Making a positive difference to people's lives through outstanding personalised care.

About Spire Cheshire Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Cheshire Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen his or her consultant, we will make sure that he or she is looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our 46 private rooms are set in pleasant surroundings and all have television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- 14 consulting rooms
- Three theatres (two with laminar flow)
- Dermatology Suite
- Pre-operative assessment service
- JAG accredited endoscopy suite
- Outpatient procedure rooms
- Multiple outpatient testing and treatment rooms
- On-site CSSD – decontamination and sterilisation department
- Access to breast care nurses
- Pharmacy
- Quality assurance
- Pathology service
- CQC registered (currently rated outstanding)

Emergency admissions

Call **01925 215 070** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Cheshire we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01925 215 029**.

- 1 Use Spire Connect to upload the referral letter. Call **01925 215 029** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01925 215 087** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Cheshire Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedic and general surgery. You may refer patients to Spire Cheshire Hospital under the NHS choice regulations. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com>
- Emailed with encryption to cheshireoutpatientspsc@spirehealthcare.com

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01925 215 029**

Email: **cheshireselfpaypsc@spirehealthcare.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Men's health
- Varicose vein treatment
- Weight loss surgery
- Women's health

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals for self-funding and PMI patients. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact our Primary Healthcare Relationship Manager Suzanne Jones on **07548 217 424** or at suzanne.jones@spirehealthcare.com

Referrer education

We provide regular conferences and seminars for GP's and allied healthcare professionals, which take the form of lectures, Q&A sessions, demonstrations and clinical case presentations by our specialist consultants.

Our events are free of charge and held face to face and virtually over Teams, taking place generally in the evenings.

[How to find out about our events](#)

Search '**Spire Cheshire GP Education**'

Email us at spiremcrhubevents@spirehealthcare.com

Referrer support

Spire Cheshire Hospital's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Managers

Our Primary Healthcare Relationship Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Cheshire Hospital.

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

*Spire Healthcare patient terms and conditions apply.

Our imaging department has some of the most up-to-date equipment available for rapid and accurate diagnosis and treatment planning.

CT imaging services include:

- Cardiac
- Colonography
- Digital Mammography
- Echocardiograms
- General and Musculoskeletal
- Interventional (biopsies, injections)
- Neurological imaging
- Vascular

MRI imaging services include:

- All MRI abdomen (including biliary and small bowel)
- Cardiac MR
- General (gynaecological and musculoskeletal)
- Multi parametric prostate MRI (MPMRI)
- Musculoskeletal image guided joint injections
- Neurological imaging
- MR arthrograms

Ultrasound imaging services include:

- Breast imaging
- X-ray

Phone: **01925 215 067**

Email: **spirecheshirediagnosticimaging@spirecheshire.com**

Physiotherapy

Our chartered physiotherapists are highly experienced in treating all muscle and joint conditions, whether they follow a recent injury or are a long term problem. Patients also have access to an on-site fully equipped gym.

Treatments available include:

- Acupuncture for pain relief
- Back and neck problems, including ergonomic advice
- Dynamometer muscle strength testing
- Musculoskeletal injuries
- Personalised exercise programmes
- Post-operative rehabilitation
- Shockwave therapy
- Soft tissue injuries
- Spinal and peripheral mobilisations
- Sports injury and rehabilitation
- Vertigo and vestibular problems

Phone: **01925 215 027**

NHS trust base: Bolton NHS Foundation Trust

Mr Brett Winter-Roach

Gynaecology (gynaecological oncology).

NHS trust base: Salford Royal NHS Foundation Trust, The Christie NHS Foundation Trust

Are your patients with medical insurance using it?

Nearly 1 in 8 of the British population has a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

NHS trust base: Pennine Acute Hospitals NHS Trust

Mr Andrew Baldwin

Oral and maxillofacial surgery (oral cancer, reconstructive facial surgery, salivary gland disease, parotid and submandibular gland surgery, facial skin cancer, TMJ dysfunction, facial trauma, facial deformity, oral medicine), oral / dental surgery (wisdom teeth removal, dentoalveolar surgery, extractions, oral biopsies).

NHS trust base: Manchester University NHS Foundation Trust

Mr Tim Blackburn

Maxillofacial surgery, cosmetic and reconstructive facial surgery (benign skin lesions, facial palsy management, facial skin cancer surgery, scar revision), chin surgery, standard and patient-specific (computer 3D planned) facial implants / facial bone sculpting.

NHS trust base: Manchester University NHS Foundation Trust

Mr Jeethendra Rao

Oral and maxillofacial surgery (facial skin cancer, salivary gland disease, facial trauma, TMJ dysfunction), oral / dental surgery (extraction of teeth – impacted / wisdom, oral medicine), 3D custom facial implants.

NHS trust base: East Lancashire Hospitals NHS Trust

Orthopaedics – foot and ankle

Mr Simon Barnes

Foot and ankle surgery, general trauma, foot and ankle and paediatric trauma, foot and ankle orthopaedic surgery.

NHS trust base: Mid Cheshire Hospitals NHS Foundation Trust

Mr Ashtin Doorgakant

Foot and ankle surgery (Bunions, Hallux Valgus), toe deformities, ankle pain, heel pain and foot and ankle arthritis)

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Samer Morgan

Foot and ankle surgery (complex foot and ankle reconstruction surgery, foot and ankle arthroscopic surgery, ankle replacement surgery, foot and ankle minimally invasive surgery, bunion and lesser toe surgery), sports injuries.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Trust

Mr Anand Pillai

Foot and ankle surgery (arthritis, rheumatoid disease, deformity and aesthetic surgery, arthroscopic surgery, ankle and toe joint replacement surgery, tendon surgery, minimally invasive bunion surgery, deformity correction, trauma, neurological conditions, diabetic feet, shock wave therapy (ESWT), platelet rich plasma therapy), sports injuries.

NHS trust base: Manchester University NHS Foundation Trust

Miss Seema Prasad

Foot and ankle surgery (bunions, toe deformities, arthritis of the big toe, midfoot, hindfoot and ankle, Achilles tendon disorders – tendinopathy, rupture, reconstruction, flat feet, plantar fasciitis, diabetic feet, shock wave therapy (ESWT), platelet rich plasma, arthroscopic – ankle and minimally invasive bunion surgery), sports injuries, rheumatoid arthritis.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Robert Smith

Foot and ankle surgery (ankle / hindfoot / midfoot / forefoot arthritis, ankle replacement, joint fusion, ankle arthroscopy, ligament repair / reconstruction / flat foot surgery, Achilles tendon surgery, bunions, neuromas, toe deformity, cartilage surgery), sports injuries.

NHS trust base: Wrightington, Wigan and Leigh Teaching Hospitals NHS Foundation Trust

Orthopaedics – lower limb

Mr Ashutosh Acharya

Hip surgery (hip replacement), knee surgery (knee osteotomy, partial knee replacement, total knee replacement, arthroscopy of knee, ACL reconstruction, ligament reconstruction, meniscal repair, partial meniscectomy), patellofemoral surgery (patella dislocation, osteotomy), sports injuries, Rosa robotic knee replacement surgery.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Professor Leela Biant

Knee surgery – arthroscopy, high tibial osteotomy, ligament reconstruction, meniscal repair, partial meniscectomy, ACL reconstruction, minimally invasive knee replacement (bespoke personalised knee replacement–computer assisted 3D printed bespoke personalised instruments). Joint preservation surgery (cartilage assessment and transplantation, biological reconstruction and regeneration surgery, injections). Hip disorders and hip replacement. Sports injury diagnosis and surgery.

NHS trust base: Manchester University NHS Foundation Trust

Mr Joseph Carter

Hip and knee joint replacement and revision surgery (Hip Replacement, Knee Replacement, Knee Arthroscopy (keyhole), Partial knee replacement), Rosa robotic knee replacement surgery.

NHS trust base: Wrexham Maelor Hospital

Mr Prakash Chandran

Hip surgery (total hip replacement, revision hip surgery, hip arthroscopy, hip problems in young patients), knee surgery (total knee replacement, revision knee surgery, unicompartmental knee replacement, HemiCAP®, patello-femoral replacement, knee arthroscopy), sports injury, forefoot and bunion surgery, Rosa robotic knee replacement surgery.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Greville Farrar

Hip and knee surgery (hip replacement, knee replacement, osteotomy, ACL reconstruction, unicompartmental (partial) joint replacement), Rosa robotic knee replacement surgery, sports injuries.

NHS trust base: Mid Cheshire Hospitals NHS Foundation Trust

Mr Ravindra Gudena

Hip surgery (hip replacement, minimally-invasive hip replacement, young adult hip surgeries to delay osteoarthritis, hip arthroscopy, hip impingement surgery, platelet rich plasma – PRP injection technique for sports injuries and tendinitis), knee surgery (minimally-invasive knee replacements, knee arthroscopy, ConforMIS knee replacements), sports injuries, nSTRIDE autologous protein injection.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Trust

Mr Justin Leong

Hip surgery (Hip Replacement), Robotic Knee replacement, Knee replacement, partial knee replacement (unicompartmental), sports injury, Knee Arthroscopy, ACL reconstruction, Meniscal repair, Rosa robotic knee replacement surgery.

NHS trust base: Countess of Chester Hospital NHS Foundation Trust

Mr Michael McNicholas

Knee surgery (arthroscopy and ligament reconstruction, patello femoral instability) anterior knee pain, sports injuries, ESWT, articular cartilage resurfacing, orthobiologic joint preservation therapy, management of young adult knee arthritis, distal femoral and high tibial osteotomy, minimally-invasive knee replacement, knee arthroplasty – unicompartmental, primary and bespoke 3D personalised knee replacement.

NHS trust base: Liverpool University Hospitals NHS Foundation Trust and Manchester University Hospitals NHS Foundation Trust

Mr Nikhil Pradhan

Knee surgery (minimally-invasive knee replacement, revision knee surgery, partial knee replacement, computer navigated personalised iASSIST® minimally-invasive knee replacement, knee arthroscopy), hip surgery (minimally-invasive hip replacement, revision hip surgery, hip arthroscopy), sports injuries, PRP injection (tendinitis), n-Stride injection for early OA, Rosa robotic knee replacement surgery.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Rajiv Sanger

Hip surgery (hip replacement, revision hip replacement), knee surgery (knee joint replacement, revision knee replacement, unicompartmental and patellofemoral knee replacement, arthroscopic surgery of the knee, osteotomies of tibia and femur for your osteoarthritis patients and patellofemoral pain syndrome), sports injuries, Rosa robotic knee replacement surgery.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Paul Sherry

Hip surgery (primary hip replacement, revision hip replacement), knee surgery (knee replacement – total and partial including computer guided, arthroscopic knee surgery, osteotomy), fracture and soft tissue injury.

NHS trust base: Independent Consultant Orthopaedic Surgeon

Mr Robert Smith

Knee surgery (replacement, arthroscopy, cartilage injury, microfracture, meniscal repair, partial replacement, patellofemoral replacement), sports injuries.

NHS trust base: Wrightington, Wigan and Leigh Teaching Hospitals NHS Foundation Trust

Mr Gareth Stables

Knee surgery (knee replacement surgery, knee arthroscopy, knee injections – PRP, knee ligament surgery, knee osteotomy surgery – re-alignment), knee arthritis, knee pain, knee injuries, cartilage tears, ligament injuries, sports injuries, Rosa robotic knee replacement surgery.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Orthopaedics – spine

Mr Prokopis Annis

Spinal surgery (sciatica, spinal stenosis, microdiscectomy and decompression, spinal fusion surgery and vertebroplasty techniques, complex adult deformity surgery – scoliosis and kyphosis, spinal injections).

NHS trust base: The Walton Neuroscience Centre, Liverpool

Mr Sujay Dheerendra

Back pain investigations (discography), back surgery (spinal surgery), adult degenerative deformity correction, cervical decompression and fusion, lumbar decompression and fusion, lumbar decompression, microdiscectomy, spinal deformity correction - scoliosis or kyphosis, thoracic decompression and fusion.

NHS trust base: Robert Jones and Agnes Hunt Orthopaedic Hospital NHS Trust

Miss Clare Morgan

Spinal surgery (sciatica, radicular pain, discectomy, decompression stabilisation, back pain fusion, disc replacement, degenerative scoliosis, XLIF, cervical surgery including arthroplasty, complex spinal pain, failed spinal surgery, revision surgery, sacroiliac joint pain, dysfunction treatment including fusion, spinal fractures, vertebroplasty spinal tumours and infection), coccygeal disorders treatment with injection and coccygectomy.

NHS trust base: Private

Mr Narendra Kumar Rath

All aspects of spinal surgery (sciatica, radicular pain, discectomy, decompression, cervical disorders, deformity correction, spinal fractures and tumour, sacroiliac joint pain), operative and non-operative options (injections).

