Take a look
at our clinic

About Spire Harrogate Clinic

At Spire Harrogate Clinic we are committed to delivering excellent individual care and customer service to all our patients, from the first time that they get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently achieve excellent results, in a safe and secure environment. For us it's more than just treating patients, it's about looking after people, and the safety of our patients and colleagues is our number one priority.

Why choose Spire Harrogate Clinic for your patients?

- Every consultant working at the clinic is on the specialist register of the General Medical Council and has met our practising privileges criteria. We know continuity of care is important. Once a patient has chosen their consultant, we will make sure they are looked after by the same consultant, from the first appointment and throughout all treatment and follow-up care
- Appointments are available quickly, sometimes on the same day
- Both insured patients and those paying for their own treatment are welcome

- We offer a range of self-funding payment methods including finance, and fixed price packages for peace of mind
- Our highly skilled nursing team help contribute to better patient outcomes
- We treat every patient as an individual, providing personalised care throughout their treatment

All the facilities you'd expect and more

Spire Healthcare has invested 15 million building this state-of-the-art ambulatory care facility offering a number of benefits to the local community.

The clinic benefits from:

- Ambulatory care theatre with 25 air change/hour
- Dedicated ophthalmology suite
- Seven consulting rooms
- Radiology facilities, including x-ray, ultrasound and echocardiology
- State-of-the-art MRI suite
- A dedicated phlebotomy room
- A discharge suite with 6 recovery pods
- A private GP service

How to refer your patients

At Spire Harrogate Clinic we are committed to delivering excellent individual care and customer service to all our patients, from the time they first get in touch with us until after their treatment is complete. Our dedicated and highly trained people aim to consistently deliver excellent patient care, in a safe and secure environment. We work to ensure every patient is treated as if they were our own vulnerable relative.

Self-funding patients

Self-funding patients are able to be seen by a consultant without a GP referral, although a letter is often preferred. We can provide a tailored fixed price inclusive care package* with no hidden extras on a range of diagnostic tests, treatments and surgical procedures. For more information, please call our Self-pay team on **01423 225 560**.

- 1 Use Spire Connect to upload the referral letter. Call **01423 225 560** if you have any queries.
- 2 Our team will contact your patient to discuss consultants, dates, times and pricing.
- 3 We'll update you on your patients' progress.

Patients with private medical insurance

A referral letter is generally required from you before any insured patient can be seen by a consultant. Patients can call our bookings team on **01423 225 560** to arrange a convenient appointment.

- 1 Use Spire Connect to refer your patient. All patients using private insurance will need a referral letter.
- 2 Our team will contact your patient to discuss consultants, times and dates.
- 3 Your patient needs to contact their insurer to make sure they are covered for their appointment to see their chosen consultant.
- 4 We'll update you on your patients' progress.

Referral letters

Referral letters can be:

- Submitted online at <https://spireconnect.spirehealthcare.com/>
- Emailed with encryption to spireharrogate_reception@spirehealthcare.com

Treatments at Spire Healthcare Harrogate Clinic

Dedicated to outpatient appointments, diagnostic testing and day-case procedures, the clinic offers a broad scope of specialties and can provide care across a range of treatments, all safely performed under local anaesthesia.

Specialties include:

- Cardiology
- Cosmetic
- Dermatology
- Endocrinology
- Gastroenterology
- General surgery
- Gynaecology
- Neurology
- Ophthalmology
- Orthopaedics
- Paediatric services
- Pain management
- Radiology
- Spinal
- Spire GP
- Urology
- Women's health

Working closely with our network of Spire facilities, patients requiring general anaesthesia, can opt to continue their care at our local Spire Hospitals:

- Spire Elland Hospital
- Spire Leeds Hospital
- Spire Methley Park Hospital

GP online referral guide

Spire Connect enables practice staff to log in and send secure, instant online referrals to Spire Healthcare hospitals for self-funding and PMI patients. The system is designed to be as simple and efficient as possible, while protecting all confidential information within secure servers. It's our people that really set us apart.

Visit <https://spireconnect.spirehealthcare.com> or click on Spire Connect from the GP information and resources tab on our website.

GP registration

When you access Spire Connect for the first time you will be required to register a few personal details to allow you access to the site and grant you permission to make referrals.

The GP information and resources area will also contain information from Spire Healthcare specifically for GPs including news on our forthcoming GP events.

Making a referral

To make a referral click on the 'Make an online referral' link and complete all relevant details. The referrals for each patient will need to come from the GP making the referral.

Imaging and other referral types

You can make referrals for radiological investigations by selecting 'Radiology' under the specialty list. To make a referral for physiotherapy, podiatry, dietetics, psychology etc, select one of these from under 'Allied Health Professionals' in the specialty list.

Attaching patient notes

It is possible to attach patient notes to the form, however the ease of this will depend on your own patient record software. Take a look at the options available in your software to see if records can be 'exported' or 'saved as' to your desktop. Then from there you can attach them to this form. You will need to save the notes in a common format such as a text or word document (.rtf, .pdf, .doc, .txt), a spreadsheet (.xls or .csv) or an image format (eg .bmp, .jpg). Then click the 'send referral' button at the bottom of the page to submit the referral.

For more information on Spire Connect, contact Liz McNicholas at liz.mcnicholas@spirehealthcare.com

GP education

We provide regular GP conferences and evening seminars, which take the form of lectures, Q&As, demonstrations and clinical case presentations by our specialist consultants.

Our events are **free of charge** and are held both at the clinic and virtually to provide flexibility for you. We can also bring the sessions to your workplace, perfect for lunch and learns or your protected learning time where you can learn without the travel. Choose from a variety of topics relevant to your team's needs.

How to find out about our events

Search '**Spire Harrogate GP Education**'

Call our Events and Engagement Manager on **07596 881 537**

Email us at liz.mcnicholas@spirehealthcare.com

2026 Dates for your diary

GP support

Spire Harrogate Clinic onsite teams offer prompt and friendly assistance for GPs and primary care professionals to help you in looking after your patients.

Events and Engagement Manager

Our Events and Engagement Manager is responsible for liaising with GP practices and other primary care professionals. Their role is to familiarise you with our services and consultants and to make it as easy as possible for your patients to be seen and treated at Spire Harrogate Clinic.

The team can be contacted on:

Phone: **07596 881 537**

Email: liz.mcnicholas@spirehealthcare.com

Self-pay Team

Our self-pay team are here to help with arranging self-pay consultations and treatment, including guide prices for investigations and surgery.

One-off private treatment at a fixed price*

- Available for in-patient and day-case procedures, subject to patient pre-assessment
- Normally includes all consultant and hospital fees, out-patient physiotherapy and one follow up appointment
- Treatment of complications*

Patients can contact the team on:

Phone: **01423 225 560**

Email: spireharrogate_reception@spirehealthcare.com

*Spire Healthcare patient terms and conditions apply.

Are your patients with medical insurance using it?

Nearly 1 in 8 of the British population has a private medical insurance policy – but not everyone uses it*. If everyone who was eligible got treated using their cover, just imagine the impact this would have on NHS waiting lists.

We always encourage patients to tell their GP if they have PMI. Why not ask them too?

*Healthcare Cover UK Market Report (Fifteenth Edition), Laing Buisson
