About Spire Gatwick Park Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Gatwick Park Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure that they are looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

Spire Purpose

"Making a positive difference to people's lives through outstanding personalised care"

Hospital facilities include:

- An outpatient department with 12 outpatient consulting rooms, one minor operations room, one colposcopy suite, two treatment rooms and one dedicated ophthalmic examination room
- 27 inpatient rooms all with ensuite facilities, and 20 day care pods, five with ensuite facilities. All rooms and pods have a TV, radio through the TV and free Wi-Fi access
- An imaging department with X-ray, ultrasound, MRI and cardiac MRI and CT
- Three operating theatres, two of which have laminar air flow systems
- One endoscopy theatre
- A five bed post-anaesthetic care unit
- Two separate higher observation care beds
- Children and young people's service
- An on site pharmacy
- A physiotherapy department and sports injury clinic
- A sterile services department
- Complimentary hot beverages
- Vending machines with snacks
- 24/7 resident doctor support
- Free parking

How to refer your patients

At Spire Gatwick Park we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay Team on **01293 778 906**.

- 1 Use Spire Connect to upload the referral letter. Call **07702 883 774** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patient's progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01293 778 919** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patient's progress.

NHS referrals

Spire Gatwick Park Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedics and general surgery. Full details of the services provided can be found on, and referrals must be made via, the NHS e-Referral Service.

Private referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to spiregatwickparkoutpatientbookings@spirehealthcare.com

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our Self-pay Team on:

Phone: **01293 778 906**

Email: **info@spiregatwick.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Weight loss surgery

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Gatwick Park Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS e-Referral Service.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy or pathology, select either one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact **Karen Watts** on **07702 883 774** or at karen.watts@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

GP support

Spire Gatwick Park Hospital's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Manager

Our Primary Healthcare Relationship Manager is responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Gatwick Park Hospital.

The Primary Healthcare Relationship Manager can be contacted on:

Phone: **07702 883 774**

Email: karen.watts@spirehealthcare.com

Self-pay Team

Our Self-pay Team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for inpatient and daycase procedures, subject to patient pre-assessment
- Typically includes all consultant and hospital fees, outpatient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **01293 778 906**

Email: info@spiregatwick.com

*Spire Healthcare patient terms and conditions apply.

Resurfacing and total joint replacement of shoulder, elbow, hand and wrist. Upper limb trauma. Wide awake hand and upper limb surgery. Platelet rich plasma injections for tendinopathies including tennis elbow and golfer's elbow.

NHS trust base: Croydon Health Services NHS Trust

Mr Praveen Panose

Hip surgery, knee surgery, arthroscopic surgery, arthroplasty, trauma, keyhole surgery and minimally invasive surgery.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Vipul Patel

Shoulder and elbow surgery (including arthroscopy, treatment of sports injuries fractures and joint replacements).

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Mr Surendra Patnaik

Shoulder and elbow surgery, rotator cuff repair, shoulder stabilisation surgery, shoulder replacement, elbow arthroscopy including arthroscopic tennis elbow surgery, carpal tunnel surgery, sports knee injury surgery, knee arthroscopy, meniscal repair and ACL reconstruction.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Joideep Phadnis

Elbow surgery, shoulder surgery, arthroscopy, soft tissue injuries and sports injuries.

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr David Jonathan Redfern

Foot and ankle surgery, sports injuries, ankle instability, foot and ankle arthritis, adult flat foot problems, hallux valgus, MICA bunion surgery (creator), hallux rigidus, lesser toe deformities and minimally invasive correction.

NHS trust base: Private patients only

Mr James Ritchie

All problems of the foot and ankle in children and adults from bunions and toe problems to arthritis and fractures. Special interest in sports injuries, achilles tendon problems, biomechanical foot pain, deformity correction and total ankle replacement.

NHS trust base: Private patients only

Professor Benedict Rogers

Hip surgery, knee surgery, hip replacement, knee replacement, knee arthroscopy, sports injuries and trauma.

