Spire Leeds Hospital delivers excellent standards of patient experience with its amazing colleagues and facilities.

Mr Gerard Kelly, Consultant ENT Surgeon at Spire Leeds Hospital

About Spire Leeds Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Leeds Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our 55 private rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- Enhanced care unit (level 1)
- 17 consultation rooms
- Five operating theatres, including one angio suite
- An endoscopy suite
- Four outpatient procedure rooms
- Multiple outpatient testing and treatment rooms
- On-site CSSD – decontamination and sterilisation department
- Paediatric services for children from birth and surgery for children from twelve months and 10kg
- Parent and child rooms
- Stoma and breast care nurses
- Ambulatory Care Unit
- Pharmacy
- Quality assurance
- CPA accredited pathology service
- CQC registered

Emergency admissions

Call **Ward 2 on 0113 218 5930** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Leeds we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0113 218 5967**.

- 1 Use Spire Connect to upload the referral letter. Call **07562 697 696 or 07512 309 119** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0113 218 5908** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Leeds Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedic and general surgery. You may refer patients to Spire Leeds Hospital under the NHS choice regulations. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to spire.leedsprivateappts@nhs.net

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **0113 218 5967**

Email: **info@spireleeds.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment
- Weight loss surgery

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals for self-funding and PMI patients. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

Contact Danielle Robinson or Debbie Yildirim on **07562 697 696** or **07512 309 119** or at spireyorkshirehubevents@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are hosted as short one hour, half or full day sessions as well virtually, to provide flexibility to all.

How to find out about our events

Search '**Spire Leeds healthcare professionals**'

Call our Primary Healthcare Relationship Managers on **07562 697 696** or **07512 309 119**

Email us at **spireyorkshirehubevents@spirehealthcare.com**

GP support

Spire Leeds onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Managers

Our Primary Healthcare Relationship Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Leeds Hospital.

The team can be contacted on:

Phone: **07562 697 696** or **07512 309 119**

Email: **spireyorkshirehubevents@spirehealthcare.com**

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **0113 218 5967**

Email: **info@spireleeds.com**

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Cardiology

Spire Leeds' cardiology and respiratory centre is one of the largest private heart centres in the region, providing a comprehensive heart testing and treatment service for our patients.

Non-invasive cardiology services include:

- Ambulatory heart rate monitoring (24hrs, 48hrs, 72hrs, 1wk, 2wk)
- Ambulatory blood pressure monitoring
- Exercise tolerance testing
- Implantable devices checks (internal loop recorders, pacemakers, defibrillators, and biventricular devices – both in clinic and remotely)
- Transthoracic echo, stress echo, contrast echo, bubble echo, CRT optimisation and 3D echo

Invasive cardiology services include:

- Cardiac catheterisation (angiogram)
- Electrophysiology (diagnostic and ablation procedures using RF ablation, cryotherapy and 3D mapping)
- Implantable devices implants (internal loop recorders, pacemakers, defibrillators and biventricular devices)

Appointments: 0113 218 5967

Endoscopy

Offering a wide range of endoscopic services, patients will be looked after by an experienced multi-disciplinary care team on our dedicated endoscopic suite and ambulatory care unit.

Endoscopy services include:

- Bronchoscopy
- Colonoscopy
- Flexible sigmoidoscopy
- Gastroscopy

Appointments: 0113 218 5967

Children and young people's service

Spire Leeds Hospital offer a wide range of children's outpatients services, offering consultations from birth.

Specialities include:

- General paediatric
- Paediatric allergy
- Endocrinology
- Gastroenterology, cardiology
- Neurology
- Neurodevelopmental
- Orthopaedics
- Urology
- Surgery
- ENT
- Ophthalmology

The hospital is proud of its designated Children and Young Peoples unit, offering a wide range surgical procedures for children and young people from 12 months of age and 9.5 kg.

Working with a team of over 20 consultant paediatric surgeons and physicians, children, and young people, between 1 and 16 years are pre-assessed and treated on our specialised and welcoming children and young people's unit. Those young people aged 16 and 17 years are involved in the decision of the best environment to receive treatment. The experienced team, including registered children's nurses and a dedicated play leader, are experts in their field and provide holistic family centred care for the duration of a family's visit to our hospital.

Phone: 0113 218 5968

Imaging

At Spire Leeds Hospital we provide fast access to a wide range of diagnostic tests and scans. We use the latest technology and techniques wherever possible, including MRI, CT, mammogram, X-ray and ultrasound, to get the best outcome for our patients.

Spire

Leeds Hospital

Specialist children's services

When a child is unwell, everyone wants them to get better quickly.

That's why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

Services include:

- Allergy investigations
- Audiology
- Bariatrics
- Dermatology
- Ear, nose and throat (ENT)
- General paediatrics
- Maxillofacial
- Orthopaedics
- Orthotics
- Paediatric general surgery
- Pain
- Plastics and cosmetic surgery
- Urology

Spire

Leeds Hospital

Walk away from aches and pains with expert physiotherapy

Come and meet our experts and see our great facilities. Perform Leeds is a world-class rehabilitation, sports and exercise medicine and human performance centre.

What we treat

Physiotherapy can help to alleviate pain and swelling to help restore movement and function. It can also help to prevent injuries and help with rehabilitation to improve performance levels.

Extended opening hours

Monday – Friday 8am – 8pm

Saturday 8am – 6pm

Conditions that may be suitable for physiotherapy treatment include:

- Back and neck pain
- Neurological problems
- Postural problems
- Rehabilitation programmes pre and post surgery
- Sports injuries
- Sprains and strains
- Tennis/golfer's elbow, achilles tendonitis, bursitis
- Upper and lower limb problems
- Whiplash

Perform Leeds features:

- A fully-equipped rehabilitation gym
- Treatment / consultant rooms
- AlterG – Anti-Gravity treadmill
- Wattbikes
- Hydrotherapy pool
- Gait analysis lab to measure walking /running patterns
- Specialist movement studio

Are your patients with medical insurance using it?

Approximately 10% of UK population have a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson
