management (cardioversion, cardiac resynchronization, pacemaker implantation, implantable defibrillators).

Clinical neurophysiology

Dr Dasaprasah Rao

Nerve conduction and EMG studies.

Colorectal surgery

Mr Talakalukoppa Amarnath

General and colorectal surgery.

Mr Shwan Amin

General and colorectal surgery, laparoscopic surgery, colonoscopy, surgery for haemorrhoids (HALO, open and laparoscopic), hernia repair, benign skin lesions, sigmoidoscopy, upper GI endoscopy, inflammatory bowel disease, change in bowel habit, management of colorectal cancer, anal fistulas and fissures.

Prof Steven Brown

General surgery (hernia treatment) endoscopy (colonoscopy) and colorectal surgery (haemorrhoids, fissures and pilonidal sinus treatments, laparoscopic surgery and treatment of constipation and faecal incontinence).

Mr Keith Chapple

Anal fissures and fistulas, bowel cancer screening, colonoscopy, endoscopy, faecal incontinence and constipation, general surgery, haemorrhoid surgery (HALO), hernia surgery, inflammatory bowel disease, laparoscopic surgery, pelvic floor surgery, pilonidal sinus, rectal bleeding.

Mr Jeff Garner

Colorectal surgery (haemorrhoids, fissure, fistula, pilonidal disease, stoma), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), laparoscopic general surgery (colorectal, gallbladder, hernia).

Mr Peter Goodfellow

Hernia surgery (open and laparoscopic, general and local anaesthetic, sportsman's groin), gallstone disease (diagnosis, laparoscopic surgery), gastrointestinal endoscopy (colonoscopy, gastroscopy, flexible sigmoidoscopy), colorectal diseases (colorectal cancer, diverticular disease, haemorrhoids).

Mr Robin Gupta

Colorectal surgery (anal fissure and fistula, colorectal cancer, Crohns disease, haemorrhoids, HALO, pilonidal sinus, ulcerative colitis), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), hernia surgery (epigastric, femoral, incisional, inguinal, paraumbilical, ventral), lumps and bumps (lipoma, lymph nodes, sebaceous cyst, skin lesion).

Mr Athur Harikrishnan

Benign anal (fissure, fistula, piles-HALO/THD, skin tags), benign skin lesions, endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), hernia repair (epigastric, groin, incisional, parastomal, umbilical), IBD surgery (Crohn's disease, ulcerative colitis), laparoscopic surgery (colorectal cancer, diverticular disease, IBD, groin hernia repair), pilonidal surgery.

Mr Arun Loganathan

Anorectal conditions (haemorrhoids, abscess, fissures, fistula), endoscopy (gastroscopy, colonoscopy), laparoscopic colorectal surgery (colorectal cancer, inflammatory bowel disease, diverticular disease), faecal incontinence, hernia surgery (laparoscopic and open), lumps and bumps.

Mr Harjeet Narula

General surgery (laparoscopic and open, hernia repairs, cholecystectomy), colorectal surgery (haemorrhoids, fistula, IBD, cancer etc) (laparoscopic and open), upper and lower GI endoscopy.

Cosmetic surgery

Miss Iman Azmy

Assessment and diagnosis of breast problems, family history and breast risk assessment, reconstructive and aesthetic breast surgery, cosmetic breast surgery (augmentation, reduction, mastopexy, correction of breast asymmetry, correction of nipple inversion).

Mr David Dujon

Breast reduction, augmentation asymmetry correction lipo filling, facelift, neck lift, MACS lift, upper and lower blepharoplasty, transconjunctival lower lid blepharoplasty, rhinoplasty, septorhinoplasty, body contouring abdominoplasty mini-abdominoplasty, fleur-de-lys abdominoplasty, liposuction, brachioplasty, laser resurfacing laser mole ablation. revision plastic surgery.

Mr David Lam

Cosmetic breast surgery, facial rejuvenation, plastic surgery, skin cancer.

Mr Andrew Morrill

Body contouring surgery (arm reduction and arm lift, abdominoplasty, thigh lift), cosmetic breast surgery (breast enlargement, breast reduction, breast uplift, breast implant removal), mole, cyst, wart and skin tag removal, prominent ear correction, upper eyelid surgery (blepharoplasty).

Mr David Ralston

Aesthetic breast surgery (augmentation, reduction, uplift and revision), body contouring (mini, standard and Fleur de Lys abdominoplasty), arm reduction and liposuction, surgical management of skin lesions (benign and malignant), scar revision.

Mr Sachin Salvi

Cataract surgery (extended depth of focus, multifocal and toric lenses), cosmetic eyelid surgery (upper and lower blepharoplasty), oculoplastic surgery (ptosis, entropion/ectropion repair, eyelid infections, periocular lumps and bumps, eyelid cancers, dry eyes, blepharitis), lacrimal surgery for watery eyes.

D

Dermatology

Dr Graham Colver

Dermatology, diagnosis and treatment of diseases of the skin, surgical treatment of benign and malignant tumours.

Dr Sophie Gaikwad

General dermatology, skin, skin lesions, skin surgery, Botox for hyperhidrosis, cryotherapy, intralesional steroid injection, hair loss, eczema, psoriasis, acne, rosacea, contact allergy, skin cancer, pigmentation problems, mole checks.

Dr Anna Muncaster

General dermatology, skin lesions, mole checks, skin cancers, skin surgery for benign lesions and skin cancers, Botox injections for axillary hyperhidrosis.

E

Endocrinology

Prof Saba Balasubramanian

Endocrine surgery (parathyroid and thyroid surgery).

Dr Chinnadorai Rajeswaran

Endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity, osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems, diabetes (Type1 diabetes, Type2 diabetes, prediabetes), obesity (weight management, weight management medications, weight regain).

Endoscopy

Mr Shwan Amin

General and colorectal surgery, laparoscopic surgery, colonoscopy, surgery for haemorrhoids (HALO, open and laparoscopic), hernia repair, benign skin lesions, sigmoidoscopy, upper GI endoscopy, inflammatory bowel disease, change in bowel habit, management of colorectal cancer, anal fistulas and fissures.

Mr Keith Chapple

Anal fissures and fistulas, bowel cancer screening, colonoscopy, endoscopy, faecal incontinence and constipation, general surgery, haemorrhoid surgery (HALO), hernia surgery, inflammatory bowel disease, laparoscopic surgery, pelvic floor surgery, pilonidal sinus, rectal bleeding.

Mr Peter Goodfellow

Hernia surgery (open and laparoscopic, general and local anaesthetic, sportsman's groin), gallstone disease (diagnosis, laparoscopic surgery), gastrointestinal endoscopy (colonoscopy, gastroscopy, flexible sigmoidoscopy), colorectal diseases (colorectal cancer, diverticular disease, haemorrhoids).

Mr Robin Gupta

Colorectal surgery (anal fissure and fistula, colorectal cancer, Crohns disease, haemorrhoids, HALO, pilonidal sinus, ulcerative colitis), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), hernia surgery (epigastric, femoral, incisional, inguinal, paraumbilical, ventral), lumps and bumps (lipoma, lymph nodes, sebaceous cyst, skin lesion).

Mr Athur Harikrishnan

Benign anal (fissure, fistula, piles-HALO/THD, skin tags), benign skin lesions, endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), hernia repair (epigastric, groin, incisional, parastomal, umbilical), IBD surgery (Crohn's disease, ulcerative colitis), laparoscopic surgery (colorectal cancer, diverticular disease, IBD, groin hernia repair), pilonidal surgery.

Mr Clive Kelty

General surgery (appendectomy, hernia repair, skin lesion removal, gastroscopy), laparoscopic surgery (anti-reflux surgery, cholecystectomy, fundoplication, hernia repair) upper GI surgery (acid reflux, Barrett's oesophagus, hiatus hernia, gallstones, oesophageal cancer, paraoesophageal hernia, stomach cancer).

Mr Arun Loganathan

Anorectal conditions (haemorrhoids, abscess, fissures, fistula), endoscopy (gastroscopy, colonoscopy), laparoscopic colorectal surgery (colorectal cancer, inflammatory bowel disease, diverticular disease), faecal incontinence, hernia surgery (laparoscopic and open), lumps and bumps.

