Spire Clare Park Hospital is set in an idyllic location and has the best clinical staff in the greater Farnham area.

Mr Mark Thomas, MAC Chairman and Orthopaedic Surgeon at Spire Clare Park Hospital

About Spire Clare Hospital

At Spire Healthcare we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

It's our people that really set us apart

We know that you insist on the highest standards of care for the patients who put their trust in you, and you can be sure that our team will continue that care. For us it's more than just treating patients, it's about giving patients, their family and friends the most positive experience we possibly can in our hospital.

Our consultants

Every consultant working at Spire Clare Park Hospital is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure that they are looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care.

Our nursing staff

All our nurses are highly qualified and dedicated to caring for patients in a professional manner. For ultimate reassurance, we have a fully trained clinical team equipped to deal with medical emergencies 24 hours a day.

All the facilities you'd expect and more

- Our 30 private rooms are set in pleasant surroundings and all have satellite television, free wifi access and personal nurse call system

In addition to our private rooms, we offer:

- 13 consulting rooms
- Three operating theatres, including two laminar flow theatres
- An endoscopy suite
- Multiple outpatient procedure rooms
- Multiple outpatient testing and treatment rooms
- On-site CSSD – decontamination and sterilisation department
- Paediatric services
- Diagnostic suite
- Pharmacy
- Quality assurance
- CQC registered

Emergency admissions

Call **01252 850 216** and ask for the nurse in charge. The hospital **does not** have an accident and emergency facility.

How to refer your patients

At Spire Clare Park we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01252 895 490**.

- 1 Use Spire Connect to upload the referral letter.
Email m4salesandmarketing@spirehealthcare.com if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01252 895 433** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

NHS referrals

Spire Clare Park Hospital provides a range of elective surgical services on behalf of the NHS, including general surgery and orthopaedics. You may refer patients to Spire Clare Park Hospital under the NHS choice regulations. Full details of the services provided can be found on, and referrals must be made via, the NHS eReferral system.

Referral letters can be submitted online at

<https://spireconnect.spirehealthcare.com/>

Please include the patients NHS number'

Self-funding patients

For help in arranging self-funded consultations and treatment, including guide prices for investigations and surgery, please ask patients to contact our self-pay team on:

Phone: **01252 895 490**

cservice-cp@spireclarepark.com

info@spireclarepark.com

Our fixed price packages* offer the following benefits:

- No waiting lists
- Fast access to leading consultants
- Treatment dates to suit the patient
- Personalised support and care

Typical treatments that can be self-funded:

- Back pain treatment
- Cataract surgery
- Cosmetic surgery
- CT, MRI and ultrasound scans
- Endoscopy procedures
- Hernia repair
- Knee, hip, or shoulder surgery
- Varicose vein treatment

Finance payment options are available for patients who wish to spread the cost of their treatment.

*Please see a copy of Spire Healthcare's patient terms and conditions for full details. Prices vary per treatment and are dependent on each patient's individual circumstances and needs.

Urgent/unplanned admissions

If you have a specific consultant to refer to and you have their contact details, you can organise this with them directly. Alternatively, you can call us and ask for the 'nurse in charge' of the wards, who will take initial details of the patient and organise the consultant for you.

The hospital does not have an accident and emergency facility.

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals for self-funding and PMI patients. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, please contact the team on m4salesandmarketing@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are generally evening or half-day sessions to provide flexibility to you.

[How to find out about our events](#)

Search '**Spire Clare Park GP Education**'

Email our Primary Healthcare Relationship Managers at m4salesandmarketing@spirehealthcare.com

GP support

Spire Clare Park's onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Primary Healthcare Relationship Managers

Our Primary Healthcare Relationship Managers are responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Clare Park Hospital.

The team can be contacted on:
m4salesandmarketing@spirehealthcare.com

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **01252 895 490**

Email: info@spireclarepark.com

Email: cservice-cp@spireclarepark.com

*Spire Healthcare patient terms and conditions apply.

Ultrasound imaging services include:

- Breast
- General and Musculoskeletal
- Interventional including injections/aspirations and biopsies
- Vascular ultrasound (arterial and venous doppler)

Appointments: **01252 895 427**

Are your patients with medical insurance using it?

Nearly 1 in 8 of the British population has a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson
