About Spire Gatwick Park Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Gatwick Park Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure that they are looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

Spire Purpose

“Making a positive difference to people's lives through outstanding personalised care”

Hospital facilities include:

- An outpatient department with 12 outpatient consulting rooms, one minor operations room, one colposcopy room, two treatment rooms and one dedicated ophthalmic examination room
- 27 inpatient rooms all with ensuite facilities, and 20 day care pods, five with ensuite facilities. All rooms and pods have a TV and free Wi-Fi access
- An imaging department with X-ray, ultrasound, MRI and cardiac MRI, CT, mammogram and fluoroscopy
- Three operating theatres, two of which have laminar air flow systems
- One endoscopy theatre
- A six bed post-anaesthetic care unit
- Two separate higher observation care beds
- Children and young people's service
- An on-site pharmacy
- A physiotherapy department and sports injury clinic
- A sterile services department
- Complimentary hot beverages
- Vending machines with snacks
- 24/7 resident doctor support
- Free parking

Emergency admissions

The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Gatwick Park we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01293 778 906**.

- 1 Use Spire Connect to upload the referral letter. Call **07702 883 774** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01293 778 919** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Gatwick Park Hospital provides a range of elective surgical services on behalf of the NHS, including orthopaedics and general surgery. You may refer patients to Spire Gatwick Park Hospital under the NHS choice regulations. Full details of the services provided can be found on, and referrals must be made via, the NHS e-Referral system.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to gatwickparkoutpatientspsc@spirehealthcare.com

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our Self-pay Team on:

Phone: **01293 778 906**

Email: **gatwickparkselfpaypsc@spirehealthcare.com**

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals for self-funding and PMI patients. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

NHS referrals

You may refer patients to Spire Gatwick Park Hospital under the NHS choice regulations. To see what NHS services are provided and to make a referral, please use the NHS e-Referral service.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy or pathology, select either one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact **Karen Watts** on **07702 883 774** or at karen.watts@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Gatwick Park Hospital Events**'

Call our Primary Healthcare Relationship Manager on **07702 883 774**

GP support

Spire Gatwick Park Hospital's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Manager

Our Primary Healthcare Relationship Manager is responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Gatwick Park Hospital.

The Primary Healthcare Relationship Manager can be contacted on:

Phone: **07702 883 774**

Email: karen.watts@spirehealthcare.com

Self-pay Team

Our Self-pay Team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for inpatient and daycase procedures, subject to patient pre-assessment
- Typically includes all consultant and hospital fees, outpatient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **01293 778 906**

Email: gatwickparkselfpaypsc@spirehealthcare.com

*Spire Healthcare patient terms and conditions apply.

Youngest age seen: Three

NHS trust base: Private practice only

Are your patients with medical insurance using it?

Nearly 1 in 8 of the British population has a private medical insurance policy but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson

Looking after you.

Miss Lucia Pelosini

Cataract, vision correction with premium toric and multifocal lenses, disease of the ocular surface, dry eyes, allergies, blepharitis and corneal disease, macular degeneration and diabetic retinopathy.

Youngest age seen: 18

NHS trust base: Kings College Hospital NHS Foundation Trust

Mr Ijaz Sheikh

Cataract surgery (routine and complex monofocal, toric and premium lens implants), intravitreal injections (macular degeneration and retinal vascular diseases), eyelid surgery and blepharoplasty, YAG laser (capsulotomy/selective laser trabeculoplasty) and dry and watery eyes.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Ms Pratibha Kumar Veeramani

Cataract surgery (including premium lens implants), macular degeneration, diabetic retinopathy, retinal vein occlusions, uveitis, eyelid cyst surgery, laser eye treatment (YAG laser capsulotomy), YAG laser capsulotomy, medical retina, including macular degeneration, retinal vein occlusions, diabetic eye disease, uveitis – inflammatory conditions of the eye, general ophthalmology conditions.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Orthopaedics – ankle and foot

Mr Stephen Bendall

Foot and ankle surgery, hallux rigidus, big toe joint replacement, SCARF osteotomy, minimally invasive foot surgery, flat foot surgery, ankle fusion, ankle replacement, ankle arthroscopy.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Sanjay Chougule

Hip replacement, knee replacement, knee arthroscopy, ankle arthroscopy, lower limb joint pain treatment (joint injections), foot and ankle surgery.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Richard Freeman

All aspects of foot and ankle surgery with interest in minimally invasive and arthroscopic surgery, management of sports injuries, complex trauma, including deformity correction and the management of bone infection.

Youngest age seen: Three

NHS trust base: Maidstone and Tunbridge Wells NHS Trust

Mr Mohan Lal

Foot and ankle surgery, sports injuries, lower limb surgery including joint replacement, hip and knee surgery.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr David Jonathan Redfern

Foot and ankle surgery, sports injuries, ankle instability, foot and ankle arthritis, adult flatfoot problems, hallux valgus, MICA bunion surgery (creator), hallux rigidus, lesser toe deformities and minimally invasive correction.

Youngest age seen: 18

NHS trust base: Private patients only

Mr James Ritchie

Achilles tendinopathy, achilles tendon ruptures, ankle arthritis, ankle fractures, ankle pain and sprain, arthritis, children's foot problems, claw toes, curly toes, diabetic foot problems, flat feet, foot fractures and pain, gait abnormalities, gout, great toe arthritis, hallux valgus, hallux rigidus, hammer toe, heel pain, heel spurs, leg pain, ligament problems, metatarsalgia, midfoot arthritis, plantar fasciitis, rheumatoid arthritis, Sever's disease, shin splints, sports injuries, stress fractures, tibialis posterior tendinopathy and toe deformities.

Youngest age seen: Three

NHS trust base: Private patients only

Orthopaedics – elbow and shoulder

Mr Arvind Mohan

Shoulder, elbow, hand and wrist surgery. Hand and wrist: carpal tunnel, cubital tunnel syndrome, trigger finger, Dupuytren's contracture, TFCC repair, wrist instability, arthritis. Shoulder: rotator cuff repair, instability, hydrodilatation of shoulder for frozen shoulder, rotator cuff impingement, ACJ arthritis. Elbow problems. Resurfacing and total joint replacement of shoulder, elbow, hand and wrist. Upper limb trauma. Wide awake hand and upper limb surgery and outpatient based upper limb procedures. Platelet rich plasma injections for tendinopathies including tennis elbow and golfer's elbow.

Youngest age seen: 18

NHS trust base: Croydon Health Services NHS Trust

Mr Vipul Patel

Specialist advice, treatment and guidance for shoulder and elbow conditions. Shoulder and elbow surgery including arthroscopy, treatment of sports injuries, fractures and joint replacements.

Youngest age seen: 18

NHS trust base: Epsom and St Helier University Hospitals NHS Trust and South West London Elective Orthopaedic Centre (SWLEOC).

Mr Surendra Patnaik

Shoulder and elbow surgery, rotator cuff repair, shoulder stabilisation surgery, shoulder replacement, elbow arthroscopy including arthroscopic tennis elbow surgery, carpal tunnel surgery, sports knee injury surgery, knee arthroscopy, meniscal repair, ACL reconstruction.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Thiyaga Selvan

Shoulder surgery, shoulder related sports injuries, trauma, arthroscopic shoulder surgery, shoulder replacement, frozen shoulder.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Orthopaedic – hand and wrist

Mr Murali Bhat

Upper limb specialist diagnosing all conditions affecting the neck to the finger, carpal tunnel/cubital tunnel, trigger finger, De-Quervain's, Dupuytren's, arthritis, tennis/golfer's elbow, rotator cuff impingement etc.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Sanjay Chougule

Hip replacement, knee replacement, knee arthroscopy, ankle arthroscopy, lower limb joint pain treatment (joint injections), foot and ankle surgery, carpal tunnel syndrome, trigger finger release.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Arvind Mohan

Shoulder, elbow, hand and wrist surgery. Hand and wrist: carpal tunnel, cubital tunnel syndrome, trigger finger, Dupuytren's contracture, TFCC repair, wrist instability, arthritis. Shoulder: rotator cuff repair, instability, hydrodilatation of shoulder for frozen shoulder, rotator cuff impingement, ACJ arthritis. Elbow problems. Resurfacing and total joint replacement of shoulder, elbow, hand and wrist. Upper limb trauma. Wide awake hand and upper limb surgery and outpatient based upper limb procedures. Platelet rich plasma injections for tendinopathies including tennis elbow and golfer's elbow.

Youngest age seen: 18

NHS trust base: Croydon Health Services NHS Trust

Orthopaedics – hip and knee

Mr Sandeep Chauhan

Full range of surgical treatments for knee problems including arthroscopic surgery, ligament reconstruction, partial and total knee replacement and revision knee surgery, sports injuries.

Youngest age seen: 18

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Sanjay Chougule

Hip replacement, knee replacement, knee arthroscopy, ankle arthroscopy, lower limb joint pain treatment (joint injections), foot and ankle surgery.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Majid Chowdhry

High tibial osteotomy, knee cartilage reconstruction/preservation, knee ligament reconstruction (ACL and PCL), collateral ligament reconstruction, meniscal repair, pelvic and acetabular surgery, revision hip and knee arthroplasty, total and partial knee replacements, total hip replacements.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Avadhoot Kantak

Arthroplasty of the hip and knee, arthroscopic procedures of the knee, soft-tissue repair in lower limbs, revision arthroplasty of the hip and knee, trauma and fracture treatment.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Praveen Panose

Hip surgery, knee surgery, arthroscopic surgery, arthroplasty, trauma, keyhole surgery, minimally invasive surgery.

Youngest age seen: Three

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Surendra Patnaik

Shoulder and elbow surgery, rotator cuff repair, shoulder stabilisation surgery, shoulder replacement, elbow arthroscopy including arthroscopic tennis elbow surgery, carpal tunnel surgery, sports knee injury surgery, knee arthroscopy, meniscal repair, ACL reconstruction.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Professor Benedict Rogers

Hip surgery, knee surgery, hip replacement, knee replacement, knee arthroscopy, sports injuries, trauma.

Youngest age seen: 12

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr George Tselentakis

Primary and revision knee replacement, ligament reconstruction, cartilage regeneration, knee arthroscopy, sports injuries.

Youngest age seen: 13

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Orthopaedics – paediatrics

Mr Thomas Crompton

General paediatric orthopaedics, bowlegs, bunions, cerebral palsy, flat feet, hip dysplasia, knee pain, knock knees, limb deformity, limb lengthening, concerns about scoliosis.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Kyle James

Paediatric orthopaedics: trauma, hip dysplasia, cerebral palsy, spina bifida, flat feet, knee pain, bowlegs and knock knees, foot deformities, limb deformity and limb lengthening.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Orthopaedics – spine

Mr Praveen Inaparthi

Spectrum of adult cervical and lumbar spinal pathology with specific interest in minimally invasive (keyhole) spinal surgery. Treatment of spinal conditions including disc prolapse, spinal stenosis, cervical myelopathy, decompression, discectomy, spinal fusion.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Will Kieffer

Spinal surgery, cervical and lumbar spine disorders, pain relief.

Youngest age seen: 12

NHS trust base: Surrey and Sussex Healthcare NHS Trust

P

Paediatricians

Dr Assad Butt

Paediatric gastroenterology: inflammatory bowel disease, functional gastrointestinal disease, vomiting and gastroesophageal reflux, eosinophilic oesophagitis, coeliac disease, faltering growth, nutritional deficiencies, intestinal failure and parenteral nutrition support, chronic diarrhoea, food intolerances.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Thomas Crompton

General paediatric orthopaedics, bowlegs, bunions, cerebral palsy, flat feet, hip dysplasia, knee pain, knock knees, limb deformity, limb lengthening, concerns about scoliosis.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Dr Jessie Felton

Paediatric dermatology, careful and knowledgeable care of children with all kinds of skin problems, including eczema, birthmarks, rashes, urticaria, psoriasis, moles and viral warts. Multiple academic publications in the field of eczema genetics and rare paediatric skin conditions.

Youngest age seen: Any

NHS trust base: Croydon Health Services NHS Trust, University Hospitals Sussex NHS Foundation Trust

Dr Michael Hii

Paediatric gastroenterology: inflammatory disease, chronic abdominal pain, constipation, gut related food allergy, gastroesophageal reflux, chronic diarrhoea, sugar intolerances (fructose/lactose/sucrose), small intestinal bacterial overgrowth, gut investigations including 24 hour PH study, hydrogen (fructose/sucrose/lactose/glucose) breath tests and endoscopy (colonoscopy and gastroscopy), video capsule endoscopy.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Kyle James

Paediatric orthopaedics: trauma, hip dysplasia, cerebral palsy, spina bifida, flat feet, knee pain, bowlegs and knock knees, foot deformities, limb deformity, limb lengthening.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Dr Majeed Jawad

General Paediatrician specialising in cardiology, respiratory and allergy.

Youngest age seen: Any

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Venu (Venugopalan) Poothirikovil

Paediatric cardiology including murmur, bluishness, shortness of breath, recurrent chest infections, chest pain, palpitation, syncope. Screening of children with family history of heart disease including sudden unexpected death. Extensive experience in managing other general paediatric issues related to allergy, stomach upset, fits and funny turns, growth issues etc. Paediatric echocardiogram.

Youngest age seen: Any

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Dr Ajith Prasad

General Paediatrician specialising in paediatric allergy diagnosis and management of various allergic conditions in children, including food allergy, hay fever, eczema, chronic urticaria.

Youngest age seen: Any

NHS trust base: Epsom and St Helier University Hospitals NHS Trust

Dr Bindu Radha

General Paediatrician specialising in paediatric allergy, general paediatric health issues and newborn care.

Youngest age seen: 0 – 16 only

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Professor CK Sinha

Paediatric urologist. General paediatric surgery, upper GI surgery, lower GI surgery, minimally invasive surgery, paediatric vascular anomalies.

Youngest age seen: Any

NHS trust base: St George's University Hospitals NHS Foundation Trust

Pain management

Dr Jones Kurian

Lumbar pain, myofascial pain, epidural steroid injection, nerve root block, peripheral nerve block, stellate ganglion block, trigger point injection, radiofrequency ablation.

Youngest age seen: 18

NHS trust base: Private patients only

Dr Debajit Phukan

Lumbar pain, myofascial pain, neuropathic pain, epidural steroid injection, nerve root block, peripheral nerve block, stellate ganglion block, trigger point injection, radiofrequency ablation.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Nishit Sud

Pain medicine, back pain, fibromyalgia, knee pain, neck pain, epidural steroid injection, lumbar/thoracic/cervical facet joint/medial branch block, nerve root block, peripheral nerve blocks, radiofrequency procedures, sacroiliac joint injection, stellate ganglion block, trigger point injection.

Youngest age seen: 18

NHS trust base: Kingston and Richmond NHS Foundation Trust

Plastic surgery

Mr Baljit Dheansa

Aesthetic breast surgery, breast reconstruction, abdominoplasty, facial plastic surgery, rhinoplasty, pinnaplasty, eyelid surgery, liposuction, labial reduction, skin cancer surgery, scar revision, surgery after excessive weight-loss.

Youngest age seen: Three

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Mr Asit Khandwala

Cosmetic surgery, hand surgery, skin cancer, breast augmentation, breast reduction, breast uplift, ear pinning, abdominoplasty, liposuction, facelift and neck lift, reconstructive surgery, eyes or blepharoplasty, medicolegal reports.

Youngest age seen: Six

NHS trust base: Queen Victoria Hospital NHS Foundation Trust

Podiatry and podiatric surgery

Mr James Alvey

Bunions, toe deformities, neuroma, foot surgery.

Youngest age seen: 18

NHS trust base: Sussex Community NHS Foundation Trust

Mr Eoin Baldwin

Foot surgery, bunions, toe deformities, arthritic joints, soft tissue pathologies.

Youngest age seen: Any

NHS trust base: Private patients only

Mr Jared Green

Podiatric sports injuries and lower limb musculoskeletal pathologies; iliotibial band friction syndrome, activity induced knee pain, heel pain, plantar fasciitis, bruised heel syndrome, shin splints flat feet, high arched feet tendonitis; sprain, strain, podopaediatrics; in toeing, out toeing, nail surgery, verrucae treatments, diabetic foot screen.

Youngest age seen: Three

NHS trust base: Sussex Community NHS Foundation Trust

Mr Deepak Pabari

Comprehensive surgical, medical and orthotic management of foot and ankle pathology. Hallux valgus, hallux rigidus, hammer toes, tailor's bunionette, neuroma, ganglion, ingrowing toenails, tendon pathology, plantar fasciitis, foot and ankle arthritis, ultrasound guided injections, shockwave.

Youngest age seen: One

NHS trust base: Private patients only

Spire

Gatwick Park Hospital

Specialist children's services

When a child is unwell, everyone wants them to get better quickly.

That's why we work with expert paediatric consultants to run a surgery service for children aged three and over, plus outpatient appointments from birth.

Whether a child needs tests or treatment, we can offer quick and convenient appointments.

Services include:

- Audiology
- Cardiology
- Dermatology
- Ear, nose and throat (ENT)
- Endocrinology
- Gastroenterology
- General paediatrics
- General surgery
- Ophthalmology
- Orthopaedics and spinal
- Physiotherapy
- Plastic surgery
- Podiatry
- Rheumatology
- Sports injury
- Urology

R

Respiratory medicine

Dr Udipi Acharya

Asthma, lung tumours, obstructive sleep apnoea, persistent cough, pleural disease, recurrent respiratory infections, type 2 respiratory failure, unexplained breathlessness.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Edward Cetti

Chronic cough, asthma, COPD, breathlessness, bronchiectasis, lung cancer, lung nodules, lung fibrosis, interstitial lung disease, lung infections, CAA asthma medicals.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Rheumatology

Dr Raad Makadsi

Inflammatory arthritis, osteoarthritis, osteoporosis, soft tissue rheumatism, muscle disease, connective tissue disease/vasculitis.

Youngest age seen: 12

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Dr Simon Paul

General rheumatology, musculoskeletal rehabilitation, inflammatory joint and spinal disease, regional and widespread pain syndromes, neck and back pain, gout, sports injuries and rehabilitation.

Youngest age seen: 18

NHS trust base: Private patients only

U

Urology

Mr Ammar Alanbuki

Andrology and minimal invasive prostate surgery (UroLift®), aquablation of prostate robotic kidney surgery, laser kidney stones, urodynamics, urogynaecology.

Youngest age seen: 18

NHS trust base: University Hospitals Sussex NHS Foundation Trust

Mr Shahid Khan

Prostate cancer, bladder cancer, kidney stones, endourology and percutaneous stone surgery, laser prostate surgery.

Youngest age seen: 12

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Junaid Masood

Stones specialist, UTI, metallic urinary stenting, LUTS, BPH, haematuria, general urology, vasectomy.

Youngest age seen: 18

NHS trust base: Barking, Havering and Redbridge University Hospitals NHS Trust

Mr Panagiotis Papikinos

Prostate cancer diagnosis, minimally invasive prostate surgery, voiding dysfunction, stone disease, superficial bladder cancer, overactive bladder syndrome, recurrent UTIs.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Professor Abhay Rane

Male health, minimally invasive treatment for prostate enlargement, stones, circumcision, bladder issues, microsurgical vasectomy reversal.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Michael Swinn

Microsurgical vasectomy reversal, voiding dysfunction, female urology, prostate cancer, bladder cancer.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

Mr Michael Wanis

Surgery for benign prostate enlargement (including aquablation, UroLift®, Rezūm and TURP), foreskin problems, scrotal swelling, keyhole surgery for kidney stones, blood in the urine, prostate cancer diagnostics, urinary tract infection, erectile dysfunction, pelvic pain.

Youngest age seen: 18

NHS trust base: Surrey and Sussex Healthcare NHS Trust

V

Vascular surgery

Mr Gary Maytham

The management of varicose veins, peripheral vascular disease, aortic aneurysms, carotid disease, lymphoedema.

Youngest age seen: 18

NHS trust base: St George's University Hospitals NHS Foundation Trust