Mr Ali Majeed

Benign liver surgery, gallbladder and gallstone surgery, hernia surgery, surgery for Gilmore's Groin, upper GI endoscopy.

Mr Harjeet Narula

General surgery (laparoscopic and open, hernia repairs, Cholecystectomy), colorectal surgery (haemorrhoids, fistula, IBD, cancer etc) (laparoscopic and open), upper and lower GI endoscopy.

Mr Krish Ravi

General surgery, hernia surgery, laparoscopic surgery (gall bladder), upper gastrointestinal endoscopy (diagnostic and therapeutic).

Ear, nose and throat (ENT)

Mr Simon Carr

General ENT, ear infections, hearing loss, dizziness, tinnitus, ear surgery (grommets, eardrum repair, protruding ears, Mastoidectomy, hearing implantation, Stapedectomy), nose and sinus surgery (endoscopic sinus surgery, Septoplasty, Septorhinoplasty), neck lumps (Submandibular gland, lymph node), lump in throat, voice, sleep apnoea.

Mrs Susan Douglas

ENT, ear surgery (myringoplasty and mastoidectomy), vertigo, ear infections, tonsillectomy, adenoidectomy, grommet insertion, Meniere's disease, tinnitus, nasal obstruction or discharge, nasal surgery.

Phone: 020 8950 9090

Mr Showkat Mirza

General ENT, Nasal (turbinoplasty, septoplasty, polypectomy, allergy), sinus (endoscopic sinus surgery), Snoring and obstructive sleep apnoea (Uvulopalatopharyngoplasty), voice disorders, ear (grommet, myringoplasty), throat (tonsillectomy, Laryngopharyngoscopy), vertigo.

Mr Olawale Olarinde

Ear conditions, facial pain and facial lesions, feeling of lump in throat, general ENT, head and neck surgery, hearing loss, nasal and sinus disease, salivary gland surgery, throat and voice disorders, thyroid and parathyroid surgery, tinnitus, vertigo and dizziness.

Mr Andrew Parker

Deafness, dizziness and balance problems, ear disease, general ENT, nasal and sinus diseases, sore throat and swallowing problems, tinnitus, voice problems.

Mr M S Thevasagayam

Grommets, FESS and other sinus surgery, septal correction, tonsillectomy and myringoplasty.

Mr Mark Yardley

General ENT problems, ear disease. (ear disease, hearing loss, ear infections, perforated ear drum, mastoid disease, dizziness, tinnitus grommets. Adult and paediatric tonsillectomy, nasal problems (blocked nose, sinus disease, nose bleeds). Throat and voice problems.

G

Gastroenterology

Dr Amer Aljoudeh

Managing liver diseases (fatty liver, abnormal liver tests, liver tumors, viral hepatitis, bile duct stones), gastrointestinal diseases (reflux, diarrhea, abdominal pain and bloating), endoscopy (gastroscopy and colonoscopy).

Mr Robin Gupta

Colorectal surgery (anal fissure and fistula, colorectal cancer, Crohns disease, haemorrhoids, HALO, pilonidal sinus, ulcerative colitis), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), hernia surgery (epigastric, femoral, incisional, inguinal, paraumbilical, ventral), lumps and bumps (lipoma, lymph nodes, sebaceous cyst, skin lesion).

Dr Greg Naylor

Upper and lower gastrointestinal disease, liver disease.

Prof Reena Sidhu

General gastroenterology, inflammatory bowel disease, irritable bowel syndrome, bloating and SIBO, Coeliac disease, gastro-oesophageal reflux disease, anaemia and obscure bleeding, small bowel enteroscopy and capsule endoscopy, endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy).

General medicine

Dr Amer Aljoudeh

Managing liver diseases (fatty liver, abnormal liver tests, liver tumors, viral hepatitis, bile duct stones), gastrointestinal diseases (reflux, diarrhea, abdominal pain and bloating), endoscopy (gastroscopy and colonoscopy).

Dr Alan Anderson

General medicine, geriatrics and stroke, rehabilitation medicine.

Dr Rodney Hughes

Respiratory and sleep disorders.