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Thiyaga Selvan

Shoulder surgery, shoulder related sports injuries, trauma, arthroscopic shoulder surgery, shoulder replacement, frozen shoulder.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr George Tselentakis

Primary and revision knee replacement, ligament reconstruction, cartilage regeneration, knee arthroscopy, sports injuries.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Orthopaedic spinal

Mr Praveen Inaparthi

Spectrum of adult cervical and lumbar spinal pathology with specific interest in minimally invasive (keyhole) spinal surgery. Treatment of spinal conditions including disc prolapse, spinal stenosis, cervical myelopathy, decompression, discectomy and spinal fusion.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Will Kieffer

Spinal surgery, cervical and lumbar spine disorders, pain relief.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

P

Paediatricians

Dr Assad Butt

Paediatric gastroenterology: inflammatory bowel disease, functional gastrointestinal disease, vomiting and gastroesophageal reflux, eosinophilic oesophagitis, coeliac disease, faltering growth, nutritional deficiencies, intestinal failure and parenteral nutrition support, chronic diarrhoea and food intolerances.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Thomas Crompton

General paediatric orthopaedics, bowlegs, bunions, cerebral palsy, flat feet, hip dysplasia, knee pain, knock knees, limb deformity, limb lengthening, concerns about scoliosis.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Spire

Gatwick Park Hospital

Specialist children's services

When a child is unwell, everyone wants them to get better quickly.

That's why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

Services include:

- Allergy investigations
- Audiology
- Cardiology
- Dermatology
- Ear, nose and throat (ENT)
- Endocrinology
- Gastroenterology
- General paediatrics
- General surgery
- Maxillofacial
- Ophthalmology
- Orthopaedics and spinal
- Physiotherapy
- Plastic surgery
- Podiatry
- Rheumatology
- Sports injury
- Urology

Call 01293 785 511

Looking after you.

Dr Jessie Felton

Paediatric dermatology, careful and knowledgeable care of children, with all kinds of skin problems, including eczema, birthmarks, rashes, urticaria, psoriasis, moles and viral warts. Multiple academic publications in the field of eczema genetics and rare paediatric skin conditions.

Youngest age seen: Any

NHS trust base: Croydon Health Services NHS Trust, University Hospitals Sussex NHS Foundation Trust

Dr Liong Mee Michael Hii

Paediatric gastroenterology – inflammatory bowel disease, chronic abdominal pain, constipation, gut related food allergy, gastroesophageal reflux, chronic diarrhoea, sugar intolerances (fructose/lactose/sucrose), small intestinal bacterial overgrowth, gut investigations including 24 hour PH study, hydrogen (fructose/sucrose/lactose/glucose) breath tests and endoscopy (colonoscopy and gastroscopy), video capsule endoscopy.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Kyle James

Paediatric orthopaedics: trauma, hip dysplasia, cerebral palsy, spina bifida, flat feet, knee pain, bowlegs and knock knees, foot deformities, limb deformity and limb lengthening.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Dr Majeed Jawad

General Paediatrician specialising in cardiology, respiratory and allergy.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Vinod Kolimarala

Paediatric gastroenterology including abdominal pain, eosinophilic gastrointestinal disease, gastro-oesophageal reflux disease, inflammatory bowel disease, functional constipation and recurrent vomiting.

Youngest age seen: Any

NHS trust base: Maidstone and Tunbridge Wells NHS Trust

Dr Venu (Venugopalan) Poothirikovil

Paediatric cardiology including murmur, bluishness, shortness of breath, recurrent chest infections, chest pain, palpitation, syncope. Screening of children with family history of heart disease including sudden unexpected death. Extensive experience in managing other general paediatric issues related to allergy, stomach upset, fits and funny turns, growth issues etc.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Dr Ajith Prasad

General Paediatrician specialising in paediatric allergy diagnosis and management of various allergic conditions in children, including food allergy, hay fever, eczema and chronic urticaria.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Professor CK Sinha

Paediatric urologist. General paediatric surgery, upper GI surgery, lower GI surgery, minimally invasive surgery, paediatric vascular anomalies.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Paediatrics – allergy

Dr Ajith Prasad

General Paediatrician specialising in paediatric allergy diagnosis and management of various allergic conditions in children, including food allergy, hay fever, eczema and chronic urticaria.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Paediatrics – audiology

Mr Prince Philip Punnoose

Paediatric audiology.

Youngest age seen: Any

NHS trust base: Private patients only

Paediatrics – cardiology

Dr Shrilla Banerjee

Paediatric cardiology.

Youngest age seen: 13

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Cheuk Chan

Paediatric cardiology.

