Spire Bristol hospital has the best facilities and clinical staff in the greater South West region.

Mr Jonathan Eldridge, Consultant Orthopaedic Surgeon at Spire Bristol Hospital

About Spire Bristol Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained team aim to consistently achieve excellent results, in a safe and secure environment. It's all about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Bristol Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure that they are looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our 60 private rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- Critical care unit
- 26 consulting rooms
- Four laminar flow theatres, one non-laminar flow, and one cardiac cath lab
- An endoscopy suite, including 6 pods
- Two outpatient procedure rooms
- Multiple outpatient testing and treatment rooms—
- Off-site hydrotherapy pool
- On-site CSSD – decontamination and sterilisation department
- Paediatric services for children from 3 – 18 years old
- Parent and child rooms, 55 private adult rooms and 5 private paediatric rooms.
- Stoma and breast care nurses
- Pharmacy
- Quality assurance
- CPA accredited pathology service
- CQC registered

How to refer your patients

At Spire Bristol we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained professionals aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Please refer to page 6 for information on how to create a secure **Spire Connect account**.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **0117 980 4080**.

- 1 Use Spire Connect to upload the referral letter. Call **0117 980 4080** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **0117 980 4070** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Bristol Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedic hand, shoulder, hip and knee surgery. Full details of the services provided can be found on our website, and referrals must be made via, the NHS eReferral system.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to spirebristoloutpatientbookings@spirehealthcare.com

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **0117 980 4080**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cardiology treatment
- Cataract surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Orthopaedic surgery
- Varicose vein treatment
- Weight loss surgery

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide - using Spire Connect

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers.

Visit <https://spireconnect.spirehealthcare.com> or search for “Spire Bristol Hospital - Healthcare professionals” on the Spire website or using your search engine.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

Making a referral

To make a referral click on the ‘Make an online referral’ link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Bristol Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS eReferral service (<https://www.ebs.ncrs.nhs.uk/>).

Imaging and other referral types

You can make referrals for radiological investigations by selecting ‘Radiology’ under the specialty list. To make a referral for physiotherapy, podiatry, dietetics etc, select one of these from under ‘Allied Health Professionals’ in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be ‘exported’ or ‘saved as’ to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the ‘send referral’ button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Becky Harrison on **07590 863 370** or at Becky.Harrison@spirehealthcare.com

GP education

We provide regular events for GPs and primary care professionals, which take the form of webinars, Q&As, demonstrations and lunch and learn sessions, led by our specialist consultants.

Our events are **free of charge** and can be tailored to fit your practice's needs.

How to find out about our CPD accredited events

Call our Primary Healthcare Relationship Manager Becky Harrison on **07590 863 370** or email Becky.Harrison@spirehealthcare.com

GP support

Spire Bristol onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Manager

Our Primary Healthcare Relationship Manager is responsible for liaising with GP practices and other primary care professionals. A PHRM's role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Bristol Hospital.

Please use the contact details below:

Phone: **07590 863 370**

Email: Becky.Harrison@spirehealthcare.com

*Spire Healthcare patient terms and conditions apply.

Clinics and services

Cardiology

Spire Bristol cardiology service provides a comprehensive range of diagnostic outpatients tests and invasive cardiac procedures.

Diagnostic procedures

Coronary angiography:

- Uses a catheter to inject dye into the coronary arteries to check for blockages.

Hemodynamic evaluation:

- Measures pressure and oxygen levels in different parts of the heart.

Intravascular ultrasound (IVUS):

- Uses sound waves to create images of the inside of blood vessels.

Electrophysiological study:

- Diagnoses and treats abnormal heart rhythms (arrhythmias) by examining the heart's electrical activity.

Therapeutic (Interventional) procedures

Percutaneous coronary intervention (PCI):

- A non-surgical procedure to open blocked coronary arteries using a catheter.

Angioplasty:

- A balloon at the tip of a catheter is inflated to compress plaque against the artery wall.

Stenting:

- A small metal mesh tube is placed in the artery to keep it open after angioplasty.

Transcatheter aortic valve implantation (TAVI):

- Replaces a diseased aortic valve using a catheter.

Transcatheter edge-to-edge repair (TEER):

- A minimally invasive heart procedure to repair leaky mitral valves.

Cardiac ablation:

- Corrects abnormal heart rhythms.

Septal defect closure:

- Uses a device to close a hole in the septum between the heart's chambers.

Device implantation:

- Implants devices like pacemakers, defibrillators, loop recorders.

Transoesophageal echocardiogram:

- Ultrasound test that uses a flexible probe passed down the throat to get detailed, real-time images of the heart.

External cardioversion:

- Restores a normal heart rhythm by delivering controlled electrical shocks to the heart through pads on the chest

Appointments: **0117 980 4080**

Imaging

Spire Bristol imaging department offers a comprehensive range of Imaging services, including computed tomography (CT), magnetic resonance imaging (MRI), ultrasound scans, as well as general x-ray imaging. We offer short notice appointments over an extended day, with the reports available within 2 – 3 working days.

CT imaging services include:

- Cardiac
- Colonography
- General and musculoskeletal
- Interventional (biopsies, injections)
- Neurological imaging
- Vascular

MRI imaging services include:

- All MRI (including biliary and small bowel)
- Cardiac MRI
- MPMRI (Multiparametric Prostate Imaging)
- Neurological imaging
- Whole body diffusion weighted imaging

Ultrasound imaging services include:

- General and musculoskeletal
- Interventional including injections/aspirations and biopsies
- Vascular ultrasound (arterial and venous doppler)
- In addition to the above, we also offer fluoroscopies and mammographies

Appointments: **0117 980 4010**

Pathology

Spire pathology services offer a comprehensive repertoire of tests using laboratories across the Spire network and in partnership with specialist pathology providers.

Opening times

Monday to Friday **8am – 8pm**

Saturday **8am – 4pm routine, then on call**

Sunday **8am - 4pm**

24 hour on-call tel **077 3629 0284**

Pathology services include:

- Biochemistry
- Blood transfusion
- Endocrinology
- Haematology
- Histopathology
- Immunology
- Microbiology
- Mycology
- Tumour assays

Phone: **0117 980 4072**

Endoscopy

Our Spire endoscopy services offer a wide range of endoscopic procedures. Therapeutic procedures may be carried out for upper and lower gastrointestinal symptoms or conditions that may be diagnosed or found during gastroscopy or colonoscopy.

Sedation may be offered for patients if this is desirable. Endoscopy also carries out bronchoscopy, and flexible cystoscopy. Services are run in accordance with current guidelines and Spire hospital policies and procedures.

Endoscopy services include:

- Colonoscopy
- Gastroscopy

Phone: **0117 980 4000**

Spire

Bristol Hospital

Specialist children's services

When a child is unwell, everyone wants them to get better quickly.

That's why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

Services include:

- Allergy investigations
- Audiology
- Cardiology
- Dermatology
- Ear, nose and throat (ENT)
- General paediatrics
- Maxillofacial
- Orthopaedics
- Paediatric general surgery
- Plastic surgery
- Urology