Dr Pravin Jha

Geriatric medicine (including frailty, falls, osteoporosis, Parkinson's disease, dizziness, polypharmacy and medicine management), stroke medicine, rehabilitation.

General surgery

Mr Roger Ackroyd

Laparoscopic gastrointestinal surgery (anti-reflux surgery, gallbladder surgery, hernia surgery), obesity surgery (laparoscopic gastric banding, laparoscopic sleeve gastrectomy, laparoscopic gastric bypass, revisional surgery, intra-gastric balloon insertion), upper GI cancer surgery.

Mr Talakalukoppa Amarnath

General and colorectal surgery.

Mr Shwan Amin

General and colorectal surgery, laparoscopic surgery, colonoscopy, surgery for haemorrhoids (HALO, open and laparoscopic), hernia repair, benign skin lesions, sigmoidoscopy, upper GI endoscopy, inflammatory bowel disease, change in bowel habit, management of colorectal cancer, anal fistulas and fissures.

Prof Saba Balasubramanian

Endocrine surgery (parathyroid and thyroid surgery).

Prof Steven Brown

General surgery (hernia treatment) endoscopy (colonoscopy) and colorectal surgery (haemorrhoids, fissures and pilonidal sinus treatments, laparoscopic surgery and treatment of constipation and faecal incontinence).

Mr Keith Chapple

Anal fissures and fistulas, bowel cancer screening, colonoscopy, endoscopy, faecal incontinence and constipation, general surgery, haemorrhoid surgery (HALO), hernia surgery, inflammatory bowel disease, laparoscopic surgery, pelvic floor surgery, pilonidal sinus, rectal bleeding.

Mr Jeff Garner

Colorectal surgery (haemorrhoids, fissure, fistula, pilonidal disease, stoma), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), laparoscopic general surgery (colorectal, gallbladder, hernia).

Mr Peter Goodfellow

Hernia surgery (open and laparoscopic, general and local anaesthetic, sportsman's groin), gallstone disease (diagnosis, laparoscopic surgery), gastrointestinal endoscopy (colonoscopy, gastroscopy, flexible sigmoidoscopy), colorectal diseases (colorectal cancer, diverticular disease, haemorrhoids).

Mr Robin Gupta

Colorectal surgery (anal fissure and fistula, colorectal cancer, Crohns disease, haemorrhoids, HALO, pilonidal sinus, ulcerative colitis), endoscopy (colonoscopy, flexible sigmoidoscopy, gastroscopy), hernia surgery (epigastric, femoral, incisional, inguinal, paraumbilical, ventral), lumps and bumps (lipoma, lymph nodes, sebaceous cyst, skin lesion).

Mr Athur Harikrishnan

Prof Stephen Radley

Urogynaecology (conservative and surgical management for pelvic floor disorders), urodynamic assessment, Botox, bulking injection, cystoscopy, colposuspension and sling surgery for incontinence and repair, hysterectomy and reconstructive surgery for prolapse.

Mr Jonathan Skull

Gynaecological surgery (hysteroscopy, laparoscopy, myomectomy, reversal of female sterilisation), gynaecological ultrasound scanning.

H

Hepatology

Dr Amer Aljoudeh

Managing liver diseases (fatty liver, abnormal liver tests, liver tumors, viral hepatitis, bile duct stones), gastrointestinal diseases (reflux, diarrhea, abdominal pain and bloating), endoscopy (gastroscopy and colonoscopy).

M

Metabolic medicine

Dr Chinnadorai Rajeswaran

Endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, low libido, menopause, obesity, osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems, diabetes (Type1 diabetes, Type2 diabetes, prediabetes), obesity (weight management, weight management medications, weight regain).

Musculoskeletal medicine

Dr Andrew Hogg

Sports medicine, musculoskeletal medicine (non-surgical), non-inflammatory joint pain (back, shoulder, elbow, wrist, hip, groin, knee, foot and ankle), overuse injuries (bone stress, tendinopathy), soft tissue injuries (joint, ligament, muscle, tendon), sports injuries, diagnostic imaging (MRI, ultrasound), joint injections.

N

Neurology

Dr Aijaz Khan

Neurology (dementia and cognitive neurology, Parkinson's disease and other movement disorders, general neurology and most subspecialities).

Neurosurgery

Mr Yahia Al-Tamimi

Spinal surgery (cervical disc prolapse, cervical canal stenosis, lumbar disc prolapse, lumbar canal stenosis), neurosurgery (Chiari malformation, Glioblastoma, Glioma, Hydrocephalus, Meningioma, neuro-oncology, skull base surgery).

Mr Andrew Bacon

Back and neck surgery, neurovascular surgery, trauma, complex spine.

Mr Dev Bhattacharyya

Back and neck surgery, neurosurgery, spinal surgery, back and neck pain, Trigeminal Neuralgia, epilepsy surgery, degenerative diseases.

Mr Kishor Choudhari

Brain and spinal surgery, brain (head injury, various brain tumours such as meningioma, glioma, schwannoma), vascular conditions (aneurysm, AVM, cavernoma, hydrocephalus, trigeminal neuralgia), spine disorders (cervical and lumbar disc prolapse, spinal stenosis, spondylosis, tumours).

Mr Ramez Ibrahim

Complex spine surgery, Gamma Knife radiosurgery, spinal injections for pain relief, spinal decompressions for canal stenosis, microscopic minimal access cervical and lumbar discectomies, spinal stabilisation with and without instrumented fusion (intervertebral body fusions, spinal cord tumours).

Mr Marcel Ivanov

Lumbar microdiscectomy, spinal canal stenosis, lumbar spine decompression and instrumented fusion, spinal steroid injection, anterior cervical decompression and fusion, cervical arthroplasty, posterior cervical foraminotomy, cervical laminectomy, posterior cervical decompression and instrumented fusion, intradural extramedullary spinal tumour, intradural intramedullary spinal tumour.

Mr Patrick McMullan

Back and neck surgery, back pain.

Mr Shungu Ushewokunze

Back and neck surgery, general spine.

Mr Hesham Zaki

Back and neck surgery, spinal surgery, brain tumours, Trigeminal Neuralgia, stereotactic radiosurgery.

O

Ophthalmology

Mr Nachiketa Acharya

Cataract surgery (multifocal IOL, Toric IOL, premium IOL implants), retina specialist (macular degeneration, diabetic retinopathy, retinal vein occlusion, retinal dystrophy), general ophthalmology (glaucoma, blepharitis).

Mr Simon Longstaff

General ophthalmology, small incision, no needle cataract surgery, glaucoma minimally invasive surgery.

Mr Yashin Ramkissoon

Cataract surgery (including premium lens implants), vitreo-retinal surgery (retinal detachment, macular hole, epiretinal membrane surgery, retinal laser, vitreous haemorrhage, vitreo-macular traction, floaters), general ophthalmology (blepharitis, dry eye, glaucoma).

Mr Sachin Salvi

Cataract surgery (extended depth of focus, multifocal and toric lenses), cosmetic eyelid surgery (upper and lower blepharoplasty), oculoplastic surgery (ptosis, entropion/ectropion repair, eyelid infections, periocular lumps and bumps, eyelid cancers, dry eyes, blepharitis), lacrimal surgery for watery eyes.

Mr Kurt Spiteri Cornish

General ophthalmology (including lids, lumps and cysts, medical glaucoma), routine and complex cataract surgery, lens implant operations, medical retina (diabetic retinopathy, macular degeneration), surgical retina (retinal detachment, macular hole, epiretinal membrane, myopic maculopathy, retinal degenerations).

Oral and maxillofacial surgery

Dr Greg Flint

Dental sleep medicine and sleep medicine (home sleep testing, obstructive sleep apnoea, sleep disorders, snoring treatment), headaches, migraines, orthodontics, temporomandibular joint disorders (TMJD).

Mr Omar Hussain

Simple and complex dental surgery (wisdom teeth, impacted teeth, jaw cysts and tumours), temporomandibular joint (jaw joint) problems and facial pain, skin cancer (lumps and lesions), facial trauma, salivary gland problems and tumours, Orthognathic (facial deformity surgery), medico-legal reporting.

Spire

Claremont Hospital

World-class physiotherapy services

Our dedicated physiotherapy department use highly experienced chartered physiotherapists providing expert, professional treatment for both inpatients and outpatients.

Outpatients may be referred by their consultant or GP or can contact us directly on a self-referral basis.

We can treat a wide variety of conditions including:

- Acute joint and soft tissue injuries
- Back and neck conditions including whiplash
- Chronic pain
- Post-surgery rehabilitation
- Sporting and overuse injuries
- Tendinopathies

Our physiotherapy service provides the following treatments for a range of problems:

- Degenerative disease and pain management
- Injury prevention and advice
- Manual therapy
- Radial pulse wave therapy (Shockwave)
- Rehabilitation and exercise prescription
- Soft tissue therapy
- Specialist hand therapy and splinting

Looking after you.

Spire

Claremont Hospital

Expert care every step of the way

With Spire Claremont Hospital you'll see a leading specialist in a hospital where safety comes first. When you book an appointment with us, you can be sure that you'll receive expert care in a secure environment.

Fast access to diagnosis and treatment

You can see one of our specialists quickly, because less waiting means less worrying.

Advanced technology

We use the latest technology and techniques wherever possible to get the best outcome for you.

Safety first

Our hospitals have thorough protection measures in place to keep you safe.

Orthopaedics – elbow and shoulder

Mr Amjid Ali

Shoulder surgery (arthritis, fractures, frozen shoulder, instability, rotator cuff tears, subacromial impingement), elbow surgery (arthritis, fractures, golfer's elbow, instability, stiffness, tennis elbow, ulnar nerve compression).

Mr Simon Booker

Elbow surgery (arthritis surgery, golfers/tennis elbow, ulnar nerve problems), shoulder surgery (arthroscopy, impingement surgery, joint replacement, rotator cuff repair, stabilisation).

Mr Richard Bryant

Cubital tunnel syndrome, degenerative and osteoarthritic conditions of the shoulder, elbow degenerative conditions, elbow pain (sports injuries, tennis and golfer's elbow), joint pain treatment (joint injections), rotator cuff repair, shoulder arthroscopy, shoulder dislocation/stabilisation, shoulder impingement, shoulder replacement, soft tissue injuries.

Mr David Potter

ACL joint surgery for dislocations and arthritis; arthroscopic shoulder procedures (frozen shoulder), rotator cuff repair, stabilization and sub-acromial decompression, biceps tendon repairs, fractures of the clavicle, glenoid, humerus and scapula, shoulder replacement, revision shoulder surgery.

Orthopaedics – foot and ankle

Miss Carolyn Chadwick

Achilles tendon problems, ankle arthritis, ankle arthroscopy, ankle fractures, ankle instability, bunion surgery, foot fractures, foot deformity correction, foot and ankle tendon disorders, forefoot and lesser toe problems, hindfoot arthritis, midfoot arthritis, Morton's neuroma.

Mr Howard Davies

Ankle arthritis, ankle arthroscopy (sports injuries), ankle replacement, ankle ligament reconstruction, bunion surgery, Cartiva implants, diabetic foot surgery, flat foot surgery, forefoot surgery, hammer toes, Morton's neuroma, trauma (foot and ankle).

Mr Mark Davies

Adult elective and trauma foot and ankle surgery, Achilles tendon surgery, ankle arthritis surgery, ankle fractures, arthroscopic surgery, bunion surgery, foot fractures, foot deformity correction, hindfoot arthritis, midfoot arthritis, Morton's neuroma, neuromuscular conditions.

Mr Nikhil Nanavati

Ankle (arthroscopy, replacement), articular cartilage repair (MACI), bunion (removal, treatment), ganglion removal surgery, ingrown toenail surgery, Morton's neuroma excision, Achilles (pathologies, tendon problems), ankle and big toe arthritis, foot and ankle (arthritis, deformity, surgery, problems, pain, sports and trauma), heel and forefoot pain problems.

Orthopaedics – hand and wrist

Mr Christopher Baldwin

Adult hand surgery (arthritis, burns reconstruction, carpal and cubital tunnel release, Dupuytren's disease, tumours, tendon repair and reconstruction, trauma, trigger digit), nerve surgery (compression, injury, reconstruction, tumour).