Youngest age seen: 13

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Majeed Jawad

Heart murmurs, syncope (fainting) chest pain, palpitations and dizzy spells, children with ADHD referred for cardiac opinion, ECG and echocardiogram.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Venu (Venugopalan) Poothirikovil

Paediatric cardiology including murmur, bluishness, shortness of breath, recurrent chest infections, chest pain, palpitation, syncope. Screening of children with family history of heart disease including sudden unexpected death. Extensive experience in managing other general paediatric issues related to allergy, stomach upset, fits and funny turns, growth issues etc.

Dr Jessie Felton

Paediatric dermatology, careful and knowledgeable care of children, with all kinds of skin problems, including eczema, birthmarks, rashes, urticaria, psoriasis, moles and viral warts. Multiple academic publications in the field of eczema genetics and rare paediatric skin conditions.

Youngest age seen: Any

NHS trust base: Croydon Health Services NHS Trust, University Hospitals Sussex NHS Foundation Trust

Dr Minal Patel

Paediatric dermatology.

Youngest age seen: 3

NHS trust base: Sussex Community Dermatology Service

Paediatrics – endocrinology

Dr Sunil Zachariah

Paediatric endocrinology.

Youngest age seen: 16

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – ENT

Miss Natasha Choudhury

Paediatric ENT surgery, grommets, adenoidectomy, tonsillectomy.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Karan Kapoor

Paediatric ENT.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Sameer Khemani

Paediatric ENT surgery, intracapsular coblation tonsillectomy and adenoidectomy, hearing loss and chronic ear problems, tongue tie division, nasal obstruction and allergy.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Mike O'Connell

Paediatric ENT surgery, grommets, adenoidectomy, tonsillectomy, sleep apnoea, protruding ears, hearing loss, tongue tie, nosebleeds, snoring.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Guna Reddy-Kolanu

Hearing loss, ear infections, dizziness, laryngology, rhinology, blocked nose, sleep apnoea, snoring, tonsil problems, head and neck pathology.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – gastroenterology

Dr Assad Butt

Paediatric gastroenterology: inflammatory bowel disease, functional gastrointestinal disease, vomiting and gastroesophageal reflux, eosinophilic oesophagitis, coeliac disease, faltering growth, nutritional deficiencies, intestinal failure and parenteral nutrition support, chronic diarrhoea and food intolerances.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Dr Gayatri Chakrabarty

Paediatric gastroenterology.

Youngest age seen: 16

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Liong Mee Michael Hii

Paediatric gastroenterology – inflammatory bowel disease, chronic abdominal pain, constipation, gut related food allergy, gastroesophageal reflux, chronic diarrhoea, sugar intolerances (fructose/lactose/sucrose), small intestinal bacterial overgrowth, gut investigations including 24 hour PH study, hydrogen (fructose/sucrose/lactose/glucose) breath tests and endoscopy (colonoscopy and gastroscopy), video capsule endoscopy.

Youngest age seen: Any

Dr Vinod Kolimarala

Paediatric gastroenterology including abdominal pain, eosinophilic gastrointestinal disease, gastro-oesophageal reflux disease, inflammatory bowel disease, functional constipation and recurrent vomiting.

Youngest age seen: Any

NHS trust base: Maidstone and Tunbridge Wells NHS Trust

Dr Gary Mackenzie

Paediatric gastroenterology.

Youngest age seen: 16

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – general surgery

Professor CK Sinha

Paediatric urologist. General paediatric surgery, upper GI surgery, lower GI surgery, minimally invasive surgery, paediatric vascular anomalies.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Paediatrics – ophthalmology

Mr Mohamed Elalfy

Paediatric ophthalmology.

Youngest age seen: 3

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Mr Raman Malhotra

Paediatric ophthalmology, oculoplastic surgery, squints.

Youngest age seen: Any

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Miss Sengal Nadarajah

Paediatric ophthalmology.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Guy Negretti

Ocular oncology including assessment of naevi, melanomas and retinoblastoma.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Miss Sahar Parvizi

Children's eye problems including red and itchy eye, squint (strabismus), lazy eye (amblyopia), refraction/glasses check, optic discs.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – oral and maxillofacial

Mr Keith Altman

Paediatric oral and maxillofacial surgery.

Youngest age seen: Any

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Paediatrics – orthopaedic

Mr Stephen Bendall

Orthopaedic foot and ankle surgery.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Murali Bhat

Upper limb specialist treating children's problems, carpal tunnel, congenital trigger thumb, fractures etc.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Sanjay Chougule

Paediatric orthopaedics – lower limb.