NHS trust base: The Walton Centre NHS Foundation Trust

Mr Ian Shackleford

Spinal surgery (adult degenerative spinal disease from cervical spine to pelvis, cervical spine surgery – cervical disc replacement, anterior and posterior fusion, corpectomy, lumbar spine surgery – injections, rhizolysis, discectomy, decompression, fusion techniques, lumbar disc replacement, deformity correction, revision surgery, sacroiliac degeneration – injections, rhizolysis, fusion, coccydynia – injections, coccygectomy).

NHS trust base: Private

Mr Rajat Verma

Spinal surgery (lumbar spinal disorders, microdiscectomy and micro decompression, spinal fusion surgery and vertebroplasty techniques, complex adult deformity surgery – scoliosis and kyphosis, spinal tumours and infections).

NHS trust base: Salford Royal NHS Foundation Trust, Manchester University NHS Foundation Trust

Orthopaedics – upper limb

Mr Azhar Iqbal

Hand surgery (carpal tunnel release, Dupuytren's contracture, ganglion).

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust

Mr Muthu Jeyam

Shoulder and elbow surgery (keyhole surgery to shoulder for shoulder instability and sports injuries, rotator cuff tears, AC joint problems, frozen shoulders, open surgery of the shoulder for osteoarthritis, fractures around the shoulder, elbow disorders like rupture of biceps, golfer's elbow, tennis elbow, elbow arthritis).

NHS trust base: Salford Royal NHS Foundation Trust

Mr Stephen Lipscombe

Hand surgery (trigger digits, carpal tunnel surgery, Dupuytren's disease surgery and injections, arthritic joint replacement, removal of ganglion and fracture fixation) wrist surgery (arthroscopy, arthritic joint replacement and fusion), sports injuries, Thumb base replacement.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust

Mr Paul McArthur

Hand surgery (congenital hand and upper limb surgery, nerve reconstruction and decompression surgery, adult upper limb spasticity management in cerebral palsy, head injury and stroke), Dupuytren's contracture, carpal tunnel, cubital tunnel, trigger digits, scar contractures.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust, Alder Hey Children's NHS Foundation Trust

Professor Christopher Peach

Shoulder and elbow surgery (arthroscopic surgery treating rotator cuff tears, impingement syndrome, shoulder and elbow complications of Ehlers-Danlos syndrome, shoulder instability, frozen shoulder, calcific tendinitis, elbow arthroscopy, tennis elbow, joint replacement for shoulder and elbow arthritis, elbow instability surgery, platelet rich plasma (PRP) treatment for tennis and golfers elbow, shoulder and elbow trauma).

NHS trust base: University Hospital South Manchester

Mr Mani Rathinam

Shoulder arthroscopic procedures – rotator cuff repairs, shoulder instability surgery, frozen shoulder surgery; shoulder arthroplasties – anatomic and reverse geometry; Acromioclavicular joint reconstruction; Tennis and Golfers elbow treatment; carpal and ulnar nerve decompression, wrist arthroscopy and Dupuytren's contracture surgery.

NHS trust base: St Helens and Knowsley Hospitals NHS Trust

Mr Nasir Shah

Shoulder and elbow surgery (arthroscopic surgery for shoulder impingement, rotator cuff tears, frozen shoulder and instability, shoulder, elbow replacements), hand surgery (finger joint replacements, carpal tunnel release, Dupuytren's contracture (surgical and non surgical treatment), distal biceps repair and reconstruction, wrist surgery, sports injuries and fractures).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

P

Paediatrics*

Mr Ravi Sharma

Paediatric ENT surgery – otolaryngology (children's breathing and complex airway problems, noisy breathing, snoring and sleep apnoea, children's hearing problems, neck lumps and congenital swellings, drooling in children, hearing loss in cleft palate children, paediatric allergy and sinusitis).

NHS trust base: Alder Hey Children's NHS Foundation Trust

*Paediatric surgical procedures will not be carried out at Spire Cheshire Hospital

Pain relief

Dr Salmin Aseri

Chronic back pain, neck pain, shoulder pain, knee pain, CRPS, neuropathic pain, neuralgias, occipital neuralgia, headaches, sacroiliac joint pain, Radiofrequency denervation, Rhizolysis, Stem Cell therapy, PRP injections, botox injections for chronic pain, Capsaicin patch treatment

NHS trust base: Mersey & West Lancs NHS Teaching Hospital Trust

Dr Andrew Logan

Pain medicine (back pain, neck pain, shoulder pain, post-operative chronic pain syndromes, complex regional pain syndrome, neuropathic pain, neuralgias including occipital neuralgia and meralgia paraesthetica, sacroiliac joint pain, radiofrequency procedures for all types of pain, specific treatment for sacroiliac joint pain and facet joint pain).

NHS trust base: Private

Physicians

Dr Abdul Ashish

Respiratory medicine (pulmonary fibrosis, sarcoidosis, asthma, COPD, bronchiectasis, respiratory infections, evaluation of chronic breathlessness, chronic cough).

NHS trust base: Wrightington, Wigan and Leigh Teaching Hospitals NHS Foundation Trust

Dr Sundaramoorthy Bharathi

Gastroenterology (dyspepsia / GORD, inflammatory bowel disease, functional gut disorder, liver and biliary disease, management of abdominal pains, coeliac disease, colitis, small bowel and nutrition problems, reflux oesophagitis, Barrett's oesophagus, swallowing problems) diagnostic endoscopy (gastroscopy, colonoscopy, flexible sigmoidoscopy).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Vineeth Chikthimma

General medicine (lipid disorders, hypertension, investigations for fatigue and malaise, electrolyte abnormalities).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Salahudin Khalid

Gastroenterology (liver disease, hepato-pancreatobiliary disease, colonoscopy, gastroscopy, irritable bowel syndrome, inflammatory bowel disease, bowel cancer screening), diagnostic endoscopy (gastroscopy, colonoscopy and sigmoidoscopy).

NHS trust base: Pennine Acute Hospitals NHS Trust

Dr Subramaniam Ramakrishnan

Gastroenterology (heartburn, indigestion, bloating, constipation, diarrhoea, bleeding from the back passage / stomach / bowel, jaundice, anaemia, treatment for IBS, GORD, IBD, Coeliac disease, liver problems, alcohol related problems, gallstones), upper gastrointestinal cancer (oesophageal cancer, stomach, bowel, pancreatic, liver cancer and cancers of the biliary system), diagnostic endoscopy (gastroscopy, colonoscopy, sigmoidoscopy, capsule endoscopy and ERCP).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Spire

Cheshire Hospital
Tarporley Clinic

Welcome to your local Spire Tarporley Clinic

Spire Tarporley Clinic is part of Spire Cheshire Hospital, where day case and inpatient treatment can be carried out under the care of the same consultant.

Spire Tarporley Clinic specialties

Consultants at Spire Tarporley Clinic treat conditions across a range of specialties including:

- General surgery
- Men's health
- Orthopaedics – including hip and knee, hand and wrist and foot and ankle
- Pain management

Three simple payment options

- 1. Pay for treatment directly** – You can simply pay for your treatment as and when you need it with our fixed price packages, which cover all your treatment costs.
- 2. Pay for treatment with a loan** – Our finance partner offers a range of repayment plans, including interest free finance, to help you spread the cost.
- 3. Use your health insurance** – We work with all leading health insurance providers, so if you have a policy your treatment could be covered.

Call 01829 289 057

Looking after you.

Dr Sanchoy Sarkar

Gastroenterology (irritable bowel syndrome, inflammatory bowel disease, dyspepsia, non-cardiac chest pain, oesophageal motility disorders, acid reflux), upper gastrointestinal cancer and bowel cancer screening, diagnostic endoscopy (gastroscopy, colonoscopy and sigmoidoscopy), therapeutic endoscopy (EMR, polypectomy, dilatation).

NHS trust base: Liverpool University Hospitals NHS Foundation Trust

Dr Chew Tan

Gastroenterology (abdominal pain, diarrhoea, constipation, IBS, inflammatory bowel disease, GORD, diagnosis of gastrointestinal and pancreatic cancer, peptic ulcers, iron deficiency anaemia, liver diseases, jaundice and weight loss), endoscopy (gastroscopy, colonoscopy, flexible sigmoidoscopy and ERCP).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Simon Twite

Respiratory medicine (asthma, COPD, bronchiectasis, pulmonary fibrosis, lung cancer, chronic cough, shortness of breath of uncertain cause, sleep disordered breathing – snoring / sleep apnoea).