Mr Tim Halsey

Arthroscopic wrist surgery, climber's hand injuries, surgery for Dupuytren's contracture, treatment of carpal and cubital tunnel syndrome, treatment of hand and wrist arthritis, tendon injury and dysfunction (trigger finger and De-Quervain's tenosynovitis).

Mr Jayanth Paniker

Management of carpal tunnel, Dupuytren's, trigger finger and ganglion, joint replacement (small finger joints, thumb and wrist), arthroscopic surgery (wrist and thumb), ligament injuries of wrist and hand, hand and wrist fractures, delayed sequelae, tendonitis and tendon injuries.

Mr Robert Simpson-White

Hand, wrist and forearm surgery (carpal tunnel syndrome, carpal bone problems including scaphoid non-union, Dupuytren's disease, forearm bone non-union, joint replacement in the hand and wrist, osteoarthritis and rheumatoid arthritis, tendonitis, ulnar nerve problems, wrist arthroscopy).

Mr Philip Storey

Arthroscopic wrist surgery, pain relieving joint injections, surgery for Dupuytren's contracture, treatment of carpal and cubital tunnel syndrome, treatment of hand and wrist arthritis, tendon injury and dysfunction (trigger finger and De-Quervain's tenosynovitis).

Orthopaedics – hip and knee

Mr Alexander Anderson

Arthroscopic knee surgery (ACL reconstruction, meniscal/cartilage repair, patella stabilisation, multiple knee ligament re-construction) knee replacement surgery (primary and revision total knee replacement, unicompartmental/partial knee replacement, patel-lofemoral replacement/resurfacing), periarticular knee realignment osteotomies, sports injuries (tendinopathies, acute knee injuries).

Mr Jez Brown

Knee (arthroscopy, sports knee surgery, knee replacement surgery, partial knee replacement), all surgical knee problems (arthritic conditions, knee injuries, knee pain, ligament injuries and sports injuries), ligament reconstruction, osteotomy.

Mr Simon Buckley

Hip and knee arthroplasty (primary).

Mr Naren Garneti

Hip and knee replacements (primary and revision), unicompartmental knee replacement, patellofemoral joint replacement and knee arthroscopy.

Mr Andrew Gordon

Hip and knee replacement surgery.

Mr Andrew Hamer

Hip and knee (arthritis, arthroplasty, hip and knee replacement).

Mr Tim Harrison

Hip and knee replacement surgery, knee arthroscopy.

Mr Robert Kerry

Hip and knee arthroplasty (replacement) surgery.

Mr Saif Salih

Lower limb arthroplasty (hip and knee replacement).

Mr Sanjeev Sharma

Hip and knee joint replacement surgery (primary and revision), knee arthroscopic surgery (meniscectomy, loose body removal, chondroplasty, microfracture), hip and knee joint injections and aspirations.

Mr James Stoddard

Knee and sports knee surgery, (anterior cruciate ligament reconstruction, arthroscopy, Autologous Chondrocyte Implantation, multi-ligament reconstruction, partial knee and total knee replacement, management of the young arthritic knee.

Mr Paul Sutton

Knee and sports knee surgery, surgical knee problems (arthritic conditions, knee injuries, knee pain and patellofemoral instability), Ligament reconstruction, knee arthroscopy, osteochondral allografts, Autologous Chondrocyte implantation, patellofemoral stabilisation, knee replacement and partial knee replacement surgery.

Orthopaedics – spine

Mr Michael Athanassacopoulos

Spinal surgery (cervical, lumbar, complex spinal, deformity surgery).

Mr Edward Bayley

All aspects of adult spinal surgery.

Mr Lee M Breakwell

Cervical surgery for radicular pain and myelopathy, coccydynia treatment, lumbar injections for radicular leg pain, lumbar surgery for sciatica and stenosis.

Mr Ashley Cole

Cervical surgery for radicular pain and myelopathy, coccydynia treatment, lumbar injections for radicular leg pain, lumbar surgery for sciatica and stenosis.

Miss Sherya Srinivas

Spinal surgery (Back pain), surgery for neck and arm pain (ACDF), injection and surgery for leg and back pain, surgery for spinal stenosis (lumbar decompression), treatment for coccyx pain.