Youngest age seen: 3

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Majid Chowdhry

Knee cartilage construction/preservation, knee ligament reconstruction (ACL and PCL), meniscus repair, MPFL reconstruction.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Thomas Crompton

General paediatric orthopaedics, bowlegs, bunions, cerebral palsy, flat feet, hip dysplasia, knee pain, knock knees, limb deformity, limb lengthening, concerns about scoliosis.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Richard Freeman

Paediatric foot and ankle surgery; keyhole bunion surgery, flat feet, ankle injuries, deformity correction, keyhole surgery, ligament reconstruction, heel pain.

Youngest age seen: 3

NHS trust base: Maidstone and Tunbridge Wells NHS Trust

Mr Kyle James

Paediatric orthopaedics: trauma, hip dysplasia, cerebral palsy, spina bifida, flat feet, knee pain, bowlegs and knock knees, foot deformities, limb deformity and limb lengthening.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Praveen Panose

Hip surgery, knee surgery, arthroscopic surgery, arthroplasty, trauma, keyhole surgery and minimally invasive surgery.

Youngest age seen: 3

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Joideep Phadnis

Elbow surgery, shoulder surgery, arthroscopy, soft tissue injuries and sports injuries.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr James Ritchie

All problems of the foot and ankle in children from ingrowing toe nails to heel pain and flat feet to fractures. Special interests in toe deformities, gait abnormalities, and sports injuries of the foot and ankle.

Youngest age seen: 3

NHS trust base: Private patients only

Professor Benedict Rogers

Orthopaedic hip and knee.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Thiyaga Selvan

Shoulder surgery, shoulder related sports injuries, trauma, arthroscopic shoulder surgery, shoulder replacement, frozen shoulder.

Youngest age seen: 3

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr George Tselentakis

Orthopaedic knee surgery, knee pain, arthroscopy, meniscal tear, ACL.

Youngest age seen: 13

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – orthopaedic spinal

Mr Will Kieffer

Paediatric spinal orthopaedics.

Youngest age seen: 12

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – plastic surgery

Mr Baljit Dheansa

Paediatric plastic surgery.

Youngest age seen: 3

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Mr Asit Khandwala

Paediatric plastic surgery.

Youngest age seen: 6

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Paediatrics – podiatry

Mr Eoin Baldwin

General paediatric foot problems, ingrown toenails, toe deformities.

Youngest age seen: Any

NHS trust base: Private patients only

Mr Jared Green

General paediatric podiatry.

Youngest age seen: 3

NHS trust base: Sussex Community NHS Foundation Trust

Mr Deepak Pabari

Management of foot and ankle pathology. Orthotic management and surgery for ingrowing toenails.

Youngest age seen: 1

NHS trust base: Private patients only

Paediatrics – respiratory

Dr Majeed Jawad

Coughs, acute and chronic, wheezing, asthma, repeated chest infections and allergies including eczema and food allergy and allergies to airborne allergies.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – rheumatology

Dr Raad Makadsi

Paediatric rheumatology.

Youngest age seen: 12

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Paediatrics – urology

Mr Shahid Khan

General paediatric urology, circumcision, testicle fixation, orchiopexy.

Youngest age seen: 12

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Professor CK Sinha

Paediatric urologist. General paediatric surgery, upper GI surgery, lower GI surgery, minimally invasive surgery, paediatric vascular anomalies.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Pain management

Dr Jones Kurian

Lumbar pain, myofascial pain, epidural steroid injection, nerve root block, peripheral nerve block, stellate ganglion block, trigger point injection, radiofrequency ablation.

NHS trust base: Private patients only

Dr Debajit Phukan

Lumbar pain, myofascial pain, neuropathic pain, epidural steroid injection, nerve root block, peripheral nerve block, stellate ganglion block, trigger point injection, radiofrequency ablation.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Plastic surgery

Mr Baljit Dheansa

Aesthetic breast surgery, breast reconstruction, abdominoplasty, facial plastic surgery, rhinoplasty, pinnaplasty, eyelid surgery, liposuction, labial reduction, skin cancer surgery, scar revision, surgery after excessive weight loss.

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Mr Asit Khandwala

Cosmetic surgery, hand surgery, skin cancer, breast augmentation, breast reduction, breast uplift, ear pinning, abdominoplasty, liposuction, facelift and neck lift, reconstructive surgery, eyes or blepharoplasty, medicolegal reports.

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Podiatry and podiatric surgery

Mr James Alvey

Bunions, toe deformities, neuroma, foot surgery.

NHS trust base: Sussex Community NHS Foundation Trust

Mr Eoin Baldwin

Foot surgery, bunions, toe deformities, arthritic joints, soft tissue pathologies.

NHS trust base: Private patients only

Spire

Gatwick Park Hospital

Expert care every step of the way

The specialists at Spire Gatwick Park Hospital are leading medical experts, who always put patient safety first. When patients make an appointment with us, you can be sure that they will receive expert care.

Services include:

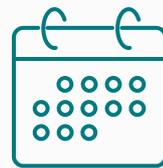

- Arthroscopy
- Grommet insertion
- Hysterectomy
- Joint replacement
- Pain management
- Tonsillectomy
- Varicose vein treatments

We offer **hundreds of tests and treatments**, some of which patients can only have privately.

We offer **rapid access** to MRI scans, X-rays and further tests, if patients need them.

Patients can be treated by a specialist of their choice, **when it's right for them.**

Call 01293 785 511

Looking after you.

Mr Jared Green

Podiatric sports injuries and lower limb musculoskeletal pathologies; iliotibial band friction syndrome, activity induced knee pain, heel pain, plantar fasciitis, bruised heel syndrome, shin splints flat feet, high arched feet tendonitis; sprain, strain, podopaediatrics; in toeing, out toeing, nail surgery, verrucae treatments, diabetic foot screen.

NHS trust base: Sussex Community NHS Foundation Trust

Mr Deepak Pabari

Comprehensive surgical, medical and orthotic management of foot and ankle pathology. Hallux valgus, hallux rigidus, hammer toes, tailor's bunionette, neuroma, ganglion, ingrowing toenails, tendon pathology, plantar fasciitis, foot and ankle arthritis, ultrasound guided injections and shockwave.

NHS trust base: Private patients only

R

Respiratory medicine

Dr Udipi Acharya

Asthma, lung tumours, obstructive sleep apnoea, persistent cough, Pleural disease, recurrent respiratory infections, type 2 respiratory failure, unexplained breathlessness.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Edward Cetti

Chronic cough, asthma, COPD, breathlessness, bronchiectasis, lung cancer, lung nodules, lung fibrosis, interstitial lung disease, lung infections, CAA asthma medicals.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Rheumatology

Dr Raad Makadsi

Inflammatory arthritis, osteoarthritis, osteoporosis, soft tissue rheumatism, muscle disease, connective tissue disease/vasculitis.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Simon Paul

General rheumatology, musculoskeletal rehabilitation, inflammatory joint and spinal disease, regional and widespread pain syndromes, neck and back pain, gout, sports injuries and rehabilitation.

NHS trust base: Private patients only

U

Urology

Mr Ammar Alanbuki

Andrology and minimal invasive prostate surgery (UroLift®), robotic kidney surgery, prostate surgery, urodynamics, urogynaecology.

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Shahid Khan

Prostate cancer, bladder cancer, kidney stones, endourology and percutaneous stone surgery, laser prostate surgery.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Junaid Masood

Stones specialist, UTI, metallic urinary stenting, LUTS, BPH, haematuria, general urology, vasectomy.

NHS trust base: Barking, Havering and Redbridge University Hospitals NHS Trust

Mr Panagiotis Papikinos

Prostate cancer diagnosis, minimally invasive prostate surgery, voiding dysfunction, stone disease, superficial bladder cancer, overactive bladder syndrome, recurrent UTIs.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Professor Abhay Rane

Male health, minimally invasive treatment for prostate enlargement, stones, circumcision, bladder issues, microsurgical vasectomy reversal.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Michael Swinn

Microsurgical vasectomy reversal, voiding dysfunction, female urology, prostate cancer, bladder cancer.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Michael Wanis

Surgery for benign prostate enlargement (including UroLift®, Rezūm and TURP), foreskin problems, scrotal swelling, keyhole surgery for kidney stones, blood in the urine, prostate cancer diagnostics, urinary tract infection, erectile dysfunction, pelvic pain.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

V

Vascular surgery

Mr Gary Maytham

The management of varicose veins, peripheral vascular disease, aortic aneurysms, carotid disease, lymphoedema.

NHS trust base: St George's University Hospitals NHS Foundation Trust

W

Weight loss surgery

Mr Simon Monkhouse

Gastric bypass, gastric balloon, sleeve gastrectomy, swallowable gastric balloon (Allurion), revisional surgery, minimizer surgery.

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Are your patients using their medical insurance?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?