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Trust

Plastic surgery

Mr Wesam Aleid

Plastic surgery, cosmetic facial plastic surgery (minimally invasive facial rejuvenation – anti-wrinkle treatment by injection, facial plastic surgery, treatment of gummy smile, marionette lines, cheek and chin augmentation, lip augmentation, nasal hump reduction, dark halos around the eye).

NHS trust base: Pennine Acute Hospitals NHS Trust

Mr Tim Blackburn

Cosmetic and reconstructive facial plastic surgery (3D custom facial implants, anti-wrinkle treatment by injection, brow position surgery, eyelid surgery, facelift, facial microfat liposculpting, facial gender affirmation surgery, genioplasty, gonioplasty, otoplasty), reconstructive facial surgery (benign skin lesions, facial palsy management, facial skin cancer surgery, scar revision).

NHS trust base: Manchester University NHS Foundation Trust

Mr Azhar Iqbal

Plastic surgery, cosmetic facial plastic surgery (anti-wrinkle treatment by injection, eyelid – blepharoplasty, ear correction, nose shaping – rhinoplasty, face lift, fat transfer), cosmetic breast surgery (augmentation, reduction, uplift – mastopexy, gynecomastia), trunk surgery (abdominoplasty, body lift, liposuction) arm reduction – brachioplasty, skin lesion removal – cysts, lipoma.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust

Mr Paul McArthur

Plastic and reconstructive surgery, skin cancer, scar management, cosmetic breast surgery (augmentation, reduction, uplift – mastopexy), trunk surgery (abdomen, liposuction, liposculpture), Sono Surgery.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust, Alder Hey Children's NHS Foundation Trust

Mr Jeethendra Rao

Plastic surgery, cosmetic facial plastic surgery (rhinoplasty, eyelid surgery, anti-wrinkle treatment by injection, facelift, 3D custom facial implants, browlift, genioplasty, jaw recontouring, otoplasty, liposculpture), reconstructive facial surgery (facial skin cancer, benign skin lesions, scar revision, post traumatic).

NHS trust base: East Lancashire Hospitals NHS Trust

Mr Sof Rimouche

Plastic surgery, cosmetic breast surgery (augmentation, reduction, mastopexy, revision breast surgery), trunk surgery (abdominoplasty, liposuction), cosmetic facial plastic surgery (anti-wrinkle treatments by injection, brow lift, eyelid surgery, face lift, otoplasty, rhinoplasty), arm / thigh lift, labiaplasty, benign skin lesions, mole and cyst removal, skin cancer, scar revision.

NHS trust base: Lancashire Teaching Hospitals NHS Foundation Trust

Podiatry

Mr Andrew Williams

In-growing toe nails and all nail conditions, plantar fasciitis, morton's neuroma, cryosurgery and cryoablation for mortons neuromas, compartment syndrome, achilles tendon, gait analysis, Paediatric ages 0–16 years of age, stress fractures, lithotripsy including extracorporeal shockwave lithotripsy (ESWL), hallux valgus ('bunion'), hallux rigidus, arthritis, soft tissue injections, orthotics, minimal access/invasive surgery, lower limb disorders, sports injuries, musculoskeletal ultrasound, cryotherapy, joint injection, ankle and foot pain, football injuries, knee pain.

NHS trust base: Royal Liverpool and Broadgreen NHS Foundation Trust

Private GPs

Dr Josephine Hutchinson

All medical ailments. Specialist interest in dermatology.

NHS trust base: Old Hall Surgery

Dr Christopher Jordon

All medical ailments. Specialist interest in sports medicine.

NHS trust base: Castlefields Health Centre

Dr Matthew Leech

All medical ailments. Specialist interest in menopause management.

NHS trust base: Brookfield surgery

Dr Emma Lynch

All medical ailments. Specialist interest in women's health.

NHS trust base: Brookfield Surgery

R

Radiology

Dr Nusrat Alam

General radiology (X-ray, ultrasound), cross sectional imaging (CT and MRI), head and neck, ENT imaging, genitourinary imaging, chest CT.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Chinedum Anosike

General radiology (X-ray, ultrasound), cross sectional imaging (CT and MRI), gastrointestinal and genitourinary imaging, CT biopsy, chest CT.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Sukumaran Binukrishnan

Cardiac imaging (CT, MRI), general radiology (CT, MRI, ultrasound), chest imaging, carotid dopplers.

NHS trust base: Liverpool Heart and Chest Hospital NHS Foundation Trust

Dr Maneesh Bhojak

Neuroradiologist. Neuroradiology reporting (brain, skull base and spine reporting - CT, plain film and MRI) including diagnostic Neuro angiography reporting.

NHS trust base: The Walton Centre NHS Foundation Trust

Dr Nikola Borojevic

General radiology and breast radiology (X-ray, mammography, ultrasound, cross sectional imaging).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Mark Caplan

General radiology (X-ray, ultrasound), cross sectional imaging (CT and MRI), musculoskeletal imaging (sports injuries, injection).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Rebecca Hanlon

General radiology (X-ray, ultrasound), cross sectional imaging (CT and MRI), head and neck, ENT imaging.

NHS trust base: Liverpool University Hospitals NHS Foundation Trust

Dr Sara Meredith

General radiology (x-ray and ultrasound), cross sectional imaging (CT and MRI), genitourinary imaging and gynaecological imaging.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Dhivya Paravastu

General Radiology Cross sectional Imaging (Ultrasound , CT and MRI). Gastrointestinal imaging . Breast Imaging (Mammogram, Ultrasound)Breast related Interventional procedures .

NHS trust base: Mersey and West Lancashire Teaching Hospitals NHS Trust

Dr Furhan Razzaq

General radiology, breast imaging and biopsy, chest radiology, neck imaging and biopsy, cross sectional imaging.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Matthias Schmitt

Cardiac CT scan, cardiac radiology, coronary artery disease, hypertension.

NHS trust base: Wythenshawe Hospital Foundation Trust

Dr Gary Williams

General radiology (X-ray, ultrasound), cross sectional imaging (CT and MRI), CT biopsy, musculoskeletal imaging (sports injuries, injection), chest CT, gastrointestinal imaging, genitourinary imaging.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr John Whalley

General radiology (X-ray, ultrasound), cross sectional imaging (CT and MRI), chest CT, gastrointestinal imaging, oncological imaging.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Respiratory medicine

Dr Abdul Ashish

Respiratory medicine (pulmonary fibrosis, sarcoidosis, asthma, COPD, bronchiectasis, respiratory infections, evaluation of chronic breathlessness, chronic cough).

NHS trust base: Warrington, Wigan and Leigh Teaching Hospitals NHS Foundation Trust

Dr Simon Twite

Respiratory medicine (asthma, COPD, bronchiectasis, pulmonary fibrosis, lung cancer, chronic cough, shortness of breath of uncertain cause, sleep disordered breathing – snoring / sleep apnoea).

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust

Rheumatology

Dr Gladston Chelliah

Rheumatology (inflammatory joint disease – rheumatoid arthritis and psoriatic arthritis, vasculitis, connective tissue disease, osteoporosis and metabolic bone disease).

NHS trust base: Warrington, Wigan and Leigh Teaching Hospitals NHS Foundation Trust

Spire

Cheshire Hospital

Expert care every step of the way

The specialists at Spire Cheshire Hospital are leading medical experts, who always put your safety first. When you make an appointment with us, you can be sure that you will receive expert care in a secure environment.

Services include:

- Arthroscopy
- Grommet insertion
- Hysterectomy
- Joint replacement
- Pain management
- Tonsillectomy
- Varicose vein treatments

We offer **hundreds of tests and treatments**, some of which you can only have privately.

We offer **rapid access** to MRI scans, X-rays and further tests, if you need them.

You can be treated by a specialist of your choice **when it's right for you.**

Call 01925 265 000

Looking after you.

Dr Kiran Putchakayala

Rheumatology (early inflammatory arthritis, musculo-skeletal ultrasound, connective tissue disease, rheumatoid arthritis, osteoporosis, fibromyalgia).

NHS trust base: Mid Cheshire Hospitals NHS Foundation Trust

Dr Hala Sadik

Inflammatory arthritis, rheumatoid and psoriatic arthritis, osteoarthritis, fibromyalgia, crystal arthritis, ankylosing spondyloarthritis, connective tissue disease, osteoporosis and metabolic bone disease.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Dr Hoda Temple

Inflammatory arthritis, rheumatoid and psoriatic arthritis, osteoarthritis, fibromyalgia, crystal arthritis, ankylosing spondyloarthritis.

NHS trust base: Countess of Chester Teaching Hospitals NHS Foundation Trust

U

Urology

Mr Ramandeep Chalokia

Bladder investigations (cystoscopy), bladder lesion removal, circumcision, epididymal cysts removal, hydrocele surgery, kidney stones treatment, kidney X-ray (retrograde pyelogram), prostate surgery and laser prostate surgery, stress urinary incontinence (SUI), urodynamics.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Paul Jamieson

Benign prostate treatments, bladder investigations (cystoscopy), bladder lesion removal, cancer tests, circumcision, epididymal cysts removal, extracorporeal shock wave therapy, fertility tests, hydrocele surgery, kidney stones treatment, kidney X-ray (retrograde pyelogram), microsurgical vasectomy reversal, prostatectomy, prostate surgery and laser prostate surgery, stress urinary incontinence (SUI), testicular implants, urodynamics, vasectomy, vasectomy reversal, other treatments including laser treatment for kidney stones (lasertripsy) and bladder instillation therapy for recurrent urinary tract infections (UTIs).

NHS trust base: Warrington and Halton Hospitals NHS Foundation Trust

Mr Matthew Liew

Urology, circumcision, UroLift, prostate surgery, bladder tumours including TURBT, en bloc resection, mitomycin bladder instillation and local anaesthetic bladder tumour laser ablation, rezum, scrotal surgery, ureteroscopy, HoLEP, iTIND, recurrent UTIs and incontinence.

NHS trust base: Liverpool University Hospitals NHS Foundation Trust

Mr Rono Mukherjee

General urology (benign prostate disorders, BPH, male LUTS, kidney stone disease, prostate cancer diagnosis, PSA screening, blood in urine investigations, bladder and kidney cancer, testicular cancer diagnosis, penile disorders, circumcision, scrotal swellings, vasectomy, female urology, incontinence, recurrent urinary tract infections, andrology, erectile dysfunction, Peyronie's disease, male sexual health).

NHS trust base: Salford Royal NHS Foundation Trust

Mr Subramanian Ravichandran

General urology (haematuria, raised PSA issues, penile and scrotal problems, renal stones, urological cancers, laparoscopic surgery, incontinence, male sexual disorders, vasectomy, vasectomy reversal, lithotripsy, prostate disorder).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust

Mr Azi Samsudin

General urology (prostate problems, renal stone disease, urological cancer), Urolift, prostate surgery, circumcision, vasectomy, hydrocoele, haematuria investigations, penile and scrotal problems.

NHS trust base: St Helens and Knowsley Teaching Hospitals NHS Foundation Trust

V

Vascular

Mr Tom Nicholas

Vascular surgery (artery and vein related problems, varicose veins and thread veins treatment, modern minimally invasive varicose veins treatments).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust, South Mersey Arterial Network, Countess of Chester Hospital NHS Foundation Trust

Mr Deji Olojugba

Vascular surgery (all aspects of varicose veins and thread vein treatment, abdominal aortic aneurysms, arterial disease, open hernia, gallbladder, endovenous laser ablation – EVLA, with an interest in lymphedema).

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust, South Mersey Arterial Network, Countess of Chester Hospital NHS Foundation Trust

Mr Nee Beng Teo

Vascular (arterial and venous) diseases, varicose veins (endovenous laser ablation therapy, foam sclerotherapy), thread or spider veins (micro-injection sclerotherapy), carotid diseases, abdominal aortic and lower limb aneurysms, lower limb arterial and chronic venous diseases, lower limb oedema and swelling (including lymphoedema), lower limb and foot ulcers.

NHS trust base: Warrington and Halton Teaching Hospitals NHS Foundation Trust, South Mersey Arterial Network, Countess of Chester Hospital NHS Foundation Trust

Spire Healthcare
Northwich Clinic

Welcome to Spire Northwich Clinic

If you are an NHS patient and live in Northwich or the surrounding area, we've made it easy for you to see one of our expert consultants. Take advantage of rapid access to a range of outpatient appointments in a convenient setting at Watling Street Medical Centre.

Spire Northwich Clinic will be offering NHS patients consultations for orthopaedic hip and knee and general surgery services at a local location for their convenience. Treatments and conditions include:

- General surgery
- Hip replacement
- Knee arthroscopy surgery
- Knee ligament surgery
- Knee replacement
- Unicompartamental knee replacement

If you require day case and/or inpatient treatment it will be carried out at Spire Cheshire Hospital, under the care of the same consultant.