P

Pain management

Dr Tom Bendinger

Invasive treatment of back pain (epidurals, nerve blocks, facet joint injections, sacroiliac joint injections, radiofrequency ablation, sciatica) neck, knee and shoulder pain, non-invasive methods of pain treatment including analgesic optimisation, genicular nerves of knee blocks.

Dr Adrian Highland

Musculoskeletal radiology (MRI, CT, X-ray and ultrasound imaging of orthopaedic, rheumatology, spinal and sports injuries and conditions), image-guided intervention of joint and musculotendinous conditions and spinal problems, (treatment with percutaneous vertebroplasty).

Physician

Dr Chinnadorai Rajeswaran

Endocrine (adrenal, diabetes insipidus, erectile dysfunction, fatty liver, hirsutism, high blood pressure, hypoglycaemia, hypothyroidism, hyperthyroidism, infertility, low libido, menopause, obesity, osteoporosis, pituitary, PCOS, sweating, tiredness, thyroid problems, diabetes (Type1 diabetes, Type2 diabetes, prediabetes), obesity (weight management, weight management medications, weight regain).

Private GP

Dr Stephen Moorhead

All aspects of general medical practice, musculoskeletal problems (joint injections), psychological illness.

Psychiatry

Dr Velusamy Sivakumar

Assessment and management of memory disorders, mental health problems in late life, assessment of mental capacity in relation to lasting power of attorney, court of protection and will and testament.

R

Rheumatology

Dr Lisa Dunkley

General rheumatology (gout, inflammatory arthritis (psoriatic arthritis, rheumatoid arthritis, adults with JIA juvenile idiopathic arthritis) polymyalgia rheumatic (PMR), spondyloarthritis (axial spondyloarthritis, AS/AxSpA, enteropathic arthritis and peripheral spondyloarthritis).

S

Speech therapy

Mrs Karen E Esposito

Speech and language therapy, management of voice disorders (dysphonia).

Sports and exercise medicine

Dr Andrew Hogg

Sports medicine, musculoskeletal medicine (non-surgical), non-inflammatory joint pain (back, shoulder, elbow, wrist, hip, groin, knee, foot and ankle), overuse injuries (bone stress, tendinopathy), soft tissue injuries (joint, ligament, muscle, tendon), sports injuries, diagnostic imaging (MRI, ultrasound), joint injections.

Stroke and TIA

Dr Alan Anderson

General medicine, geriatrics and stroke, rehabilitation medicine.

U

Urology

Mr Zahir Abbasi

General urology, prostate clinic, prostate/bladder/kidney cancer or problems, PCA3 (prostate/bladder cancer screening), laparoscopic surgery, TRUS biopsies, BPH, urinary tract symptoms, well man checks, vasectomy, vasectomy reversal, oncology, PSA testing.

Prof Christopher Chapple

Urology (benign prostatic disease, bladder outlet obstruction, bladder pain syndrome/interstitial cystitis, female urology, functional urology, general urology, incontinence, lower urinary tract symptoms, overactive bladder, neurourology, reconstructive urology, underactive bladder, urinary tract infections, urodynamics, urological surgery).

Mr Marcus Cumberbatch

Bladder outflow surgery (endoscopic prostate surgery including greenlight laser prostatectomy), bladder cancer resections (endoscopic bladder tumour ablation and removal), laparoscopic and robotic urological cancer surgery (prostate cancer, renal cancer, upper tract urothelial cancer), robotic reconstructive surgery (pyeloplasty), open urological oncology surgery (renal cancer, testicular cancer).

Mr Chris Hillary

General urology.

Mr Aidan Noon

Urological cancer (bladder, prostate, testicular), general urology (urinary tract infection, male voiding problems, scrotal surgery).

Mr Nadir Osman

General urology (benign prostatic hyperplasia, bladder pain, blood in urine, erectile dysfunction, foreskin problems, prostatitis, testicular pain, testicular swelling, urinary symptoms, urine infections), neuro-urology, reconstructive urology (urethral strictures, urinary incontinence).

Mr Sanjeev Pathak

General urology, kidney and testicular cancer.

Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?
